The Republic of China Yearbook is an important reference that offers a comprehensive overview of Taiwan and its people. Drawn from a broad range of reliable and official sources, the yearbook chronicles Taiwan's major social, political and economic developments from the previous year while also describing major elements of the

government's policies.

Split/Mixed Independently Published
A dual language edition in English and French. The genocide in Rwanda shocked the world. Back then, Ery Nzaramba was only a teenager and his family's escape to Europe turned him into a "survivor". How should he now respond to questions about who he is and where he comes from? In this autobiographical one-man play, performed to acclaim on the Edinburgh Festival Fringe, the author journeys back to his Rwandan childhood. With the help of a cassette player, he brings to life nearly a dozen characters, exploring memories of

kinship, cultural attitudes and personal identity. Both funny and poignant, the play highlights not only the intolerance that can breed violence and war but also the importance of power and privilege in the struggle for survival. Le g é nocide au Rwanda a choqu é le monde. À l' é poque, Ery Nzaramba é tait un adolescent. Apr è s que sa famille se fut é chapp é en Europe, il est devenu un « survivant » . D é sormais, que doit-il r é pondre à des questions sur qui il est et d'o ù il vient? Dans ce one-man show autobiographique, salu é par la critique lors de sa pr é sentation au Festival d' É dimbourg, l'auteur retourne vers son enfance au Rwanda. Accompagn é d'un lecteur cassette, il donne vie à une bonne douzaine de personnages, explorant souvenirs de famille et d'affinit é s, attitudes culturelles et identit é . À la fois poignante et pleine d'humour, la pi è ce met en lumi è re non seulement l'intol é rance qui peut engendrer violence et guerre, mais aussi l'importance du privil è ge dans la lutte pour la survie. ERY NZARAMBA Ery Nzaramba left Rwanda to settle in Belgium in 1994. Ten years later he moved to the UK for an acting career. In 2014 Ery started working with director Peter Brook

and long-time collaborator Marie-H é l è ne Estienne, featuring in world tours of Battlefield and The Suit. Ery has been awarded two Grants for the Arts by Arts Council England and an Arvon Grant for his writing. He has written and directed short films; Split/Mixed is his first piece written for theatre. He wrote the first draft in 2013 and was invited to perform it in New York, Berlin, and Belfast. The play continued to be developed and its current version premiered to critical acclaim at the Edinburgh Fringe Festival in 2016. "Every time someone asks where I ' m from, it ' s a reminder of how lucky and privileged I ' ve been. In 1994 Rwanda was in the news for all the wrong reasons. It was being torn apart by a civil war and a genocide. Unlike millions of others who couldn ' t, my family escaped. Because we could. And we got all the support in the world because we were "refugees". But were we, really? Would I be able to look in the eye of one of the other millions of Rwandans who couldn ' t leave the country and say "I ' m a refugee"? I've lived in Europe for nearly a quarter of a century now, and though I ' m no longer a refugee, that question has continued to haunt me. So I decided to write

Rebecca Solnit has made a vocation of journeying into difficult territory and reporting back, as an environmentalist, antiglobalization activist, and public intellectual. *Storming the Gates of Paradise*, an anthology of her essential essays from the past ten years, takes the reader from the Pyrenees to the U.S.--Mexican border, from San Francisco to London, from open sky to the deepest mines, and from the antislavery struggles of two hundred years ago to today's street protests. The nearly forty essays collected here comprise a unique guidebook to the American landscape after the millennium—not just the deserts, skies, gardens, and wilderness areas that have long made up Solnit's subject matter, but the social landscape of democracy and repression, of borders, ruins, and protests. She ventures into territories as dark as prison and as sublime as a broad vista,

revealing beauty in the harshest landscape and political struggle in the most apparently serene view. Her introduction sets the tone and the book's overarching themes as she describes Thoreau, leaving the jail cell where he had been confined for refusing to pay war taxes and proceeding directly to his favorite huckleberry patch. In this way she links pleasure to politics, brilliantly demonstrating that the path to paradise has often run through prison. These startling insights on current affairs, politics, culture, and history, always expressed in Solnit's pellucid and graceful prose, constantly revise our views of the otherwise ordinary and familiar. Illustrated throughout, *Storming the Gates of Paradise* represents recent developments in Solnit's thinking and offers the reader a panoramic world view enriched by her characteristically provocative, inspiring, and hopeful observations.

A rotorcraft is a class of aircraft that uses large-diameter rotating wings to accomplish efficient vertical take-off and landing. The class encompasses helicopters of numerous configurations (single main rotor and tail rotor, tandem rotors, coaxial rotors), tilting proprotor aircraft, compound helicopters, and many other innovative configuration concepts. Aeromechanics covers much of what the rotorcraft engineer needs: performance, loads, vibration, stability, flight dynamics, and noise. These topics include many of the key performance attributes and the often-encountered problems in rotorcraft designs. This comprehensive book presents, in depth, what engineers need to know about modelling rotorcraft aeromechanics. The focus is on analysis, and calculated results are presented to illustrate analysis characteristics and rotor behaviour. The first third of the book is an introduction to rotorcraft aerodynamics,

blade motion, and performance. The remainder of the book covers advanced topics in rotary wing aerodynamics and dynamics.
