Dialogues between Media DC

Set in the imaginative realm of the award-winning comic book series FABLES, this book takes place long ago, in the deepest dark of The Black Forest. Two brothers—Peter Piper and his older brother Max—encounter ominous forces that change them both irreparably. Thus begins an epic tale of sibling rivalry, magic, music and revenge that spans medieval times to the present day, when their deadly conflict surfaces in the placid calm of modern day Fabletown. PETER & MAX: A FABLES NOVEL features the prose of award-winning comic book writer Bill Willingham and the lush ink drawings of FABLES artist Steve Leialoha. The novel also reveals secrets of some of the regular FABLES series cast members including Bigby Wolf, Frau Totenkinder and Bo Peep. Also included is an 8-page sequential story by Willingham and Leialoha that serves as a bridge to the FABLES titles.

Fables Compendium Four Gale, Cengage Learning

In 2002, Vertigo/DC Comics published the first issue of Bill Willingham's Fables. The series imagined the lives of fairy tale figures—Snow White, the Big Bad Wolf, Cinderella and the ubiquitous Prince Charming, among many others—as they made new lives for themselves in modern-day New York City, having fled their storied homeworlds following an invasion. After 150 issues and many awards, Fables concluded its run in July 2015. This study, the first about the sprawling, complex

series, discusses such topics as Fables' status as a contemporary adaptation of folk and fairy tales; its use of conventional genres like sword-and-sorcery, crime and romance; its portrayal of social and political relationships; and its self-referential moments. Providing a detailed introduction to the themes and ideas in the series, the author explores how Fables portrays redemption, the function of community, and how our hopes and fears influence our ideal of "happily ever after."

Y, the last man Vertigo

Analyzes Orwell's famous satire, describes its background and themes, and looks at its cultural reception

Fables: The Wolf Among Us Vol. 1 DC Comics

A beautiful graphic adaptation of George Orwell's timeless and timely allegorical novel. "All animals are equal, but some animals are more equal than others." In 1945, George Orwell, called "the conscience of his generation," created an enduring, devastating story of new tyranny replacing old, and power corrupting even the noblest of causes. Today it is all too clear that Orwell's masterpiece is still fiercely relevant wherever cults of personality thrive, truths are twisted by those in power, and freedom is under attack. Now, in this fully authorized edition, the artist Odyr translates the world and message of Animal Farm into a gorgeously imagined graphic novel. Old Major, Napoleon, Squealer, Snowball, Boxer, and all the animals of Animal Farm come to life in this

newly envisaged classic. From his individual brushstrokes to the freedom of his page design, Odyr's adaptation seamlessly moves between satire and fable and will appeal to all ages, just as Orwell intended.

Disguised among the "mundys," their name for normal citizens of modern-day New York, these magical characters created their own secret society that they call Fabletown.
