When you buy fabric in yards they don't measure the width of the fabric but you have to consider this question

also – how wide is a yard of fabric?

Because when you are buying one yard of fabric you are getting a piece with this dimensions: 1 yard x the width of the fabric. It's important for your sewing project but for the store it doesn't matter how wide the fabric is – they count only the length of the fabric in yards.

*Amazon.com: fabric by the yard*
