Over 70 in-depth interviews of Fintech Founders provide lessons from some of the most successful fintech entrepreneurs that will help you understand the challenges and opportunities of applying technology and collaboration to solve some key problems of the financial services industry. This book is for entrepreneurs, for people working inside of large organizations and everyone in between who is interested to learn the secrets of successful entrepreneurs. In this advice-filled resource, Rubini gathers advice that comes from a diverse range of financial services niches including financing, banking, payments, wealth management, insurance, and cryptocurrencies, to help you harness the insights of thought leaders. Those working inside the financial services industry and those interested in working in or starting up businesses in financial services will learn valuable lessons on how to take an idea forward, how to find the right business founders, how to seek funding, how to learn from initial mistakes, and how to define and reposition your business model. Rubini also inquires into the future of fintech and uncovers provoking and insightful predictions.

[The Works of William Shakespeare in Reduced Facsimile from the Famous Folio Edition of 1623](#) Yen Press LLC

In the high-pressure quest to make a sale, acquire a contract, and beat out other bidders, sales professionals frequently resort to cutting prices, offering discounts, or making other concessions that cut into their operating margins—short-term strategies that are destructive to the long-term sustainability of their business. *High-Profit Selling* helps readers understand that their sales goal shouldn't simply be to sell more, but to sell more at a higher price—and that success comes only to those focused on profitable sales. This eye-opening book shows readers how to: Avoid negotiating to customers; Match the benefits of their product or service with the customer's needs and pains; Confidently communicate value; Successfully execute a price increase with existing customers; Ensure prospects are serious and not shopping for price. Too many salespeople believe that a sale at any price is better than no sale at all. This powerful guide helps move readers toward a profit-centered approach that will strengthen their relationships and increase their bottom line.

[How I Play](#) Oxford University Press

The Mamba Mentality: How I Play is Kobe Bryant's personal perspective of his life and career on the basketball court and his exceptional, insightful style of playing the game—a fitting legacy from the late Los Angeles Laker superstar. In the wake of his retirement from professional basketball, Kobe "The Black Mamba" Bryant decided to share his vast knowledge and understanding of the game to take readers on an unprecedented journey to the core of the legendary "Mamba mentality." Citing an obligation and an opportunity to teach young players, hardcore fans, and devoted students of the game how to play it "the right way," *The Mamba Mentality* takes us inside the mind of one of the most intelligent, analytical, and creative basketball players ever. In his own words, Bryant reveals his famously detailed approach and the steps he took to prepare mentally and physically to not just succeed at the game, but to excel. Readers will learn how Bryant studied an opponent, how he channeled his passion for the game, how he played through injuries. They'll also get fascinating granular detail as he breaks down specific plays and match-ups from throughout his career. Bryant's detailed accounts are paired with stunning photographs by the Hall of Fame photographer Andrew D. Bernstein. Bernstein, long the Lakers and NBA official photographer, captured Bryant's very first NBA photo in 1996 and his last in 2016—and hundreds of thousands in

between, the record of a unique, twenty-year relationship between one athlete and one photographer. The combination of Bryant's narrative and Bernstein's photos make *The Mamba Mentality* an unprecedented look behind the curtain at the career of one of the world's most celebrated and fascinating athletes.

[Motivate Yourself and Your Team](#) Macmillan

From Marie Phillips, hailed by the Guardian Unlimited website as a "hot author" destined to "break through" in 2007, comes a highly entertaining novel set in North London, where the Greek gods have been living in obscurity since the seventeenth century. Being immortal isn't all it's cracked up to be. Life's hard for a Greek god in the twenty-first century: nobody believes in you any more, even your own family doesn't respect you, and you're stuck in a dilapidated hovel in North London with too many siblings and not enough hot water. But for Artemis (goddess of hunting, professional dog walker), Aphrodite (goddess of beauty, telephone sex operator) and Apollo (god of the sun, TV psychic) there's no way out... until a meek cleaner and her would-be boyfriend come into their lives and turn the world upside down. *Gods Behaving Badly* is that rare thing, a charming, funny, utterly original novel that satisfies the head and the heart.

[Craig's Restorative Dental Materials](#) Sourcebooks, Inc.

For more than 50 years, low-cost antimalarial drugs silently saved millions of lives and cured billions of debilitating infections. Today, however, these drugs no longer work against the deadliest form of malaria that exists throughout the world. Malaria deaths in sub-Saharan Africa "currently just over one million per year" are rising because of increased resistance to the old, inexpensive drugs. Although effective new drugs called "artemisinins" are available, they are unaffordable for the majority of the affected population, even at a cost of one dollar per course. *Saving Lives, Buying Time: Economics of Malaria Drugs in an Age of Resistance* examines the history of malaria treatments, provides an overview of the current drug crisis, and offers recommendations on maximizing access to and effectiveness of antimalarial drugs. The book finds that most people in endemic countries will not have access to currently effective combination treatments, which should include an artemisinin, without financing from the global community. Without funding for effective treatment, malaria mortality could double over the next 10 to 20 years and transmission will intensify.

Outlines a mystical theology and experience of the sacred founded on the absence of god. Originally published in 1943, *Inner Experience* is the single most significant work by one of the twentieth century's most influential writers. It outlines a mystical theology and experience of the sacred founded on the absence of god. Bataille calls *Inner Experience* a "narrative of despair," but also describes it as a book wherein "profundity and passion go tenderly hand in hand." Herein, he says, "The mind moves in a strange world where anguish and ecstasy take shape." Bataille's search for experience begins where religion, philosophy, science, and literature leave off, where doctrines, dogmas, methods, and the arts collapse. His method of meditation, outlined and documented here, commingles horror and delight. Laughter, intoxication, eroticism, poetry, and sacrifice are pursued not as ends in and of themselves but as means of access to a sovereign realm of inner experience. This new translation is the first to include *Method of Meditation and Post-Scriptum 1953*, the supplementary texts Bataille added to create the first volume of his *Summa Atheologica*. This edition also offers the full notes and annotations from the French edition of Bataille's *Oeuvres Complètes*, along with an incisive introductory essay by Stuart Kendall that situates the work historically, biographically, and philosophically.

In 1920's England, a young woman searches for the truth behind her uncle's mysterious death in a town haunted by a restless ghost... Oxford student Jillian Leigh works day and night to keep up with her studies—so to leave at the beginning of the term is next to impossible. But after her uncle Toby, a renowned ghost hunter, is killed in a fall off a cliff, she must drive to the seaside village of Rothwell to pack up his belongings. Almost immediately, unsettling incidents—a book left in a cold stove, a gate swinging open on its own—escalate into terrifying events

that convince Jillian an angry spirit is trying to enter the house. Is it Walking John, the two-hundred-year-old ghost who haunts Blood Moon Bay? And who beside the ghost is roaming the local woods at night? If Toby uncovered something sinister, was his death no accident? The arrival of handsome Scotland Yard inspector Drew Merriken, a former RAF pilot with mysteries of his own, leaves Jillian with more questions than answers—and with the added complication of a powerful, mutual attraction. Even as she suspects someone will do anything to hide the truth, she begins to discover spine-chilling secrets that lie deep within Rothewell...and at the very heart of who she is.

The African Slave Trade from the Fifteenth to the Nineteenth Century Carson-Dellosa Publishing

The award winning author of *Tear This Heart Out* writes a compilation of deeply personal stories imbued with the human spirit, driven by different powerful women connected by desire. Each story in this "remarkable collection" (Kirkus Reviews) reveals a different woman, yet all are linked by a single thread: the strength of desire. Vibrant, sly, wise, earthy, and full of life, these are stories that mesmerize.

The Outrageous, Uplifting, and Heartbreaking World of Fantasy Sports from the Guy Who's Lived it Penguin

An awe-inspiring compilation of the most uplifting and powerful real-life stories from readers of the worldwide bestseller *The Secret*. Discover how everyday people completely transformed their lives by applying the teachings of *The Secret*. Since the very first publication of *The Secret* a decade ago, Rhonda Byrne's bestselling book has brought forth an explosion of real people sharing real stories of how their real lives have miraculously changed for the better. How *The Secret Changed My Life* presents a selection of the most heartwarming and moving stories in one inspirational volume. Each story provides an authentic, real-life illustration of the pathway that leads to success in every area of life: money, health, relationships, love, family, and career. The people in *How The Secret Changed My Life* show time and again that no one is excluded from living the life of their dreams.

An inside assessment of the world of fantasy sports by the ESPN Senior Fantasy Analyst reveals the life-shaping impact of the multi-billion-dollar national pastime while chronicling his own rise to a leading figure in fantasy sports.

Catalog Humana Press

This book is a tribute to Professor Pedro Gil, who created the Department of Statistics, OR and TM at the University of Oviedo, and a former President of the Spanish Society of Statistics and OR (SEIO). In more than eighty original contributions, it illustrates the extent to which Mathematics can help manage uncertainty, a factor that is inherent to real life. Today it goes without saying that, in order to model experiments and systems and to analyze related outcomes and data, it is necessary to consider formal ideas and develop scientific approaches and techniques for dealing with uncertainty. Mathematics is crucial in this endeavor, as this book demonstrates. As Professor Pedro Gil highlighted twenty years ago, there are several well-known mathematical branches for this purpose, including Mathematics of chance (Probability and Statistics), Mathematics of communication

(Information Theory), and Mathematics of imprecision (Fuzzy Sets Theory and others). These branches often intertwine, since different sources of uncertainty can coexist, and they are not exhaustive. While most of the papers presented here address the three aforementioned fields, some hail from other Mathematical disciplines such as Operations Research; others, in turn, put the spotlight on real-world studies and applications. The intended audience of this book is mainly statisticians, mathematicians and computer scientists, but practitioners in these areas will certainly also find the book a very interesting read.
