It seems like this  
type of record  
label and what Ivo  
accomplished was so  
very radical in the  
1980s. And, given

the current state of reviewing the  
technology and  
music, it would be  
near impossible to  
ever do again. This  
is the wonderful  
story of a great  
artistic adventure:  
Ivo, the self-made  
patron. 'Facing The  
Other Way' made me  
nostalgic.

Facing the Other  
Way: The Story Of  
4AD is the first  
and definitive  
account of the  
iconic British  
record label. From  
4AD's inception in  
1980, at the dawn  
of Britain's  
historically  
influential post-  
punk movement, the  
label's enigmatic  
founder Ivo Watts-  
Russell pursued a  
particularly  
original, singular  
and obsessive  
vision, an artistic  
venture rather than  
a commercial  
exercise, eschewing  
trends and  
incorporating  
equally  
groundbreaking and  
stunning record  
sleeve design.
