you will discover the  
biblical foundation for  
equipping others.  
Equipping others in  
ministry is a process you

bring with you as the  
leader! Its both personal  
and public. Its you as an  
individual and your  
church. This book will  
challenge you to take  
responsibility to grow  
spiritually, engage the  
culture, and share the

gospel. Further, you will discover the impact of discipleship in the local church by examining mentoring small groups and preaching as relevant means to equip others. In the later chapters of the book, seasoned church ministry leaders with years of experience in making disciples through equipping ministry of the local church share many practical ways to equip others and lead church ministries: childrens ministry youth ministry collegiate ministry mens

and womens ministry adult and senior adult ministries. Many ministry leaders do not know how to make disciples. They know, accept, and believe the Great Commission (Matt. 28: 19-20). Yet they struggle with practical approaches and methods to carry out a viable equipping ministry. The book will help you elevate the importance of personal growth, making disciples, and assist you to align your age-graded and gender-based ministry leadership

development.

In 1894 the bodies of two little girls were discovered in a Toronto basement. This was just the tip of the iceberg. Julian R. Munds' new play puts us in touch with one of the most prolific serial killers in history Dr. Henry Howard Holmes who built a hotel in Chicago for the singular purpose of the destruction of human life. Charged in the deaths of 9 individuals, Dr. H. H. Holmes is thought to be connected with more than two hundred disappearances of people during the Chicago World's Fair of 1893. In "The

Madness lurks in their poison, creeping down bloodlines like a disease.  
Vampires stalk our modern nights - some ancient, some new. Cassidy is caught

between the two: the first ever 'half and half', with two clashing generations of the curse in her veins. When war and her crazed half-sire push her 'civilised' clan to their limits, who can blame them for giving in, and letting the beast within take over? If you thought that life was complicated, just wait until you see death.

This book reignites discussion on the

importance of collaboration and innovation in language education. The pivotal difference highlighted in this volume is the concept of team learning through collaborative relationships such as team teaching. It explores ways in which team learning happens in ELT environments and what emerges from these explorations is a more robust concept of team learning in language education. Coupled with this deeper understanding, the

value of participant research is emphasised by defining the notion of 'team' to include all participants in the educational experience. Authors in this volume position practice ahead of theory as they struggle to make sense of the complex phenomena of language teaching and learning. The focus of this book is on the nexus between ELT theory and practice as viewed through the lens of collaboration. The volume aims to add to the current knowledge base in order

---

to bridge the theory-practice gap regarding collaboration for innovation in language classrooms.

The American Revolution was deadlocked in the north, and in 1778, the focus of the conflict shifted south. Following his decisive 1780 victory at Charleston,

Cornwallis launched a campaign through the Carolinas that was designed to expel American Continental and militia forces from the south. The subsequent patriot victory at King's Mountain forced Cornwallis to withdraw into South Carolina in what was one of the turning points in the Revolutionary War. To the

southeast, Francis Marion enacted a series of successful hit-and-run operations. Cornwallis responded to this string of raids by assigning Banastre Tarleton to capture or kill the rebel guerrilla commander. What followed was an unsuccessful pursuit of the elusive Marion, in which Tarleton

---

practiced a scorched-earth policy that ultimately disillusioned Loyalist sympathizers and hurt the British cause in the Carolinas. This book highlights the unique style of southern frontier warfare during the Revolutionary War, and how its combatants were supplied, organized, and

operated. The series of actions between August and November 1780 illustrate Marion's unconventional efforts to hinder their enemy's war effort in the southearning him his Swamp Fox moniker and Tarleton's equally irregular efforts to counter it. *Effects of Aging on Regulation of Cerebral Blood Flow and*
