This volume examines the phenomenon of fake news by bringing together leading experts from different fields within psychology and related areas, and explores what has become a prominent feature of public discourse since the first Brexit referendum and the 2016 US election campaign. Dealing with misinformation is important in many areas of daily life, including politics, the marketplace, health communication, journalism, education, and science. In a general climate where facts and misinformation blur, and are intentionally blurred, this book asks what determines whether people accept and share (mis)information, and what can be done to counter misinformation? All three of these aspects need to be understood in the context of online social networks, which have fundamentally changed the way information is produced, consumed, and transmitted. The contributions within this volume summarize the most up-to-date empirical findings, theories, and applications and discuss cutting-edge ideas and future directions of interventions to counter fake news. Also providing guidance on how to handle misinformation in an age of " alternative facts " , this is a fascinating and vital reading for students and academics in psychology, communication, and political science and for professionals including policy makers and journalists.

The “fascinating” true story behind the HBO Max and Hulu series about Texas housewife Candy Montgomery and the bizarre murder that shocked a community (Los Angeles Times Book Review). Candy Montgomery and Betty Gore had a lot in common: They sang together in the Methodist church choir, their daughters were best friends, and their husbands had good jobs working for technology companies in the north Dallas suburbs known as Silicon Prairie. But beneath the placid surface of their seemingly perfect lives, both women simmered with unspoken frustrations and unanswered desires. On a hot summer day in 1980, the secret passions and jealousies that linked Candy and Betty exploded into murderous rage. What happened next is usually the stuff of fiction. But the bizarre and terrible act of violence that occurred in Betty’s utility room that morning was all too real. Based on exclusive interviews with the Gore and Montgomery families, Edgar Award finalist Evidence of Love is the “superbly written” account of a gruesome tragedy and the trial that made national headlines when the defendant entered the most unexpected of pleas: not guilty by reason of self-defense (Fort Worth Star-Telegram). Adapted into

the Emmy and Golden Globe

Award – winning television movie A Killing in a Small Town—as well as the new limited series Candy on Hulu and Love and Death on HBO Max—this chilling tale of sin and savagery will “fascinate true crime aficionados” (Kirkus Reviews).

Texas has it all, from bustling big cities to sleepy small towns, and law enforcement alone can't solve every crime. That's where private eyes come in. They take the cases law enforcement can't—or won't. Private eyes may walk the mean streets of Dallas and Houston, but they also stroll through small West Texas towns where the secrets are sometimes more dangerous. Whether driving a Mustang or riding a Mustang, a private eye in Texas is unlike any other in the world. The Eyes of Texas features seventeen original tales of Lone Star State private eyes from Trey R. Barker, Chuck Brownman, Michael Chandos, John M. Floyd, Debra H. Goldstein, James A. Hearn, Richard Helms, Robert S. Levinson, Scott Montgomery, Sandra Murphy, Josh Pachter, Michael Pool, Graham Powell, William Dylan Powell, Stephen D. Rogers, Mark Troy, and Bev Vincent.

Texas Cowboy Officer American Bar Association A classic work of American literature that has not stopped changing minds and lives since it burst

onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Thank You and OK! Silhouette

David Chadwick, a Texas-raised wanderer, college dropout, bumbling social activist, and hobbyhorse musician, began his study under Shunryu Suzuki Roshi in 1966. In 1988 Chadwick flew to Japan to begin a four-year period of voluntary exile and remedial Zen education. In *Thank You and OK!* he recounts his experiences both inside and beyond the monastery walls and offers insightful portraits of the characters he knew in that world—the bickering monks, the patient abbot, the trotting housewives, the ominous insects, the bewildered bureaucrats, and the frustrating English-language students—as they worked inexorably toward initiating him into the mysterious ways of Japan. Whether you're interested in Japan, Buddhism, or exotic travel writing, this book is great fun. To learn more about the author, David Chadwick, visit www.cuke.com.

Adult Children of Parental Alienation Syndrome: Breaking the Ties That Bind DIANE Publishing
This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group

planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

His most important mission brought him to Texas—and reunited him with the son he never met... *Black ops soldier Hunter Graham* knew the rules: no family, no friends, no life outside the mission. But he never anticipated a woman like Erin Jamison. Two years ago, after a mission gone wrong, he met the brilliant scientist and they shared a week of passion before he vanished back into his secret life. Now, with Erin and their son the targets of an international terrorist plot, Hunter will go against his better judgment and break every agency rule to save the family he never knew he wanted. Coming out of hiding carries consequences far beyond this assignment, but he'll do anything to keep them safe—including kidnapping them....

Civil Practice and Remedies Code Routledge
Since the late 1970s when Congressman Claude Pepper held widely publicized hearings on the mistreatment of the elderly, policy makers and practitioners have sought ways to protect older Americans from physical, psychological, and financial abuse. Yet, during the last 20 years fewer than 50 articles have addressed the shameful problem that abusers "and sometimes the abused themselves" want to conceal. *Elder Mistreatment in an Aging America* takes a giant step toward broadening our understanding of the mistreatment of the elderly and recommends specific research and

funding strategies that can be used to deepen it. The book includes a discussion of the conceptual, methodological, and logistical issues needed to create a solid research base as well as the ethical concerns that must be considered when working with older subjects. It also looks at problems in determination of a report's reliability and the role of physicians, EMTs, and others who are among the first to recognize situations of mistreatment. *Elder Mistreatment in an Aging America* will be of interest to anyone concerned about the elderly and ways to intervene when abuse is suspected, including family members, caregivers, and advocates for the elderly. It will also be of interest to researchers, research sponsors, and policy makers who need to know how to advance our knowledge of this problem.
