Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public

---

eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television.

In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the

pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

No car has had such a profound impact on the

---

motoring scene as the original Mini. Designed in response to petrol shortages in the late 1950s, it was introduced in 1959 in both Austin and Morris guises, with either basic or De Luxe trim levels. Success came swiftly, and before long its makers at BMC were introducing van, pick-up and estate versions, high-performance Mini Coopers, and higher equipment levels on the Mini Super. Right through the 1960s, the success story continued, and the original formula proved so right that the updated Mk II models of 1967 were instantly recognisable as versions of the original and much-loved car. These early Minis are as much admired and sought-after today as ever, offering their own unique blend of nimble driving pleasure with readily affordable running costs. They are also increasingly the subject of detailed, part-number-perfect restorations, and this book is designed to help all those who aim to restore one of these early British-built Minis to their correct specification. Within these pages, respected classic car historian James Taylor gives each major model of Mini its own section. These sections provide full details of specifications and examine individual areas of each model in depth. They are backed up by colour photography of outstanding examples that illustrate the way these cars looked when they were new. Body panels, external trim and badging, paint colours, interior trim, dashboard, instruments and controls, under-bonnet components, engine and transmission, lights -- all this and more is comprehensively covered for both Mk I and Mk II Minis. For rapid reference to vital information, this formula has proved to be the most

---

useful one for restorers. With more than 300 specially commissioned colour photographs, Factory-Original Mini will delight and enthrall the restorer and the more casual Mini enthusiast alike.

"Destined to become an adventure classic."  
—Anchorage Daily News Hailed as "gripping" (New York Times) and "beautiful" (Washington Post), The Adventurer's Son is Roman Dial 's extraordinary and widely acclaimed account of his two-year quest to unravel the mystery of his son 's disappearance in the jungles of Costa Rica. In the predawn hours of July 10, 2014, the

twenty-seven-year-old son of preeminent Alaskan scientist and National Geographic Explorer Roman Dial, walked alone into Corcovado National Park, an untracked rainforest along Costa Rica 's remote Pacific Coast that shelters miners, poachers, and drug smugglers. He carried a light backpack and machete. Before he left, Cody Roman Dial emailed his father: " I am not sure how long it will take me, but I ' m planning on doing 4 days in the jungle and a day to walk out. I ' ll be bounded by a trail to the west

---

and the coast everywhere else, so it should be difficult to get lost forever. ” They were the last words Dial received from his son. As soon as he realized Cody Roman ’ s return date had passed, Dial set off for Costa Rica. As he trekked through the dense jungle, interviewing locals and searching for clues—the authorities suspected murder—the desperate father was forced to confront the deepest questions about himself and his own role in the events. Roman had raised his son to be fearless, to be at

home in earth ’ s wildest places, travelling together through rugged Alaska to remote Borneo and Bhutan. Was he responsible for his son ’ s fate? Or, as he hoped, was Cody Roman safe and using his wilderness skills on a solo adventure from which he would emerge at any moment? Part detective story set in the most beautiful yet dangerous reaches of the planet, *The Adventurer ’ s Son* emerges as a far deeper tale of discovery—a journey to understand the truth about those we love the most. The

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-

spiritualized."—Kay Warren, cofounder of Saddleback Church  
What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness

lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and

Ashleigh é uma escritora que se debate com grandes dificuldades financeiras, até que aceita uma oferta de trabalho irrecusável: terminar os três últimos volumes da série de sucesso de Verity Crawford, uma autora de renome que ficou incapacitada depois de um terrível acidente. Para poder entrar na cabeça de Verity e estudar as anotações e ideias reunidas ao longo de anos de trabalho, Lowen aceita o convite de Jeremy Crawford, marido da autora, e muda-se temporariamente para a casa deles. Mas o que ela não esperava encontrar no caótico escritório de Verity era a autobiografia inacabada da autora. Ao lê-la, percebe que esta não se destinava a ser partilhada com ninguém. São páginas e páginas de confissões arrepiantes, incluindo as memórias de Verity relativas ao dia da morte da filha. Lowen decide ocultar de Jeremy a existência do manuscrito, sabendo que o seu conteúdo destroçaria aquele pai, já em tão grande sofrimento. Mas, à medida que os sentimentos de Lowen por Jeremy se intensificam, ela apercebe-se de que talvez seja melhor ele ler as palavras escritas por Verity. Afinal de contas, por mais dedicado que Jeremy seja à sua mulher doente, uma verdade tão horrenda faria com que fosse impossível ele continuar a amá-la. Os elogios da crítica:

Many Soviet bloc cars were never exported to the West so there are many unfamiliar marques such as the Zil, Chaika, Syrena and Tatra. These are covered along with the better known Skoda, Lada and Trabant, including Soviet land-speed records and prototypes.
