“ A gift of love to others who are seeking solace. ” —Olivia Newton-John On the morning of May 11, 2015, Erin Davis, one of Canada ’ s most beloved radio personalities, suffered a devastating blow Erin was on set in Jamaica when she received the news that her twenty-four-year-old daughter, Lauren—who had marked a joyous Mother ’ s Day just hours

before—had failed to awaken to her baby ’ s cries. Thus began Erin ’ s journey of grieving out loud with her family, friends and listeners, and of demonstrating how to pick up and keep going after experiencing the worst loss a parent can endure. Struck with grief and unable to find the answer to why Lauren had died, Erin and her husband, Rob, started down the long road through loss, determined not only to survive but also to reclaim the joy in their lives. Inspiring and unflinching, Mourning Has Broken charts a way forward after life has dealt a crushing blow. It reminds us that we are not alone in grief, and that although life is unpredictable and unfair, we can survive and return to joy.

One Day Closer Vintage Canada

This edition of the inspirational #1 bestseller draws on a new year of Jann's diaries and her

mother's final days. When beloved singer and songwriter Jann Arden's parents built a house just across the way from her, she thought they would be her refuge from the demands of her career. And for a time that was how it worked. But then her dad fell ill and died, and just days after his funeral, her mom was diagnosed with Alzheimer's. In Feeding My Mother, Jann shares what it is like for a daughter to become her mother's caregiver--in her own frank and funny words, and in recipes she invented to tempt her mom. Full of heartbreak, but also full of love and wonder.

An instant national bestseller and "a beautiful story of what love can do to conquer the impossible" (Jann Arden). On the day my daughter was kidnapped by outlaws in Somalia, my life split into two parts: Before and After. This is the story of both parts, and of how I fought to bring my daughter home. On August 23, 2008, Amanda Lindhout, Lorinda Stewart's daughter, is kidnapped outside of Mogadishu in Somalia. The kidnappers' demand is simple: pay \$2.5 million or Amanda will be killed. For the next 460 days, Lorinda does everything in her power—and beyond—to get her daughter back alive. This brave, small-town mother with no experience in hostage negotiations is called upon by the RCMP to be the lead communicator with Adam, the Somali who identifies himself as the English-speaking negotiator for Amanda's kidnappers. In a secret "war room" in Sylvan Lake, Alberta, Lorinda joins forces with federal officers and begins to answer calls from Adam,

establishing a fragile rapport of trust with the man who holds her daughter's fate in his hands. She learns how to demand POLs—proofs of life—from Amanda's hostage takers and even how to react to "bad calls"—when she is forced to listen to her daughter's desperate cries for help, fearing she is being abused and tortured. What's supposed to be a short negotiation stretches on, and weeks become months. Lorinda finds herself increasingly on her own as negotiations break down. But she never gives up hope, even as the conversations become more traumatic. Faced with the terrible possibility of her daughter's death, she decides to take control, bringing in private hostage negotiators and fundraising ransom money from donors. But will it be enough? This is the true story of one woman's heroic perseverance in the face of despair, and of the hope and healing to be found beyond trauma. It is also, in the end, a tribute to the extraordinary power of a mother's love.

NEW YORK TIMES AND NATIONAL BESTSELLER First loves, first songs, and the drugs and reckless high school exploits that fueled them—meet music icons Tegan and Sara as you've never known them before in this intimate and raw account of their formative years. High School is the revelatory and unique coming-of-age story of Sara and Tegan Quin, identical twins from Calgary, Alberta, growing up in the height of grunge and rave culture in the '90s, well before they became the celebrated musicians and global LGBTQ icons we know today. While grappling with their identity and sexuality, often alone, they also faced academic meltdown, their parents' divorce, and the looming pressure of what might come after high school. Written in alternating chapters from both Tegan's point of view and Sara's, the book is a raw account of the drugs, alcohol, love, music, and friendships they explored in their formative years. A transcendent story of first loves and first songs, it captures the tangle of

discordant and parallel memories of two sisters who grew up in distinct ways even as they lived just down the hall from one another. This is the origin story of Tegan and Sara.

Jann Arden is funny. And sincere. She has legions of devoted fans. And a radio show. She is a darling of the music scene - always candid, always unplugged. You thought you knew Jann Arden, but there is more - to her readers' delight, in *Falling Backwards* Jann reveals her childhood, her bond with family, her struggle in the formative years and what keeps her so grounded in the whirlwind entertainment industry. Jann has always been true to herself, except for a minor lapse when she was young. Oh wait, wasn't that all of us? From the tender and honest to the laugh-out-loud funny, Jann's stories from home and from the road during her pre-celebrity years will take you to unexpected places, including high school parties in farmer's fields, sleepovers under the stars, hard-to-believe summer jobs and the time she was stuck upside down in a brick barbecue.

She reminds us of the inestimable value to a child of having teachers who believe in you and wide open spaces to play. But with the good times come the bad (and not just the bad perm). Jann opens up about the darker side of her so-called prairie perfect nuclear family and the first signs that her eldest brother was a uniquely troubled young man. In the days when Jann was experiencing a lot of firsts - first school play, first home perm, first kiss - how lucky for all of us that she stole away to her basement and taught herself her first song on her mother's guitar. In addition to being an incredible musician and multi-award-winning lyricist, Jann is a natural writer and simply an inspiration. Jann will capture your heart - and keep you in stitches - with her powerful stories about coming of age as an artist and as a human being. Jann brings her wit and that infectious sparkle to everything she does. This book is no exception.

The fascinating story of Canada's most revered concert hall and the myriad artists who have graced its stage. Known for its intimacy and sense of occasion, a night at Toronto's Massey Hall is magical for both

audiences and performers. For many musicians, playing the hall is the surest sign that they have made it. Looking out over the crowd, performers often comment that they feel they have joined history as they stand on the stage where Sarah Vaughan, Miles Davis, Bob Dylan, and so many other legends have stood. Based on scores of interviews and meticulous research, Massey Hall chronicles not only the historical and musical moments of the past 127 years, but also the community of artists and supporters that has built up around the hall. Covering both emerging artists such as Shakura S'Aida and William Prince and musical giants from Herbie Hancock to the Tragically Hip, this full-colour book is a celebration of music, community, and our shared cultural heritage.

A NEW YORK TIMES CRITICS' TOP BOOK OF THE YEAR • BOOKLISTS' EDITOR'S CHOICE • ONE OF NPR'S BEST BOOK OF THE YEAR "At once a film book, a history book, and a civil rights book.... Without a doubt, not only

the very best film book [but] also one of the best books of the year in any genre. An absolutely essential read.”

—Shondaland This unprecedented history of Black cinema examines 100 years of Black movies—from *Gone with the Wind* to Blaxploitation films to *Black Panther*—using the struggles and triumphs of the artists, and the films themselves, as a prism to explore Black culture, civil rights, and racism in America. From the acclaimed author of *The Butler* and *Showdown*. Beginning in 1915 with D. W. Griffith's *The Birth of a Nation*—which glorified the Ku Klux Klan and became Hollywood's first blockbuster—Wil Haygood gives us an incisive, fascinating, little-known history, spanning more than a century, of Black artists in the film business, on-screen and behind the scenes. He makes clear the effects of changing social realities and events on the business of making movies and on what was represented on the screen: from Jim Crow and segregation to white flight and interracial relationships, from the assassination of Malcolm X, to the O. J.

Simpson trial, to the Black Lives Matter movement. He considers the films themselves—including *Imitation of Life*, *Gone with the Wind*, *Porgy and Bess*, the Blaxploitation films of the seventies, *Do The Right Thing*, *12 Years a Slave*, and *Black Panther*. And he brings to new light the careers and significance of a wide range of historic and contemporary figures: Hattie McDaniel, Sidney Poitier, Berry Gordy, Alex Haley, Spike Lee, Billy Dee Williams, Richard Pryor, Halle Berry, Ava DuVernay, and Jordan Peele, among many others. An important, timely book, *Colorization* gives us both an unprecedented history of Black cinema and a groundbreaking perspective on racism in modern America.

The Pretty Place Random House
#1 NATIONAL BESTSELLER Jann Arden--bestselling author, recording artist and late-blooming TV star--is back with this funny, heartfelt and fierce memoir on becoming a woman of a certain age. The power, gravity and freedom she found at fifty-seven are superpowers she believes all of us can unleash. Digging deep into her strengths, her failures and her losses, Jann Arden brings us an inspiring account of how she has surprised herself, in her fifties, by at last becoming her own person. Like many women, it took Jann a long time to realize that trying to be pleasing and likeable and beautiful in the eyes of others was a loser's game. Letting it rip, and damning the consequences, is not only liberating, it's a hell of a lot of fun: "Being the age I am--that so many women are--is just the best time of my life." Jann weaves her own story together with tales of her mother, grandmother, and great grandmother, and the father she came close to hating, to show her younger self--and all of us--that fear and avoidance is no way to live. "What I'm thinking about now aren't all the ways I can try to hang on to my youth or all the seconds ticking by in

some kind of morbid countdown to death," she writes, "but rather how I keep becoming someone I always hoped I could be. If I'm lucky one day a very old face will look back at me from the mirror, a face I once shied away from. I will love that old woman ferociously, because she has finally figured out how to live a life of purpose--not in spite of but because of all her mistakes and failures."

If you feel stuck with no idea what you should do next, lifestyle celebrity and TV pioneer Debbie Travis's bestseller is for you. Drawing on the lessons she learned in her own leap into a new way of living, along with a multitude of stories, tips and ideas to jumpstart your dreams, Debbie's created an inspiring roadmap for change. A few years ago, Debbie Travis realized that she was no longer challenged by her wildly successful TV career, yet she was so busy she was missing out on the people and things that made her happy. She dared to dream about a whole new direction in life--a plan to turn a 13th-century farmhouse in Tuscany into a unique hotel and retreat for people who need a change as much as she did. And now she is not only living that dream but

sharing it with others. Her new book draws directly on her own experiences (when she started, Debbie could barely make a bed, let alone run a hotel in a foreign county) and the uplifting stories of personal u-turns shared by women who have come to her retreats. Debbie's "commandments" will inspire women (and men) who have lost track of who they are or what they want to be; who are going through the motions of a career that doesn't satisfy them anymore; who are wondering what to do with themselves now that their kids are gone or their marriage is over. On every page, Debbie shares the tools that helped her transform her life. Her common-sense advice, often delivered with her trademark humour, will help motivate anyone who finds themselves standing at a crossroads wondering "What's next for me?"

At the heart of fame is the tricky business of image management. Over the last 115 years, the celebrity autobiography has emerged as a popular and useful tool for that project. In *Limelight*, Katja Lee examines the memoirs of famous Canadian women like L. M. Montgomery, Nellie McClung, the Dionne Quintuplets, Margaret Trudeau, and Shania Twain to trace the rise of celebrity autobiography in Canada and the role gender

has played in the rise to fame and in writing about that experience. Arguing that the celebrity autobiography is always negotiating historically specific conditions, Lee charts a history of celebrity in English Canada and the conditions that shape the way women access and experience fame. These contexts shed light on the stories women tell about their lives and the public images they cultivate in their autobiographies. As strategies of self-representation change and the pressure to represent the private life escalates, the celebrity autobiography undergoes distinct shifts—in form, function, and content—during the period examined in this study. *Limelight: Canadian Women and the Rise of Celebrity Autobiography* is the first book to explore the history and development of the celebrity autobiography and offers compelling evidence of the critical role of gender and nation in the way fame is experienced and represented. *If I Knew Then* Franklin Classics Trade Press "This is a fascinating book. It will educate you. Schwartzel has done some extraordinary reporting." — The New York Times Book Review "In this highly entertaining but deeply disturbing book, Erich Schwartzel demonstrates the extent of our cultural thrall to China. His depiction of the craven characters, American and Chinese, who have enabled this situation represents a significant feat of investigative journalism. His narrative is about not merely the movie business, but

the new world order." —Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* An eye-opening and deeply reported narrative that details the surprising role of the movie business in the high-stakes contest between the U.S. and China From trade to technology to military might, competition between the United States and China dominates the foreign policy landscape. But this battle for global influence is also playing out in a strange and unexpected arena: the movies. The film industry, Wall Street Journal reporter Erich Schwartzel explains, is the latest battleground in the tense and complex rivalry between these two world powers. In recent decades, as China has grown into a giant of the international economy, it has become a crucial source of revenue for the American film industry. Hollywood studios are now bending over backward to make movies that will appeal to China's citizens—and gain approval from severe Communist Party censors. At the same time, and with America's unwitting help, China has built its own film industry into an essential arm of its plan to export its national agenda to the rest of the world. The competition between these two movie businesses is a Cold War for this century, a clash that determines whether democratic or authoritarian values will be broadcast most powerfully around the world. *Red Carpet* is packed with memorable characters who have—knowingly or otherwise—played key roles in this tangled

industry web: not only A-list stars like Matt Damon, Angelina Jolie, and Richard Gere but also eccentric Chinese billionaires, zany expatriate filmmakers, and starlets who disappear from public life without explanation or trace. Schwartzel combines original reporting, political history, and show-biz intrigue in an exhilarating tour of global entertainment, from propaganda film sets in Beijing to the boardrooms of Hollywood studios to the living rooms in Kenya where families decide whether to watch an American or Chinese movie. Alarming, occasionally absurd, and wildly entertaining, *Red Carpet* will not only alter the way we watch movies but also offer essential new perspective on the power struggle of this century. **How Do You Want Me?** Simon and Schuster This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it.
