Cat O'Nine Tales is the fifth collection of irresistible short stories from the master storyteller and bestselling author Jeffrey Archer. Ingeniously plotted, with richly drawn characters and Archer's trademark of deliciously unexpected conclusions, some of these thirteen stories were inspired by the two years Jeffrey Archer spent in prison, including the story of a company chairman who tries to poison his wife while on a trip to St Petersburg—with unexpected consequences. The Red King is a tale about a con man who discovers that an English Lord requires one more chess piece to complete a set that would be worth a fortune. In another tale of deception, The

Commissioner, a Bombay con artist ends up in the morgue, after he uses the police chief as bait in his latest scam. The Perfect Murder reveals how a convict manages to remove an old enemy while he's locked up in jail, and then set up two prison officers as his alibi. In Charity Begins at Home, an accountant realizes he has achieved nothing in his life, and sets out to make a fortune before he retires. And then there is Archer's favorite, In the Eye of the Beholder, where a handsome star athlete falls in love with a three-hundred-pound woman...who happens to be the ninth richest woman in Italy. Jeffrey Archer is the only author to have topped international bestseller lists with his fiction, non-fiction, and his short stories. Cat O'Nine Tales is Archer at his best: witty, sad, surprising, and unforgettable.

A notable contribution to our understanding of ourselves. This book explores the realm of human behavior in social situations and the way that we appear to others. Dr. Goffman uses the metaphor of theatrical performance as a framework. Each person in everyday social intercourse presents himself and his activity to others, attempts to guide and control the impressions they form of him, and employs certain techniques in

order to sustain his performance, just as an actor presents a character to an audience. The discussions of these social techniques offered here are based upon detailed research and observation of social customs in many regions.

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has

translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

returns with a powerful tale of twins separated by fate and reunited by destiny. In Hartford, Connecticut, in the late 1940s, a set of twins is parted at birth-not by accident. Nat Cartwright goes home with his parents, a schoolteacher and an insurance salesman, while his twin brother begins his days as Fletcher Davenport, son of a millionaire and his society wife. During the 1950s and 1960s, the two brothers grow up apart, following similar paths that take them in different directions. Nat leaves college at the University of Connecticut to serve in Vietnam, then finishes school, earns his MBA, and becomes a successful currency dealer. Fletcher, meanwhile, graduates from Yale University with a bachelor's and a law degree, going on to distinguish himself as a criminal defense lawyer. At various times in their lives, both men are confronted with challenges and obstacles, tragedy and betrayal, loss and hardship, before they both decide to run for governor, unaware they are brothers.... In the tradition of Jeffrey Archer's most popular books, Sons of Fortune is as much a chronicle of a nation in transition as it is the story of the making of these two men -and how they eventually discover the truth-and its tragic consequences.
