While we were privy to the  
relationship that Jack had with his  
family in the first book, here we are  
introduced to the McCallister family  
and the side story along with it which  
makes for an interesting segue  
to look into the mind of John. The

book does not, in any way, veer  
away from Harper and Jack and their  
sizzling hot relationship.

"The Hitman's Angel" is the story of Lenin and Margaret. Another smutty addition to the JK universe, with a heroine who is forced by her shitty and abusive stepfather to strip, and a mobster hero, who saves her and becomes her world. [Let Me In \(The Invisibles: Grant & Jessa\) Kindle Edition](#)
