Grizzly Bear Duke University Press Chef Chloe Coscarelli has revolutionized how vegans cook and eat with exciting, plant-based recipes that are fun, full of flavor, and make you feel healthier. When she

decided to become a vegan chef, she dreamed of changing the way the world ate. This was in the “pre-kale” days, when veggie burgers were frozen, tasteless patties loathed by the general public and if a vegan wanted to eat, well, then she had to cook! Today, corner stores stock their shelves with almond milk and mainstream restaurants pepper their menus with quinoa, tempeh, chia seeds, faro, ramps, and so many variations of avocado toast. There is truly no better time to love to eat than now—and no easier time to be a vegan. Chloe believes the most delicious dishes come from plant-based ingredients, and has debunked the myth that vegan cooking is bland

and visually unenticing. Enter: CHLOE FLAVOR. Every recipe here is bold in taste, loud in color, unabashedly unique, and, above all, easy to make. With dishes like Smoky Grits & Greens, Mango-Guacamole Crunch Burgers, and Sea Salted Chocolate Chunk Cookies, this food is for fun, friends, and family—and it ' s all about the flavor. Vegans will delight in Chloe ' s creations and carnivores won ' t miss the meat one bit. First breaking onto the culinary scene as the only vegan chef to capture the top prize on Food Network ' s Cupcake Wars, Chef Chloe Coscarelli has since been recognized for bringing vegan cuisine to the mainstream as an award-winning chef, successful entrepreneur, and

bestselling cookbook author. She has published three bestselling cookbooks, and in 2015 she opened her first restaurant, by CHLOE., bringing healthy and satisfying vegan and plant-based dishes to the masses. She lives in New York City. Louisiana's Way Home Faber & Faber One of the most successful entertainment figures of his time, Robert Ripley ' s life is the stuff of a classic American

fairy tale. Bucktoothed and hampered by shyness, Ripley turned his sense of being an outsider into an appreciation of the weird and wonderful. He sold his first cartoon to LIFE magazine at eighteen, but it was his wildly popular ‘ Believe It or Not! ’ radio shows that won him international fame, and spurred him on to search the globe ’ s farthest corners for bizarre facts, human curiosities and shocking phenomena. Ripley delighted in making preposterous declarations that somehow turned out to be true – such as that Charles Lindburgh was only the sixty-seventh man to fly across the Atlantic or that ‘ The Star Spangled Banner ’ was not the USA ’ s national anthem. And he demanded respect for those who were labelled ‘ eccentrics ’ or ‘ freaks ’ – whether it be E. L. Blystone, who wrote 2,871 alphabet letters on a grain of rice, or the man who could swallow his own nose. By the 1930s, Ripley possessed a wide fortune, a private yacht and a huge mansion stocked with such oddities as shrunken heads and medieval torture devices. His pioneering firsts in print, radio and television tapped into something deep in the American consciousness – a taste for the titillating and exotic, and a fascination with the fastest, biggest, wackiest and weirdest – and ensured a worldwide legacy that continues today. This compelling biography portrays a man who was dedicated to exalting the strange and unusual – but who may have been the most amazing oddity of all. Billboard Candlewick Press From two-time Newbery Medalist Kate DiCamillo comes a story of discovering who you are — and deciding who you want to be. When Louisiana Elefante ’ s granny

wakes her up in the middle of the night to tell her that the day of reckoning has arrived and they have to leave home immediately, Louisiana isn't overly worried. After all, Granny has many middle-of-the-night ideas. But this time, things are different. This time, Granny intends for them never to return. Separated from her best friends, Raymie and Beverly, Louisiana struggles to oppose the winds of fate (and Granny) and find a way home. But as Louisiana's life becomes entwined with the lives of the people of a small Georgia town — including a surly motel owner, a walrus-like minister, and a mysterious boy with a crow on his shoulder — she starts to worry that she is destined only for good-byes. (Which could be due to the curse on Louisiana's and Granny's heads. But that is a story for another time.) Called “one of DiCamillo's most singular and arresting

creations” by The New York Times Book Review, the heartbreakingly irresistible Louisiana Elefante was introduced to readers in Raymie Nightingale — and now, with humor and tenderness, Kate DiCamillo returns to tell her story. *Billboard Wicked Story Telling* Everyday, around the world, women who work in the Third World factories of global firms face the idea that they are disposable. Melissa W. Wright explains how this notion proliferates, both within and beyond factory walls, through the telling of a simple story: the myth of the disposable Third World woman. This myth explains how young women workers around the world eventually turn into living forms of waste. *Disposable Women and Other Myths of Global Capitalism* follows this myth inside the global factories and

surrounding cities in northern Mexico and in southern China, illustrating the crucial role the tale plays in maintaining not just the constant flow of global capital, but the present regime of transnational capitalism.

The author also investigates how women challenge the story and its meaning for workers in global firms. These innovative responses illustrate how a politics for confronting global capitalism must include the many creative ways that working people resist its dehumanizing effects.
