The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

America's Story 2 (Teacher Guide) HarperCollins

For the first time in a chapter-book format, Newbery Medal winner Beverly Cleary ' s twin characters, Jimmy and Janet, will charm young children with their humorous adventures. Jimmy and Janet are twins, but that doesn't mean they are just alike. When we first meet Jimmy, he wants to dig a real hole. He likes to use a real, grown-up shovel. While he's working, his sister, Janet, pretends to be a bird! She likes to use her imagination. But the twins both like silly jokes, new boots, and talking to Mr. Lemon, the mailman. As Beverly Cleary writes about Jimmy and Janet's doings, the unique understanding of children that she brings to all of her beloved books is coupled with a keen awareness of duo dynamics that comes from raising twins herself. Originally published as four separate picture books (The Real Hole, Two Dog Biscuits, The Growing-Up Feet, and Janet's Thingamajigs), these are stories that a Jimmy would like because they are so true-to-life, and that a Janet would love because they are so believable.

" Accessible and authoritative . . . While we may not have much power to eradicate our own prejudices, we can counteract them. The first step is to turn a hidden bias into a visible one. . . . What if we ' re not the magnanimous people we think we are? " —The Washington Post I know my own mind. I am able to assess others in a fair and accurate way. These self-perceptions are challenged by leading psychologists Mahzarin R. Banaji and Anthony G. Greenwald as they explore the hidden biases we all carry from a lifetime of exposure to cultural attitudes about age, gender, race, ethnicity, religion, social class, sexuality, disability status, and nationality. " Blindspot " is the authors ' metaphor for the portion of the mind that houses hidden biases.

Writing with simplicity and verve, Banaji and Greenwald question the extent to which our perceptions of social groups—without our awareness or conscious control—shape our likes and dislikes and our judgments about people ' s character, abilities, and potential. In Blindspot, the authors reveal hidden biases based on their experience with the Implicit Association Test, a method that has revolutionized the way scientists learn about the human mind and that gives us a glimpse into what lies within the metaphoric blindspot. The title ' s " good people " are those of us who strive to align our behavior with our intentions. The aim of Blindspot is to explain the science in plain enough language to help well-intentioned people achieve that alignment. By gaining awareness, we can adapt beliefs and behavior and " outsmart the machine " in our heads so we can be fairer to those around us. Venturing into this book is an invitation to understand our own minds. Brilliant, authoritative, and utterly accessible, Blindspot is a book that will challenge and change readers for years to come. Praise for Blindspot " Conversational . . . easy to read, and best of all, it has the potential, at least, to change the way you think about yourself. " —Leonard Mlodinow, The New York Review of Books " Banaji and Greenwald deserve a major award for writing such a lively and engaging book that conveys an important message: Mental processes that we are not aware of can affect what we think and what we do. Blindspot is one of the most illuminating books ever written on this topic. " —Elizabeth F. Loftus, Ph.D., distinguished professor, University of California, Irvine; past president, Association for Psychological Science; author of Eyewitness Testimony

Eragon (SP) Atheneum Books for Young Readers

This is the " unforgettable " memoir of a family ' s journey from Japan to California—and through multiple internment camps during World War II (Sacramento News & Review). " First generation Japanese-American Sato chronicles the tribulations her family endured in America through the Great Depression and WWII. Emigrating from Japan in 1911, Sato ' s parents built a home and cultivated a marginal plot of land into a modest but sustaining fruit farm. One of nine children, Sato recounts days on the farm playing with her siblings and lending a hand with child-care, house cleaning and grueling farm work. Her anecdotes regarding the family ' s devotion to one another despite their meager lifestyle (her father mending a little brother ' s shoe with rubber sliced from a discarded tire) gain cumulative weight, especially when hard times turn tragic: in the wake of Pearl Harbor, the Satos find themselves swept up by U.S. authorities and shuffled through multiple Japanese internment camps, ending up in a desert facility while the farm falls to ruin. Sato ' s memoir is a poignant, eye-opening testament to the worst impulses of a nation in fear, and the power of family to heal the most painful wounds. Farewell to Manzanar [by] Jeanne Wakatsuki and James D. Houston, with Connections Heinemann Educational Books

Prize-winning journalist and the co-author of smash New York Times bestseller I Am Malala, Christina Lamb, now tells the inspiring true story of another remarkable young hero: Nujeen Mustafa, a teenager born with cerebral palsy, whose harrowing journey from war-ravaged Syria to Germany in a wheelchair is a breathtaking tale of fortitude, grit, and hope that lends a face to the greatest humanitarian issue of our time, the Syrian refugee crisis. For millions around the globe, sixteen-year-old Nujeen Mustafa embodies the best of the human spirit. Confined to a wheelchair because of her cerebral palsy and denied formal schooling in Syria because of her illness, Nujeen taught herself English by watching American soap operas. When her small town became the epicenter of the brutal fight between ISIS militants and US-backed Kurdish troops in 2014, she and her family were forced to flee. Despite her physical limitations, Nujeen embarked on the arduous trek to safety and a new life. The grueling sixteen-month odyssey by foot, boat, and bus took her across Turkey and the Mediterranean to Greece, through Macedonia to Serbia and Hungary, and finally, to Germany. Yet, in spite of the tremendous physical hardship she endured, Nujeen's extraordinary optimism never wavered. Refusing to give in to despair or

see herself as a passive victim, she kept her head high. As she told a BBC reporter, "You should fight to get what you want in this world." Nujeen's positivity and resolve infuses this unforgettable story of one young woman determined to make a better life for herself. Told by acclaimed British foreign correspondent Christina Lamb, *Nujeen* is a unique and powerful memoir that gives voice to the Syrian refugee crisis, helping us to understand that the world must change—and offering the inspiration to make that change reality.
