The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. *THEY CALLED US ENEMY* is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

The Big Lie Farewell to Manzanar

Prize-winning journalist and the co-author of smash New York Times bestseller *I Am Malala*, Christina Lamb, now tells the inspiring true story of another remarkable young hero: Nujeen Mustafa, a teenager born with cerebral palsy, whose harrowing journey from war-ravaged Syria to Germany in a wheelchair is a breathtaking tale of fortitude, grit, and hope that lends a face to the greatest humanitarian issue of our time, the Syrian refugee crisis. For millions around the globe, sixteen-year-old Nujeen Mustafa embodies the best of the human spirit. Confined to a wheelchair

because of her cerebral palsy and denied formal schooling in Syria because of her illness, Nujeen taught herself English by watching American soap operas. When her small town became the epicenter of the brutal fight between ISIS militants and US-backed Kurdish troops in 2014, she and her family were forced to flee. Despite her physical limitations, Nujeen embarked on the arduous trek to safety and a new life. The grueling sixteen-month odyssey by foot, boat, and bus took her across Turkey and the Mediterranean to Greece, through Macedonia to Serbia and Hungary, and finally, to Germany. Yet, in spite of the tremendous physical hardship she endured, Nujeen's extraordinary optimism never wavered. Refusing to give in to despair or see herself as a passive victim, she kept her head high. As she told a BBC reporter, "You should fight to get what you want in this world." Nujeen's positivity and resolve infuses this unforgettable story of one young woman determined to make a better life for herself. Told by acclaimed British foreign correspondent Christina Lamb, Nujeen is a unique and powerful memoir that gives voice to the Syrian refugee crisis, helping us to understand that the world must change—and offering the inspiration to make that change reality. *Forged by Fire* Novel Units Teacher Guide Newsage Press

"Accessible and authoritative . . . While we may not have much power to eradicate our own prejudices, we can counteract them. The first step is to turn a hidden bias into a visible one. . . . What if we're not the magnanimous people we think we are?"—The Washington Post I know my own mind. I am able to assess others in a fair and accurate way. These self-perceptions are challenged by leading psychologists Mahzarin R. Banaji and Anthony G. Greenwald as they explore the hidden biases we all carry from a lifetime of exposure to cultural attitudes about age, gender, race, ethnicity, religion, social class, sexuality, disability status, and nationality. "Blindspot" is the authors' metaphor for the portion of the mind that houses hidden biases. Writing with simplicity and verve, Banaji and Greenwald question the extent to which our perceptions of social groups—without our awareness or conscious control—shape our likes and dislikes and our judgments about people's character, abilities, and potential. In *Blindspot*, the authors reveal hidden biases based on their experience with the Implicit Association Test, a method that has revolutionized the way scientists learn about the human mind and that gives us a glimpse into what lies within the metaphoric blindspot. The title's "good people" are those of us who strive to align our behavior with our intentions. The aim of *Blindspot* is to explain the science in plain enough language to help well-intentioned people achieve that alignment. By gaining awareness, we can adapt beliefs and behavior and

“outsmart the machine” in our heads so we can be fairer to those around us. Venturing into this book is an invitation to understand our own minds. Brilliant, authoritative, and utterly accessible, *Blindspot* is a book that will challenge and change readers for years to come. Praise for *Blindspot* “Conversational . . . easy to read, and best of all, it has the potential, at least, to change the way you think about yourself.”—Leonard Mlodinow, *The New York Review of Books* “Banaji and Greenwald deserve a major award for writing such a lively and engaging book that conveys an important message: Mental processes that we are not aware of can affect what we think and what we do. *Blindspot* is one of the most illuminating books ever written on this topic.”—Elizabeth F. Loftus, Ph.D., distinguished professor, University of California, Irvine; past president, Association for Psychological Science; author of *Eyewitness Testimony*

More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, *Orientalism* remains one of the most important books written about our divided world.

Dear Mr. Henshaw First Second

Mary Matsuda is a typical 16-year-old girl living on Vashon Island, Washington with her family. On December 7, 1942, the Japanese bomb Pearl Harbor, and Mary's life changes forever. Mary and her brother, Yoneichi, are U.S. citizens, but they are imprisoned, along with their parents, in a Japanese-American internment camp. Mary endures an indefinite sentence behind barbed wire in crowded, primitive camps, struggling for survival and dignity. Mary wonders if they will be killed, or if they will one day return to their beloved home and berry farm. The author tells her story with the passion and spirit of a girl trying to make sense of this terrible injustice to her and her family. Mary captures the emotional and psychological essence of what it was like to grow up in the midst of this profound dislocation, questioning her Japanese and her American heritage. Few other books on this subject come close to the emotional power, raw honesty, and moral significance of this memoir. This personal story provides a touchstone for the young student learning about World War II and this difficult chapter in U.S. history.

After the attack on Pearl Harbor, everything changed for Yoshiko Uchida. *Desert Exile* is her autobiographical account of life before and during World War II. The Hunger Games Harper Collins

Following the seventieth anniversary of the atomic bombing of Hiroshima, this is a new, very personal story to join Sadako and the Thousand Paper Cranes. Yuriko was happy growing up in Hiroshima when it was just her and Papa. But her aunt Kimiko and her cousin Genji are living with them now, and the family is only getting bigger with talk of a double marriage! And while things are changing at home, the world beyond their doors is even more unpredictable. World War II is coming to an end, and since the Japanese newspapers don't report lost battles, the Japanese people are not entirely certain of where Japan stands. Yuriko is used to the sirens and the air-raid drills, but things start to feel more real when the neighbors who have left to fight stop coming home. When the bombs hit Hiroshima, it's through Yuriko's twelve-year-old eyes that we witness the devastation and horror. This is a story that offers young readers insight into how children lived during the war, while also introducing them to Japanese culture. Based loosely on author Kathleen Burkinshaw's mother's firsthand experience surviving the atomic bombing of Hiroshima, *The Last Cherry Blossom* hopes to warn readers of the immense damage nuclear war can bring, while reminding them that the "enemy" in any war is often not so different from ourselves.

For the first time in a chapter-book format, Newbery Medal winner Beverly Cleary's twin characters, Jimmy and Janet, will charm young children with their humorous adventures. Jimmy and Janet are twins, but that doesn't mean they are just alike. When we first meet Jimmy, he wants to dig a real hole. He likes to use a real, grown-up shovel. While he's working, his sister, Janet, pretends to be a bird! She likes to use her imagination. But the twins both like silly jokes, new boots, and talking to Mr. Lemon, the mailman. As Beverly Cleary writes about Jimmy and Janet's doings, the unique understanding of children that she brings to all of her beloved books is coupled with a keen awareness of duo dynamics that comes from raising twins herself. Originally published as four separate picture books (*The Real Hole*, *Two Dog Biscuits*, *The Growing-Up Feet*, and *Janet's Thingamajigs*), these are stories that a Jimmy would like because they are so true-to-life, and that a Janet would love because they are so believable.
