MGR/Billy 's review " Fender Deluxe 90 ". Fender Deluxe 90. 1. This is the Fender Deluxe 90 with one 12' Celestion speaker. The 90 stands for 90 watts. The amp is styled after the classic Fender blackface design; a black back panel and silver grille cloth. This was my first amp purchase as I was looking for something portable, loud and reliable. I remember I purchased this amp at Dave Phillips Music and Sound in Phillipsburg New Jersey.

Obviously, the Deluxe 90 is not going to sound like your prime example of a vintage Super

Reverb. Doesn't take a genius or a vintage tone hound to know that. All I'm looking for is someone who has actually played one (Wally, have you played one? If not, kindly refrain from commenting) and say whether they like it enough for that Fender sound.
