Obviously, the Deluxe 90 is not going to sound like your prime example of a vintage Super Reverb. Doesn't take a genius or a vintage tone hound to know that. Product Owner's Manuals – Fender

The deluxe 90 has turned out to be the perfect match for this pedal and actually sounds damn good by itself. Fender has obviously spent a lot of time trying to make a product which, when the assumption of a non-tube sound is in place, they at
