100 Years of Harley-Davidson Jimpress  
ELECTRIC GUITAR SOURCEBOOK

*The Wild Life and Mad Genius of Jagger* The Spencer Company  
Part of a two book set, this book provides information on guitar bodies, necks, headstocks, bridges, woods, as well as other chapters covering Models by Style, the Custom Shop and limited editions. All the lesser known instruments like archtops, electrics, mandolins and ukuleles are included as well, all very collectible. The book ends with exhaustive appendices covering production numbers, retail prices, and instrument specifications. Since Martin guitars are the world's most collectible acoustic guitarline, this book will undoubtedly be the most sought after reference book by any collector or owner of a Martin. If you own a Martin, you own a piece of history and this book will help you discover when it was made and how. This authorized book will finally answer any questions on the stories behind some of the rarest instruments.--Publisher's description.

**The Mighty Mopars of "Dandy" Dick Landy** Writers Digest Books

'I did a double take when I saw fourteen-year-old Drew Barrymore at the bar, drinking with the Bukowski crowd. She was adorable, spoke with a potty mouth and carried on as if she was in her twenties. I was straining to approach her but backed off. I'd been in enough trouble. The next time I looked she was gone. A couple nights later she reappeared and in the same spot at the middle of the bar, entertaining the bartender. I pulled the trigger this time, and whatever I had to say she bought.' "I'm eating your book! It's delicious!" Lia Mack - Portland, Oregon "Fervent shades of Jack Kerouac." Terry Wells - Brigg, England "Lords of the Sunset Strip" is the brutally honest and hilarious memoir of actor and writer Blackie Dammett--AKA John Kiedis--who happens to be the father of Red Hot Chili Peppers frontman Anthony Kiedis. Set mostly in Hollywood but with multiple national and worldwide excursions for film shoots, love affairs and drug deals, this tell-all provides an unexpectedly candid look at an actor's transition from a wild man with a dream to a sensitive if unconventional parent with a dream. And of course, there were the women. New girls were always replenishing the scene. Dammett towed his young Red Hot Chili Pepper with him through a torrent of sex-fueled parties, auditions and business deals in Hollywood, New York and London. It's an exhilarating, exhausting and romantic journey. It had a profound and ineffable influence on Rock & Roll Hall of Famer Anthony. "Lords of the Sunset Strip" will no doubt have a similar influence on its readers as well. It's simply the biggest, baddest, boldest tale of Hollywood and Rock & Roll ever written.

**The Essential Reference for Home, School, Or Office** Emerald Group Publishing

Brian May and his father Harold started to hand-build an electric guitar in 1963. Brian dreamed of a guitar that would outperform any of the existing commercially made electric guitars; his father had the technical knowledge and skills to help make the dream come true. The written account is accompanied by original diagrams, sketches and notes dating from the building of the guitar, close-ups and x-rays, and photographs of Brian in performance.

In this book the authors employ the SFCS approach to explore a vast array of failure events in multiple sectors of transportation, industry, aerospace, construction, and critical infrastructure.

**Cruising the Legendary Strip** Hal Leonard Corporation

"This book grills up an enjoyable read for both avid foodies and novice diners alike! Perman's sneak peek into the fascinating history of In-N-Out is as good as the delicious burgers themselves." —Mario Batali, celebrity chef and author of *Molto Italiano* A behind-the-counter look at the fast-food chain that breaks all the rules, Stacy Perman's In-N-Out Burger is the New York Times bestselling inside story of the family behind the California-based hamburger chain with a cult following large enough to rival the Grateful Dead's. A juicy unauthorized history of a small business-turned-big business

titan, In-N-Out Burger was named one of Fast Company magazine's Best Business Books of 2009, and Fortune Small Business insists that it "should be required reading for family business owners, alongside Rich Cohen's Sweet and Low and Thomas Mann's Buddenbrooks."

**Writer's Digest Flip Dictionary** Harper Collins

Woodward Avenue: Cruising the Legendary Strip is filled with stories from the people who cruised and raced Woodward in the wonderful era of the 50s and 60s. Featured are the clandestine and not so clandestine efforts by the factories to build cars that the Woodward crowd would buy and race. Woodward Avenue includes everything that surrounded Woodwards action including Detroit's legendary DJs who provided the cruisers musical soundtrack, the hang-outs and drive-ins, the high-performance new car dealerships that provided the cars, and the legendary speed shops that provided the hot rod parts.

**Woodstock FAQ The Ultimate Tone**

Providing the "What," "How," and "Why," master guitarist and teacher Shawn Persinger shows you how to get the most out of the best guitar books. You'll find insightful commentaries and more than 100 individually tailored guitar lessons - in all styles - that will provide beginner, intermediate, and advanced players with a lifetime of knowledge, insight, and inspiration. Unlike any other guitar method, The 50 Greatest Guitar Books is part guitar instruction, part music appreciation, and part literary criticism. Persinger delivers as much practical musical content as he does analysis and educated insight. Includes contribution from legendary educators and players: Rik Emmett, Henry Kaiser, Steve Kaufman, Wolf Marshall, Tim Sparks, and many more. More than 100 stylized guitar lessons: Chord Voicings, Arpeggios, Two-Handed Tapping, Fingerpicking, Slide Guitar, Walking Bass Lines, Improvisation, and much more. Featuring all styles: Blues, Classical, Funk, Metal, Rock, Jazz, World, Ragtime, Flamenco, Bluegrass, Gypsy Jazz, Pop, Latin, Fingerpicking, Country, Fusion, and more.

**Hackers Simon and Schuster**

(Book). From the author of Amps! comes an essential survival guide for every guitar player and amp owner. "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

**The 50 Greatest Guitar Books** Rowman & Littlefield

The last great undiscovered country is vast, wild, and weirder than you can possibly imagine. And it's nearby, waiting, accessible by the press of a button, or a simple gesture, or even just a thought. The Matrix holds a whole lot more than selfies and cat videos-it has artificial intelligences, electronic ghosts of people formerly alive (or perhaps still living), and deep wells of pure data that can swallow you whole. Oh, and a copy of every secret ever recorded electronically. The possible rewards of exploration are great, and the dangers are greater. Data Trails is the Matrix sourcebook for Shadowrun, Fifth Edition, offering more options for decker and technomancer characters, including qualities, programs, gear and more. With detailed examinations of hacker culture, information on diving deep into immersive hosts, and briefings on the strange sites hidden in dark corners of the Matrix, Data Trails is a vital resource for any Shadowrun players involved in the omnipresent flow of information. Non-Matrix specialists have chances to get in on the adventures as well, with game details explaining how their skills and expertise translate into the wild virtual world. Data Trails is for use with Shadowrun, Fifth Edition.

**Steely Dan's Aja** Rowman & Littlefield

A collection of the earliest complete works of Daniel J. Lyons, four first-person short stories: "A Visit to the Licensing Department" - a science fiction story about what life might be like if human lives were cheapened to the point where they could be taken legally as long as you get the correct permit. "The Busiest Workday" - a speculative fiction story told by a mid-

level angel that attempts to answer the question will bureaucracy ever end? by documenting the heavenly aftermath of the apocalypse. "Come Around Here Often?" - a science fiction story told by Captain Wilson Banskis who, after an enemy attack destroys his ship, deals with misadventure and cultural misunderstandings after his escape pod lands on an alien planet. "Best Friend Bears" - a fiction piece told by Sarah about growing up with her best friend Ann and their special pair of stuffed bears. The collection and each story features an introduction from the author offering a peak at how they came to be.

**SQUIER ELECTRICS: 30 YEARS OF FENDER'S BUDGET GUITAR BRAND**

The Ultimate Tone Hal Leonard Corporation

Aja was the album that made Steely Dan a commercial force on the order of contemporaries like Fleetwood Mac, the Eagles and Chicago. A double-platinum, Grammy-winning bestseller, it lingered on the Billboard charts for more than a year and spawned three hit singles. Odd, then, that its creators saw it as an "ambitious, extended" work, the apotheosis of their anti-rock, anti-band, anti-glamour aesthetic. Populated by thirty-five mostly jazz session players, Aja served up prewar song forms, mixed meters and extended solos to a generation whose idea of pop darning was Paul letting Linda sing lead once in a while. And, impossibly, it sold. Including an in-depth interview with Donald Fagen, this book paints a detailed picture of the making of a masterpiece.

**The Studio Log** Malpractice Pub

The second edition of a bestseller, this book introduces tribology in a way that builds students' knowledge and understanding. It includes expanded information on topics such as surface characterization as well as recent advances in the field. The book provides additional descriptions of common testing methods, including diagrams and surface texturing for enhanced lubrication, and more information on rolling element bearings. It also explores surface profile characterization and elastic plastic contact mechanics including wavy surface contact, rough surface contact models, friction and wear plowing models, and thermodynamic analysis of friction.

**Trouble Boys** Da Capo Press

One of the greatest innovators of his time, Dick Landy was one of those guys who made you rush back to your seat from the concessions stand so you could watch him navigate the 1320. Win, lose, or draw, watching one of Landy's Dodges battling the likes of Ronnie Sox, "Grumpy" Jenkins, or Hubert Platt was worth the price of admission alone. Landy's Dodges: The Mighty Mopars of "Dandy" Dick Landy takes you chronologically through the cars of Dick's career, from piloting his first mount (1954 Ford Pickup) through his historic years of campaigning Dodges. Chrysler racing historian and author Geoff Stunkard presents a highly detailed account of Dick's cars, including results and images from the Landy family's personal archive and modern shots of his restored cars. In addition to coverage of Dick's 1964 S/S Dodge and 1968 Hemi Dart, scarce info about his Ford Galaxies and Plymouth Savoy is included as well. At no other time has Landy's entire career been chronicled and cataloged in print with this much attention to detail. Sit back in your recliner (wheels up) and enjoy the most comprehensive book on the history of "Dandy" Dick Landy and his cars.

**Landy's Dodges** Delacorte Press

Thomas Edward Harkin's Woodstock FAQ: All That's Left to Know About the Fabled Garden cuts through the lofty rhetoric and mythology surrounding the legendary festival. Rather than waxing philosophical about whether or not the Woodstock Music & Art Fair was the defining moment of the 1960s as so many have done before, Harkins places the focus on the music, solo artists, and bands who performed. Thirty-two acts took to the stage in Bethel, New York that weekend, and the book gives the performers and the music their due consideration. Who were they? Where did they come from? What songs did they play? What happened to them afterward? How did the festival impact their careers? Those are the questions explored in these pages. Further, the book attempts to restore the chronological arc of the festival from concept to concert to its aftermath and enduring legacy. Drawing on his experiences as a media scholar, Harkins ponders how the album releases and Michael Wadleigh's Academy Award-winning 1970 film Woodstock helped shape the narrative of the festival and in the bargain distort people's memories of the actual event.

**Squier Electrics** John Wiley & Sons

Contains 450,000 synonyms and over one million word choices that features a revolutionary concept index and more.

**The Waste Makers** Hal Leonard Corporation

Trouble Boys is the first definitive, no-holds-barred biography of one of the last great bands of the twentieth century: The Replacements. With full participation from reclusive singer and chief songwriter Paul Westerberg, bassist Tommy Stinson, guitarist Slim Dunlap, and the family of late band co-founder Bob Stinson, author Bob Mehr is able to tell the real story of this highly influential group, capturing their chaotic, tragic journey from the basements of Minneapolis to rock legend. Drawing on years of research and access to the band's archives at Twin/Tone Records and Warner Bros. Mehr also discovers previously unrevealed details from those in the group's inner circle, including family, managers, musical friends and collaborators.
