The Fender Ulimte Chorus is a bit of a departure from the traditional

ideas that many guitar players have of Fender amps. This is definitely solid-state, since it's got a few effects, Chorus and Reverb, built in.

The Ones That Got Away: Fender Ultra Chorus

Buy it. I've had an Ultra Chorus since 92 - twin 12, 65 watts, stereo chorus - it is a very good clean Fender amp. It also handles effects well, on occasion I put a BK Butler Tube Works pre-amp in front of it and the combination of the Ultra Chorus and the tube pre-amp gives me many different sounds from clean to brown to dirty, even at at low volumes.

Hey guys, I have a fender ultimate chorus that suddenly developed a VERY bad hum on the overdrive channel, as in no sound except the hum, and in the clean there is almost a constant pop/crackle. In my research on the web I have seen that this is most likely a bad solder joint?

Your new Fender® Ultimate Chorus amplifier is a fine musical instrument that will deliver great tone and pleasure for years to come. It combines many of the great musical features that have made Fender® amplifiers the only serious choice of guitarists for over 45 years, with a few new tricks

2-Button Footswitch: Channel-Chorus | Parts - Fender hey all! Got a question about an Ultimate Chorus Amp that was given to me by a friend. When I turn it on it gives a loud pop/low-end squeak and then hums like it's not grounded. When I turn on the chorus it adds its effect to

the hum. Then when I turn it off, it pops again. Can anyone tell me what might be wrong, and what it would take to fix it.

Tried it out w/ cigar box guitars and it worked quite well. A lot of the hissy instruments I have sound good through this amp as well. I also own the fender 212r, which to me is almost identical to the ultimate chorus in terms of construction. So, I have 2 2x12 amps now, making it so I have a loud backup guitar amp no matter what.

Continuing on "amp week," here is an amp that was actually a pretty decent amp despite the fact that it was solid state. These were made from '92-'94 from what I can tell and were replaced by the Fender Ultimate Chorus. It has built in chorus and channel switching with a distortion sound that's okay.
