So you think you're smarter than a fifth grader? Well, as many contestants have already discovered on the smash hit TV show hosted by Jeff Foxworthy, you may have either forgotten more than you realize about "the three R's" or simply never learned in the first place! How much do you really know about third grade math? Fourth grade social studies? Fifth grade science? First grade spelling? You may have a high school diploma or a college degree hanging on your wall, but are you smarter than a fifth grader? You'll find out in this book, which includes brain-teasing ten-question quizzes (including million-dollar bonus questions) on information the average eleven-year-old is expected to know—plus there are great bits of fun and fascinating trivia sprinkled throughout. Go ahead—we dare you to prove you're as bright as that gum-chewing kid with the backpack who's waiting on the corner for that yellow bus every morning. School is back in session. And maybe you'll even learn a thing or two that you missed by not paying attention the first time around.

Preventing Substance Abuse is an informal guide to successful programs for treating specific substance abuse problems, identifying their origins, implementation, outcomes, and, where possible, contacts for obtaining additional information. The emphasis is on information documented from outcomes of successful interventions rather than on theories of what should work or what works under experimental conditions. Key features include easy-to-follow charts and graphs and an appendix summarizing the National Structured Evaluation (mandated by Congress) of substance abuse prevention.

Treasury, Postal Service, and General Government Appropriations for Fiscal Year 1997: Executive Office of the President and funds appropriated to the president SAGE Publications

This anthology serves as an excellent reference for students, teachers, and educators looking for real-life examples of personal narrative essays written by students in upper elementary and middle school. Not only will students relate to the essays, they'll walk away inspired to write with the beautiful voices they

already possess. Inspired by a social experiment/writing contest created by children's book author Cynthia Liu, author with Disney, Penguin Random House, Simon & Schuster, among others. The essays range from the warm to the wise to the sublimely hilarious. Student readers will get a glimpse into tween minds as they struggle with issues like sibling rivalry, self-esteem, bullying, friendship, physical and health issues, and many more. Information on how young writers can be included in future volumes of this anthology is also provided.

When Josh's father marries Eddie's mother, Josh ends up sharing a bedroom with the biggest bully in Ms. Waverly's fifth grade class. And Josh just happens to be Eddie's favorite victim. When Josh's dad decides to turn the attic into another bedroom, the boys must decide who gets the room--and the gross, embarrassing dares commence.

Trial and Error in Criminal Justice Reform Harper Collins

In their struggle to identify successful solutions for their schools, teachers, administrators, board members, and parents must wade through reams of educational rhetoric and sales hype. This resource is designed to serve a broad audience of practicing teachers, preservice teachers, administrators, resource teachers, college professors, parents, and others who would like to stay abreast of new education programs and innovations. It objectively explains how each program, practice, and philosophy is supported by research and how it really works in schools. It provides straightforward definitions and concisely illustrates the practical applications and supporting research for approximately 125 educational innovations. Entries include feedback from award-winning teachers, giving educators an unbiased view of real-world effectiveness. Some highlights are as follows: (1) the exploration of more than 60 innovative practices, including assertive discipline, computer-assisted instruction, conflict resolution, distance learning, and the Socratic method; (2) an examination of results-oriented programs, including emergent literacy, Jumpstart, and Touch Point Math; (3) detailed discussion of policies regarding immersion and inclusion, standardized testing, and summer school; and (4) comprehensive coverage of movement, concepts, and theories, including brain-based learning, mainstreaming, multicultural education, and school vouchers. (Contains 135 references.) (RT)

In this revised edition of their concise, readable, yet wide-ranging book, Greg Berman and Aubrey Fox tackle a question students and scholars of law, criminology, and political science constantly face: what mistakes have led to the problems that pervade the criminal justice system in the United States? The reluctance of criminal justice policymakers to talk openly about failure, the authors argue, has stunted the public conversation about crime in this country and stifled new ideas. It has also contributed to our inability to address such problems as chronic offending in low-income neighborhoods, an overreliance on incarceration, the misuse of pretrial detention, and the high rates of recidivism among parolees. Berman and Fox offer students and policymakers an escape from this fate by writing about failure in the criminal justice system. Their goal is to encourage a more forthright dialogue about criminal justice, one that acknowledges that many new initiatives fail and that no one knows for certain how to reduce crime. For the authors, this is not a source of pessimism, but a call to action. This revised edition is updated with a new foreword by Cyrus R. Vance, Jr., and afterword by Greg Berman.

With just days until the final dance of the school year, The Kiss Dare is in full effect! Every year at Central Grove Middle School the week before the last dance is all about the dares. What 7th and 8th graders will be dared to kiss their fellow classmates? The "game" is usually played by the popular kids, so when a telltale black envelope falls out of Bre's locker on Tuesday morning she finds herself face to face with her first kiss dare and her first kiss. Is the dare really for her? Who will she be dared to kiss? Can she pretend she never received it? With her sisters stories of consequences faced for not following through with the dares, Bre knows she needs to open her envelope and take the challenge head on. But, when she sees who she has to kiss, she knows it will change everything for good.

Preventing Substance Abuse Corwin Press

With its signature "DARE to keep kids off drugs" slogan and iconic t-shirts, DARE (Drug Abuse Resistance Education) was the most popular drug education program of the 1980s and 1990s. But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing. Max Felker-Kantor has assembled the first history of DARE, which began in Los Angeles in 1983 as a joint venture between the police department and the unified

school district. By the mid-90s, it was taught in 75 percent of school districts across the United States. DARE received near-universal praise from parents, educators, police officers, and politicians and left an indelible stamp on many millennial memories. But the program had more nefarious ends, and Felker-Kantor complicates simplistic narratives of the War on Drugs. He shows how policing entered US schools and framed drug use as the result of personal responsibility, moral failure, and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment, the abandonment of social service provisions, and structures of social and economic inequality.

Double Dog Dare Springer Science & Business Media

The fate of the world is often driven by the curiosity of a girl. What happened to the Lost Colony of Roanoke remains a mystery, but the women who descended from Eleanor Dare have long known that the truth lies in what she left behind: a message carved onto a large stone and the contents of her treasured commonplace book. Brought from England on Eleanor's fateful voyage to the New World, her book was passed down through the fifteen generations of daughters who followed as they came

of age. Thirteen-year-old Alice had been next in line to receive it, but her mother's tragic death fractured the unbroken legacy and the Dare Stone and the shadowy history recorded in the book faded into memory. Or so Alice hoped. In the waning days of World War II, Alice is a young widow and a mother herself when she is unexpectedly presented with her birthright: the deed to Evertell, her abandoned family home and the history she thought forgotten. Determined to sell the property and step into a future free of the past, Alice returns to Savannah with her own thirteen-year-old daughter, Penn, in tow. But when Penn's curiosity over the lineage she never knew begins to unveil secrets from beneath every stone and bone and shell of the old house and Eleanor's book is finally found, Alice is forced to reckon with the sacrifices made for love and the realities of their true inheritance as daughters of Eleanor Dare. In this sweeping tale from award-winning author Kimberly Brock, the answers to a real-life mystery may be found in the pages of a story that was always waiting to be written. Praise for *The Lost Book of Eleanor Dare*: "From the haunting first line, *The Lost Book of Eleanor Dare* transports the reader to a mysterious land, time and family . . . the captivating women of the Dare legacy must find their true inheritance hiding behind the untold secrets." -Patti Callahan, *New York Times*

bestselling author Historical women's fiction Stand-alone novel Book length: approximately 135,000 words Includes discussion questions for book clubs

Implementing Project DARE--Drug Abuse Resistance Education Harper Collins

What would you do to win a dare war? In a humorous and insightful novel reminiscent of her award-winning titles *The Thing About Georgie* and *Umbrella Summer*, Lisa Graff tells the story of fourth-graders Kansas Bloom and Francine Halata, who start out as archenemies, until--in a battle of wits and willpower--they discover that they have a lot more in common than either would have guessed. This dual-perspective novel will appeal to girls and boys alike--and to anyone who has ever wanted anything so badly that they'd lick a lizard to get it.

The Underwear Dare Penguin

This workbook accompanies the 'I dare you' reading book. It contains supporting resources and topics for discussion. Each story is short enough to enable a topic to be covered in a single 20 minute lesson.

DARE to Say No Rockridge Press

Thirteen chilling short stories to keep you up at night--but only if you dare. You never know what's out to get you. Though you might think you're safe from monsters and menaces, everyday objects can turn against you, too. A mysterious microwave. A threatening board game. A snowman that refuses to melt. Even your own heartbeat has its secrets. Thu-thump. Thu-thump. When

you stop to listen, each beat sounds more menacing than the last. Master storyteller Josh Allen brings thirteen nightmare scenarios to life in this page-turning collection that's perfect for budding horror junkies. In his wondrous world, danger waits behind every doorway . . . even in the most ordinary places. Eerie illustrations by award-winning artist Sarah Coleman accompany the stories, packaged in a stunning hardcover edition complete with glow-in-the-dark jacket. Readers will sleep with one eye open!

Jellybean Jamboree

The American Drug Culture uses sociological and other perspectives to examine drug and alcohol use in U.S. society. The text is arranged topically rather than by drug categories and explores diverse aspects of drug use, including popular culture, sexuality, legal and criminal justice systems, other social institutions, and mental and physical health. It covers alcohol, the most widely used drug in the United States, more extensively than other texts on this subject. The authors include case studies from their own field research that give students empathetic insights into the situations of those suffering from substance and alcohol abuse.
