Fifty Mice by Daniel Pyne – TylerDFC Book Review ...

The title Fifty Mice refers to one of the many behavioral and cognitive experiments described by the protagonist's best friend, Vaughn, in which rodents are subjected to cruel, sadistic tricks designed to make them go so far as to eat each other in frenzied despair. In one such experiment, fifty of the mice just gave up, called it quits, lost their will, abandoned not only all hope but all mental activity.
