Water is more important than ever before. It is increasingly controversial in direct proportion to its scarcity, demand, neglect, and commodification. There is no place on the planet where water is not, or will not be, of critical concern. Signs of Water brings together scholars and experts from five continents in an interdisciplinary exploration of the theoretical approaches, social and political issues, and anthropogenic hazards surrounding water in the twenty-first century. From the kitchen taps of Detroit, Michigan to the water-harvesting infrastructure of Tokyo, from the Upper Xingu Basin of Brazil to the Sunda Deep of the Java Trench, these essays flow through time and place to uncover the many issues surrounding water today. Asking key theoretical questions, exposing threats to vital water systems, and proposing paths forward, Signs of Water brims with histories, ontologies, and political struggles. Bringing together local experiences to tell a global story, it centers water as history, as politics, and as a human right.

Gracen Lowe has a new life theory: What you don't know can't hurt you. Which is exactly why he decides not to tell his twin sister, Bella, that he's accidentally falling for the woman she hates most, the very woman who allegedly cheated with Bella's last boyfriend and broke them apart. Bella might be his best friend and ultimate confidante, but she'd legit cut off his favorite body part if she knew which woman he'd been craving. So even if his theory's totally whack, staying quiet will definitely keep him safer. Except he feels so guilty about it all. Meanwhile, Bella's heating up the sheets with one of Gracen's best friends, and she can't seem to reveal that little detail to her brother either, due to—you know—reasons. When the truth is exposed, all bets are off. Shattered secrets will either set everyone free or wreck their relationships forever.

The 3rd Edition of Literacy & Learning in the Content Areas helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content, communities, and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

The String of Fate BRILL

I used to think everything was black and white, truth or lie, easy or hard, that if I could just escape my strict, overbearing, abusive father, my life would be perfect. But since I've found a reason to risk his wrath and leave, to help a friend in need, I've come to realize everything I thought I knew is wrong. Friends have their own agenda, honesty comes with a dosage of lie, easy doesn't even exist, keeping secrets sucks, and love...love is the most painful thing of all. Maybe if Quinn Hamilton hadn't asked me to skip classes for the day and help him pick out an engagement ring for my best friend, I wouldn't have fallen for him so completely on that sunny Tuesday afternoon and I wouldn't feel so conflicted. But I did, and I can't take it back, no matter how hard I try. So I have to deal with the fact that even I'm not as good, or honest, or caring as I'd always thought I was, and no matter what I do next, someone's going to get hurt. Probably me. -Zoey Blakeland

LUCY GAMBLE, KNOCKED UP BY DYING MAN SHE GAVE SYMPATHY SEX, NOW MOVING ON TO HIS BIG BROTHER. Have you ever tried to come up with a headline for your life? Well, mine's so cringeworthy I can't believe it's actually my story...or a hundred percent true. But honestly, how could I say no to the one-night-stand when he begged? Only a monster could deny someone their dying wish, right? I mean, okay, getting pregnant from the encounter was a regrettable, irresponsible mistake; I can fully admit that. Turning to his brother, however, was never part of the plan. Initially, I didn't even like the guy. Except Vaughn Merrill is a force to be reckoned with. He's determined to be an "involved" uncle, and no matter how much I tell him he doesn't have to be so helpful, he's just so freaking helpful. And gorgeous. Plus not at all the ass I assumed he was. Then there's this massive pain and grief and loneliness I see in his eyes. I just want to hug him constantly and give him the sense of family he so desperately needs. So really, can you blame me for falling for the one man I know I shouldn't?
