readers  
everywhere,  
Newbery Medal-  
winning author  
Beverly Cleary  
has just made  
Ramona's world  
a little bit bigger.  
As she starts the  
fourth grade,  
Ramona believes  
that this year will  
be "the best year  
of her life, so  
far." She can  
show off her  
calluses from  
swinging on the  
rings in the park;  
the boy she calls  
Yard Ape sits  
across the aisle  
from her; her  
teacher praises  
her writing; and  
she has a new  
baby sister,  
Roberta. But

best of all, she  
has a new best  
friend, Daisy.  
Little does  
Ramona know  
the challenges  
her fourth-grade  
year holds in  
store. Not only  
must she  
improve her  
rotten spelling,  
but she must  
also be a good  
role model for  
baby Roberta.  
And her mother  
wants her to  
spend more time  
with the awful  
Susan. Life isn't  
easy, especially  
when she is  
surrounded by  
perfect spellers  
and everyone  
praises her big  
sister, Beezus,

---

for being responsible. Sometimes Ramona fails, often with hilarious results. But with the support of family and friends, she discovers something reassuring -- that being imperfect can be perfectly fine.

Print Random House offers the first book-length analysis of Amazon's Kindle and its impact on publishing. Simon Peter Rowberry recounts how Amazon built the infrastructure for a new generation of digital publications, then considers the consequences of having a single company control the direction of the publishing industry. Exploring the platform from the perspectives of technology, texts, and uses, he shows how the Kindle challenges traditional notions of platforms as discrete entities. He argues that Amazon's influence extends beyond

“disruptive technology” to embed itself in all aspects of the publishing trade; yet despite industry pushback, he says, the Kindle has had a positive influence on publishing. Rowberry documents the first decade of the Kindle with case studies of Kindle Popular Highlights, an account of the digitization of books published after 1922, and a discussion of how Amazon’s patent filings reflect a shift in priorities. Rowberry argues that while it was initially convenient for the book trade to outsource ebook development to

Amazon, doing so has had adverse consequences for publishers in the mid- and long term, limiting opportunities for developing an inclusive and forward-thinking digital platform. While it has forced publishers to embrace digital forms, the Kindle has also empowered some previously marginalized readerships. Although it is still too early to judge the long-term impact of ebooks compared with that of the older technologies of clay tablets, the printing press, and offset printing, the shockwaves of the

Kindle continue to shape publishing. *Journal of the National Education Association* CreateSpace This book explores scholarly challenges within the fields of Anglophone language, literature, and culture. The section focusing on language details issues falling within two areas: namely, language contact and the language-culture relationship, and stylistic and syntactic perspectives on the English

---

language. The literature part investigates twentieth-century American, English, and Australian literature, dealing with both poetry and prose and discussing topics of identity, gender, metafiction, postmodern conditions, and other relevant theoretical issues in contemporary literature. The culture part treats theoretical approaches in cultural studies that are vital in today's cultural context, especially in Central European universities, the

Irish language and culture, and contemporary cultural phenomena inspired by the growing ubiquity of technological intrusions into various fields of cultural production. **The Journal of the National Education Association** David Fickling Books An obscenely rich lottery winner tricks Marisa Adair into joining forces with a famous Florida private detective to investigate her daughter's twenty-year-old murder. During a serial arsonist's reign of terror, Mayla died in a fiery inferno. The newly wealthy mother wants to

dedicate her considerable resources to finding her daughter's killer and bringing him to justice. Marisa is busy with problems of her own. After her troubled brother's death, Marisa discovers he was stalked online. The stalker is the vicious bully who had made their childhood a living hell. She decides to track down the bully, confront her, and hold her accountable for her crimes. Alisa was a beautiful girl. She was also the ringleader of a group of bullies. Now, as an adult, she seeks out the weakest of the herd to torment through the anonymity of her computer. Alisa also holds the key to dark secrets, with the chilling tendrils

---

reaching from her childhood to the present. After Alisa's brutal murder, Marisa is the number one suspect. When Marisa is arrested, her friends rush to help her. Alex, sure he will be driven mad by Marisa, is determined to clear her. Marisa's friend and former teacher Althea is combat ready after decades of teaching elementary schoolchildren. Marisa's support group, as ruthless as they are supportive, will go to great lengths to help their fellow member. Tara, Marisa's best friend and in need of her own twelve-step program for her shoe addiction, will demand hard choices of her boyfriend, the lawman who put Marisa behind bars. Marisa lived a chaotic

life of drinking and partying. Hitting bottom left her existence in shambles. Like a phoenix, Marisa rose from the ashes. Now she's a savvy and respected human resources director. In jail for a murder she didn't commit, Marisa faces losing her hard-won new identity...and possibly her life. *Navajo Times* MIT Press
