Film Theory: An Introduction - SILO.PUB

What is the relationship between cinema and spectator? That is the central question for film theory, and renowned film scholars Thomas Elsaesser and Malte Hagener use this question to guide students through all of the major film theories - from the classical period to today - in this

insightful, engaging book. Every kind of cinema (and film theory) imagines an ideal spectator, and then imagines a certain relationship between the mind and body of that spectator and the screen.

Film Theory: an Introduction Through the Senses / Screen ...

The major innovation of *Film Theory ... through the Senses* is the decision to reorganize this history by approaching cinema, in its many stylistic and technological modes, as ‘an affective and affecting aesthetic experience’ (172), involving the material body of the film and the sensory body of the spectator. Putting aside the dominant modes of classifying film theories, Elsaesser and Hagener begin with the idea of cinematic worlds and spectatorial bodies as historical variables.
