As a graduate student exploring the rain forests of Australia, Meg Lowman realized that she couldn’t monitor her beloved leaves using any of the usual methods. My life plan is to be brutally honest all the way to the bank. Don't believe me? I run a popular YouTube channel called TrashyZane, and my claim to fame is oversharing about every aspect of my personal life. Sometimes while tipsy. Not everyone loves my style, but I have a long history of icing out people who can't handle

me. I have no time for judgmental foolishness. Except, apparently, when it comes to Beau Starr. His channel is the polar opposite of mine, and so is he. Wholesome, inspirational, and clean-cut. Everything about him should turn me off, but when we hook up following a confrontation at a convention, my world flips upside down. Not only does Beau Starr turn me on, he uses the exact combination of dirty talk and roughness

needed to turn me out. But we still hate each other. I think. Sick Fux Spectra
From an early age, I was bullied and abused. Forced in to submission. Forced to be a victim. Until one fateful day just before my sixteenth birthday when I finally cracked. With the snap of a finger, I was a changed girl. No longer timid. No longer frightened. Instead, I armed myself with the knowledge of their secrets. All who had bullied me. All who had abused me. I am no longer their victim. The timid little plaything they can pick up whenever they damn well please. Now I

am vengeance. I am the eye of the storm. Nothing and no one can stand in my way. And if anyone dare try ... Be prepared to pay in blood. Grammar and Language Workbook Mozaika LLC Billionaire Caleb Blackstone lives in the glamorous world of wealth and success, with every material luxury. But the moment he sees Brooke Casterley, none of that matters. Caleb is filled with a raw, undeniable need that he can't

ignore...for a girl who is so completely different from everything and everyone he's ever known. Only Brooke isn't looking for love. She knows all too well just how much damage the wrong guy can do. Still, what sane, broke British girl can resist the charms of an incredibly sexy, chivalrous billionaire? What starts as flirtation quickly turns into all-consuming passion. Nothing could have prepared her for the searing heat of Caleb's touch--or just how much she

craves him. Their whirlwind romance is the stuff of high-society fantasy--but for every moment of pleasure, there is a cost. Past mistakes and tragedy shadow them both...and falling for him might be the kind of trouble she can't afford. close companions and accomplished debaters, applying the logic of predestination and the language of the King James Bible to everyday life with aplomb—which, as the church’s Twitter spokeswoman, she learned to do with great skill. Soon, however, dialogue on Twitter caused her to begin doubting the church’s leaders and message: If humans were sinful and fallible, how could the church itself be so confident about its beliefs? As she digitally jostled

with critics, she started to wonder if sometimes they had a point—and then she began exchanging messages with a man who would help change her life. A gripping memoir of escaping extremism and falling in love, *Unfollow* relates Phelps-Roper’s moral awakening, her departure from the church, and how she exchanged the absolutes she grew up with for new forms of warmth and community. Rich with suspense and thoughtful reflection, Phelps-

How To Be a Good Wife by Emma Chapman is a haunting literary debut about a woman who begins having visions that make

her question everything she knows Marta and Hector have been married for a long time. Through the good and bad; through raising a son and sending him off to life after university. So long, in fact, that Marta finds it difficult to remember her life before Hector. He has always taken care of her, and she has always done everything she can to be a good wife—as advised by a dog-eared manual given to her by Hector's aloof mother on their wedding day. But now, something is

changing. Small things seem off. A flash of movement in the corner of her eye, elapsed moments that she can't recall. Visions of a blonde girl in the darkness that only Marta can see. Perhaps she is starting to remember—or perhaps her mind is playing tricks on her. As Marta's visions persist and her reality grows more disjointed, it's unclear if the danger lies in the world around her, or in Marta herself. The girl is growing more real every day, and she wants something. Boss in the

In a triumph of marketing, the Tasmanian salmon industry has for decades succeeded in presenting itself as world 's best practice and its product as healthy and clean, grown in environmentally pristine conditions. What could be more appealing than the idea of Atlantic salmon sustainably harvested in some of the world 's purest waters? But what are we eating when we eat Tasmanian salmon? Richard Flanagan 's expos é of the salmon farming industry in

Tasmania is chilling. In the way that Rachel Carson took on the pesticide industry in her ground-breaking book *Silent Spring*, Flanagan tears open an industry that is as secretive as its practices are destructive and its product disturbing. From the burning forests of the Amazon to the petrochemicals you aren't told about to the endangered species being pushed to extinction you don't know about; from synthetically pink-dyed flesh to seal bombs . . . If you care about what you eat, if you care about the environment, this is a book you need to

read. Toxic is set to become a landmark book of the twenty-first century.

BOOK ONE OF THE DARK DUET: Caleb is a man with a singular interest in revenge.

Kidnapped as a young boy and sold into slavery by a power-hungry mobster, he has thought of nothing but vengeance. For twelve years he has immersed himself in the world of pleasure slaves searching for the one man he holds ultimately

responsible. Finally, the architect of his suffering has emerged with a new identity, but not a new nature. If Caleb is to get close enough to strike, he must become the very thing he abhors and kidnap a beautiful girl to train her to be all that he once was. Eighteen-year-old Olivia Ruiz has just woken up in a strange place. Blindfolded and bound, there is only a calm male voice to welcome her. His name is Caleb, though he demands to be called Master. Olivia is young,

beautiful, naïve and willful to a fault. She has a dark sensuality that cannot be hidden or denied, though she tries to accomplish both. Although she is frightened by the strong, sadistic, and arrogant man who holds her prisoner, what keeps Olivia awake in the dark is her unwelcome attraction to him.
