Pixar's singularly successful culture, including all he learned in the past nine years that allowed Pixar to retain its creative culture while continuing to evolve. For nearly twenty years, Pixar has dominated the world of animation, producing such beloved films as the Toy Story quartet, Finding Nemo, The Incredibles, Up, and WALL-E, which have gone on to set box-office records and garner thirty Academy Awards. The joyous storytelling, the inventive plots, the emotional authenticity: In some ways, Pixar movies are an object lesson in what creativity really is. As a young man, Ed Catmull had a dream: to make the first computer-animated movie. He nurtured that dream as a Ph.D. student, and then forged a

partnership with George Lucas that led, indirectly, to his founding Pixar with Steve Jobs and John Lasseter. A mere nine years later, Toy Story was released, changing animation forever. The essential ingredient in that movie's success-and in the movies that followed-was the unique environment that Catmull and his colleagues built at Pixar. Creativity, Inc. has been expanded to illuminate the continuing development of the unique culture at Pixar. Featuring a new introduction, two entirely new chapters, four new chapter postscripts, and new reflections at the end, this updated edition details how Catmull built a culture that doesn't just pay lip service to the importance of things like

honesty, communication, and originality, but commits to them. Pursuing excellence isn't a one-off assignment, but an ongoing, day-in, day-out, full-time job. And Creativity, Inc. explores how it is done. \_\_\_\_\_

Kiplinger's Personal Finance Forum Books In this page-turning adventure by Newbery Honor author Rodman Philbrick, a solar event knocks out our planet's electricity, and a boy must risk his life to save his sick mother. What would you do if every spark of electricity suddenly vanished, as if somebody had flipped a switch on the entire planet? Cars won't start, the heat shuts off, there's no water in your faucet, and your radio, TV, and flashlight go dark. Everyone in Charlie's small town is baffled. But as time passes, lawlessness erupts and takes an ugly turn. When the market and pharmacy are torched by an anti-Semitic arsonist, Charlie realizes his mother will die without her medicine. So he dons skis and heads off alone, seeking the nearest hospital. After traveling 50 miles through brutal ice and snow, Charlie encounters a burned-out, looted city of terrified citizens. Will he be able to save his mom? Heroic, eloquent, and unforgettable, The Big Dark raises timely questions about responsibility, tolerance, and love.
