This is a very readable overview of key concepts in financial management. It was recommended to me by a colleague who had read an earlier edition. I purchased the most recent (11th) edition in part because it is advertised as including access to new McGraw-Hill Connect supplementary materials (online quizzes, tools, etc).

edition. Where there is an international application for a financial issue, you are very likely to find it in this text. Furthermore, the 16th edition gives substantial coverage to the recession and liquidity crisis that has engulfed the U.S. and world economies in the latter part of the 2000-2009 decade (and into the current decade).
