. Renewal of Life by Transmission. The most notable distinction between living and inanimate things is that the former maintain themselves by renewal. A stone when struck resists. If its resistance is greater than the force of the blow struck, it remains outwardly unchanged. Otherwise, it is shattered into smaller bits. Never does the stone attempt to react in such a way that it may maintain itself against the blow, much less so as to render the blow a contributing factor to its own continued action. While the living thing may easily be crushed by superior force, it none the less tries to turn the energies which act upon it into means of its own further existence. If it cannot do so, it does not just split into smaller pieces (at least in the higher forms of life), but loses its identity as a living thing. As long as it endures, it struggles to use surrounding energies in its own behalf. It uses light, air, moisture, and the material of soil. To say that it uses them is to say that it turns them into means of its own conservation. As long as it is growing, the energy it expends in thus turning the environment to account is more than compensated for by the return it gets: it grows. Understanding the word "control" in this sense, it may be said that a living being is one that subjugates and controls for its own continued activity the energies that would otherwise use it up. Life is a self-renewing process through action upon the environment.

Jack Snyder's analysis of the attitudes of military planners in the years prior to the Great War offers new insight into the tragic miscalculations of that era and into their possible parallels in present-day war planning. By 1914, the European military powers had adopted offensive military strategies even though there was considerable evidence to support the notion that much greater advantage lay with defensive strategies. The author argues that organizational biases inherent in military strategists' attitudes make war more likely by encouraging offensive postures even when the motive is self-defense. Drawing on new historical evidence of the specific circumstances surrounding French, German, and Russian strategic policy, Snyder demonstrates that it is not only rational analysis that determines strategic doctrine, but also the attitudes of military planners. Snyder argues that the use of rational calculation often falls victim to the pursuit of organizational interests such as autonomy, prestige, growth, and wealth. Furthermore, efforts to justify the preferred policy bring biases into strategists' decisions—biases reflecting the influences of parochial interests and preconceptions, and those resulting from attempts to simplify unduly their analytical tasks. The frightening lesson here is that doctrines can be destabilizing even when weapons are not, because doctrine may be more responsive to the organizational needs of the military than to the implications of the prevailing weapons technology. By examining the historical failure of offensive doctrine, Jack Snyder makes a valuable contribution to the literature on the causes of war.

Dave Ramsey's Complete Guide to Money GENERAL PRESS

Offers techniques and strategies for increasing income while cutting work time in half, and includes advice for leading a more fulfilling life.

A Path Forward Lampo

The General Theory of Employment, Interest, and Money, written by legendary author John Maynard Keynes is widely considered to be one of the top 100 greatest books of all time. This masterpiece was published right after the Great Depression. It sought to bring about a revolution, commonly referred to as the 'Keynesian Revolution', in the

way economists thought—especially challenging the proposition that a market economy tends naturally to restore itself to full employment on its own. Regarded widely as the cornerstone of Keynesian thought, this book challenged the established classical economics and introduced new concepts. 'The General Theory of Employment, Interest, and Money' transformed economics and changed the face of modern macroeconomics. Keynes' argument is based on the idea that the level of employment is not determined by the price of labour, but by the spending of money. It gave way to an entirely new approach where employment, inflation and the market economy are concerned.

Democracy and Education Rowman & Littlefield

NEW YORK TIMES, WALL STREET JOURNAL, AND USA TODAY BESTSELLER • A ten-step plan for finding peace, safety, and harmony with your money—no matter how big or small your goals and no matter how rocky the market might be—by the inspiring and savvy "Budgetnista." "No matter where you stand in your money journey, Get Good with Money has a lesson or two for you!"—Erin Lowry, bestselling author of the Broke Millennial series Tiffany Aliche was a successful pre-school teacher with a healthy nest egg when a recession and advice from a shady advisor put her out of a job and into a huge financial hole. As she began to chart the path to her own financial rescue, the outline of her ten-step formula for attaining both financial security and peace of mind began to take shape. These principles have now helped more than one million women worldwide save and pay off millions in debt, and begin planning for a richer life. Revealing this practical ten-step process for the first time in its entirety, Get Good with Money introduces the powerful concept of building wealth through financial wholeness: a realistic, achievable, and energizing alternative to get-rich-quick and over-complicated money management systems. With helpful checklists, worksheets, a tool kit of resources, and advanced advice from experts who Tiffany herself relies on (her "Budgetnista Boosters"), Get Good with Money gets crystal clear on the short-term actions that lead to long-term goals, including: • A simple technique to determine your baseline or "noodle budget," examine and systemize your expenses, and lay out a plan that allows you to say yes to your dreams. • An assessment tool that helps you understand whether you have a "don't make enough" problem or a "spend too much" issue—as well as ways to fix both. • Best practices for saving for a rainy day (aka job loss), a big-ticket item (a house, a trip, a car), and money that can be invested for your future. • Detailed advice and action steps for taking charge of your credit score, maximizing bill-paying automation, savings and investing, and calculating your life, disability, and property insurance needs. • Ways to protect your beneficiaries' future, and ensure that your financial wishes will stand the test of time. An invaluable guide to cultivating good financial habits and making your money work for you, Get Good with Money will help you build a solid foundation for your life (and legacy) that's rich in every way.

It all begins with a letter. Fall in love with Penguin Drop Caps, a new series of twenty-six collectible and hardcover editions, each with a type cover showcasing a gorgeously illustrated letter of the alphabet. In a design collaboration between Jessica Hische and Penguin Art Director Paul Buckley, the series features unique cover art by Hische, a superstar in the world of type design and illustration, whose work has appeared everywhere from Tiffany & Co. to Wes Anderson's recent film Moonrise Kingdom to Penguin's own bestsellers Committed and Rules of Civility. With exclusive designs that have never before appeared on Hische's hugely popular Daily Drop Cap blog, the Penguin Drop Caps series debuted with an 'A' for Jane Austen's Pride and Prejudice, a 'B' for Charlotte Brönte's Jane Eyre, and a

'C' for Willa Cather's *My Ántonia*. It continues with more perennial classics, perfect to give as elegant gifts or to showcase on your own shelves. S is for Steinbeck. Unburdened by the material necessities of the more fortunate, the denizens of Cannery Row discover rewards unknown in more traditional society. Henry the painter sorts through junk lots for pieces of wood to incorporate into the boat he is building, while the girls from Dora Flood's bordello venture out now and then to enjoy a bit of sunshine. Lee Chong stocks his grocery with almost anything a man could want, and Doc, a young marine biologist who ministers to sick puppies and unhappy souls, unexpectedly finds true love. Cannery Row is just a few blocks long, but the story it harbors is suffused with warmth, understanding, and a great fund of human values. First published in 1945, and drawn from Steinbeck's memories of real inhabitants of Monterey, California, *Cannery Row* focuses on the acceptance of life as it is—both the loneliness of the individual and the exuberance of community.

Report to the Committee on Foreign Relations Penguin

This book presents a detailed and rigorous quantitative economic assessment, analysis, and interpretation of the causes and consequences of regional defense expenditures in countries in the Middle East and South Asia. It examines the relationship between defense spending and budgetary allocations.

Finding Peace in Chaos Rodale Books

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

The Ideology of the Offensive Penguin

Newly revised in 2011. Contains the auditing standards promulgated by the Comptroller General of the United States. Known as the Yellow Book. Includes the professional standards and guidance, commonly referred to as generally accepted government auditing standards (GAGAS), which provide a framework for conducting high quality government audits and attestation engagements with competence, integrity, objectivity, and independence. These standards are for use by auditors of government entities and entities that receive government awards and audit organizations performing GAGAS audits and attestation engagements.

Greaves/Zaller/Cannistraro/Murphey: Civilizations of the World: the Human Adventure Praeger

China's role in the United Nations has been a significant one. Yet, Samuel Kim contends, as far as the literature on Chinese foreign policy is concerned, the People's Republic of China still remains outside the heuristic framework of the global community. In a comprehensive macro-analysis of Chinese global politics, Professor Kim probes China's image and strategy of world order as manifested through its behavior in the UN. The author draws upon a wide range of previously untapped primary sources, including China's policy pronouncements and voting record and over a hundred personal interviews with UN delegates and international civil servants. He finds that Chinese participation has made the United Nations not only more representative but also more relevant as the global political institution responding to the challenge of establishing a more humane and just world order. Originally published in 1979. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Dr. William D. Mehring, a chiropractor, has combined his knowledge of applied kinesiology, psychology, hypnotherapy, and the energetic healing practice of Qi Gong into a restorative process called E3: Emotional Energetic Evolution. He transformed his own personal healing crisis, which he calls his cosmic two by four, into a commitment for healing. He began to listen to his inner voice, as well as his body, and transformed his life of physical and psychic pain into alignment with his soul's purpose. E3: Emotional Energetic Evolution is a

formula to change chaos into peace. Dr. Mehring hopes healing professionals and individuals will use this book as a manual to treat and prevent illness and stress.

Creating Prosperity and Financial Peace Thomas Nelson Inc Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

From Paycheck to Purpose Taylor & Francis

Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle? The Proximity Principle? can change everything you thought you knew about pursuing a career you love. In his latest book, *The Proximity Principle*, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading *The Proximity Principle*, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come and you'll be prepared to take them.
