Every company large and small wants to boost its sales, control its spending, and keep the auditors at the Internal Revenue Service happy. But, no company wants to waste time on more paperwork. These days, a growing number of companies are turning to QuickBooks accounting software not only to speed up their bookkeeping efforts, but manage their businesses more effectively. Organizations come in all shapes, sizes, and business models, so it's no surprise that accounting practices can be a convoluted road to travel. QuickBooks can handle many of the financial tasks companies face, but the price you pay is an overabundance of software features. To make the learning curve even more challenging, QuickBooks doesn't come with a manual. Fortunately, to help pave the road to accounting success, there's QuickBooks 2005: The Missing Manual, a comprehensive guide from O'Reilly that examines everything the QuickBooks Pro edition has to offer, from invoices and inventory to assets and accounts payable. With QuickBooks 2005: The Missing Manual, financial managers can quickly learn how to use the program's tools to implement and maintain critical accounting processes. By covering details in a friendly and light-hearted way, the book explains when and why a feature is useful, and then offers indispensable, relevant advice. Each page of this Missing Manual provides insightful tips and tricks to help readers become more efficient, sophisticated users no matter what the extent of their existing knowledge is. Whether you're interested in QuickBooks for its basic bookkeeping features or its more powerful, business planning tools, the only way to truly harness its power is to read the book that should have been in the box: QuickBooks 2005: The Missing Manual.

With the release of Photographer's Guide to the Leica D-Lux (Typ 109), White Knight Press provides a complete guide to the use of this advanced compact camera. The book shows beginning and intermediate photographers how to capture excellent images and video sequences with the D-Lux. The book explains the camera's controls for autofocus, manual focus, aperture, shutter speed, exposure compensation, white balance, and ISO, as well as many other settings. The book also discusses the D-Lux's numerous options for playback, setup, and customizing the operation of its various buttons and other controls. The book contains more than 350 color photographs showing the camera's controls, display screens, and menus. The book includes examples of photographs taken using the creative settings of the camera, including the Photo Style settings; the Filter button picture effects, which provide the ability to customize the appearance of images in dramatic ways; and the camera's features for continuous shooting and shooting in high-contrast lighting conditions. The book also includes a full discussion of the video recording abilities of the D-Lux camera, which offers manual control of exposure and focus during movie recording, and which provides ultra-high definition 4K recording of motion pictures. In three appendices, the book provides information about accessories for the D-Lux, including cases, external flash units, and other items, and includes a list of web sites and other resources for further information. The book includes an appendix with helpful Quick Tips that explain how to take advantage of the camera's features in the most efficient ways possible.

Out in the darkness of space, something is targeting the Greatships. With their vast cargo holds and a crew that could fill a city, the Greatships are the lifeblood of human occupied space, transporting an unimaginable volume - and value - of goods from City, the greatest human orbital, all the way to Tradepoint at the other, to trade for xenoglas with an unknowable alien species. It has always been Marca Nbaro's dream to achieve the near-impossible: escape her upbringing and venture into space. All it took, to make her way onto the crew of the Greatship Athens was thousands of hours in simulators, dedication, and pawning or selling every scrap of her old life in order to forge a new one. But though she's made her way onboard with faked papers, leaving her old life - and scandals - behind isn't so easy. She may have just combined all the dangers of her former life, with all the perils of the new . . .
