SOON TO BE AN APPLE TV+ SERIES A Washington Post Notable Work of Fiction \* Winner of the British Book Awards Fiction Book of the Year and overall Book of the Year \* A Kirkus Reviews Best Book of The Year \* Waterstones Book of the Year \* Costa Book Award Finalist "A novel of almost insolent ambition—lush and fantastical, wild Eden behind a garden gate...it's part ghost story and part natural history lesson, part romance and part feminist parable. I found it so transporting that 48 hours after completing it, I was still resentful to be back home." —New York Times London, 1893. When Cora Seaborne's brilliant, domineering husband dies, she steps into her new life as a widow with as much relief as sadness: her marriage was an unhappy one, and she never suited the role of society wife. Seeking refuge in fresh air and open space, she leaves the metropolis for coastal Essex, accompanied by her inquisitive and obsessive eleven-year-old son, Francis, and the boy's nanny, Martha, her fiercely protective friend. Once there, they hear rumors that after nearly three hundred years, the mythical Essex Serpent, a fearsome creature that once roamed the marshes, has returned. When a young man is mysteriously killed on New Year's Eve, the community's dread transforms to terror. Cora, a keen amateur naturalist with no patience for religion or superstition, is immediately enthralled, certain that what locals think is a magical sea beast may be a previously undiscovered species. Eager to investigate, she is introduced to parish vicar William Ransome, who is equally suspicious of the rumors but for different reasons: a man of faith, he is convinced the alarming reports are caused by moral panic, a flight from the correct and righteous path. As Cora and William attempt to discover the truth about the Essex Serpent's existence, these seeming opposites find themselves inexorably drawn together in an intense relationship that will change both of them in ways entirely unexpected. And as they search for answers, Cora's London past follows her to the coast, with striking consequences. Told with exquisite grace and intelligence,

The Essex Serpent masterfully explores questions of science and religion, skepticism and faith, but it is most of all a celebration of love, and the many different—and surprising—guises it can take.

**Dread Nation** Vintage Crime/Black Lizard

An instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate "Handmaids" under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the "time before" and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, *The Handmaid's Tale* is at once a mordant satire and a dire warning.

Lost Boys W. W. Norton & Company

From Emma Hooper, acclaimed author of *Etta and Otto* and *Russell and James*, a *People* magazine “Pick of the Week,” comes a “haunting fable about the transformative power of hope” (Booklist, starred review) in a charming and mystical story of a family on the edge of extinction. The Connor family is one of the few that is still left in their idyllic fishing village, Big Running; after the fish mysteriously disappeared, most families had no choice but to relocate and find work elsewhere. Aidan and Martha Connor now spend alternate months of the year working at an energy site up north to support their children, Cora and Finn. But soon the family fears they'll have to leave Big Running for good. And as the months go on, plagued by romantic temptations new and old, the emotional distance between the once blissful Aidan and Martha only widens. Between his accordion lessons and reading up on Big Running's local flora and fauna, eleven-year-old Finn Connor develops an obsession with solving the mystery of the missing fish. Aided by his reclusive music instructor Mrs. Callaghan, Finn thinks he may have discovered a way to find the fish, and in turn, save the only home he's ever known. While Finn schemes, his sister Cora spends her days decorating the abandoned houses in Big Running with global flair—the baker's home becomes Italy; the mailman's, Britain. But it's clear she's desperate for a bigger life beyond the shores of her small town. As the streets of Big Running continue to empty Cora takes matters—and her family's shared destinies—into her own hands. In *Our Homesick Songs*, Emma Hooper paints a gorgeous portrait of the Connor family, brilliantly weaving together four different stories and two generations of Connors, full of wonder and hope. Told in Hooper's signature ethereal style, “this delicate elegy for a dying way of life crescendos into a love song binding family members across the waters” (Kirkus Reviews).
