With exercises, practical tools, and inspiring stories, Deeper Dating will guide you on a journey to find the love—and personal fulfillment—you long for. Lose weight. Be confident. Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In Deeper Dating, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. Deeper Dating guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer.

. . . Deeper Dating integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.

Love Exists. It's for You--and It's Worth Pursuing Rock princess Lacey Sturm wants to share her journey from heartbreak to wholeness with young women. In The Mystery, Sturm helps readers understand that any loving relationship begins with knowing your own identity in Christ. And yet, so many people have learned to define love through their own dysfunctional family, unhealthy relationships, the romances and wrecked relationships of mainstream pop culture, or, sadly, through pornography. Is it any wonder so many people end up brokenhearted, divorced, abused, abusive,

or even suicidal? Through personal stories, Sturm shows readers why true love is difficult and often painful but still worth fighting for. She helps women recognize destructive patterns in their relationships, discover a vision for a true and heart-flourishing love, and heal from past wounds. For anyone seeking healthy, loving relationships in our broken world, The Mystery lights the way to the love we were meant for.

"A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of

candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “ Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation ” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists ’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she ’ d read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. “ Perfect fodder for the romantic and the cynic in all of us ” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “ Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship ” (The Toronto Star).

His controlling, bad-boy demeanor should've had me running in the other direction. But there was something behind that dominant presence of his. Something guarded. And I had to find out what it was. I knew it was probably in my best interest to stay away. But when was I ever one to listen?
