But I could live with the audio issues on some channels if the app worked, but after trying to delete and reinstall it, now NONE of the channels work. The menu and guide is fine, but if I try to watch a channel I just get color bars. And when trying to change channels, it says it can't connect to the Verizon FIOS server.

The program guide comes over the cable, not directly from FiOS, but through your router. Each of the STBs has an IP address which communicates with the router. Often when you get a 'program information not available' message, best thing is to turn off the router for about a minute and then power it up again.

Even if you are not currently using the Internet, your router still needs to be turned on so that FiOS TV can function properly. To manually reset your router:
Unplug the power cord to your Router for 15 seconds and then plug it back into the electrical outlet. Wait 30 seconds and then check to see if this resolves the trouble.
