H.P. Blavatsky's The Secret Doctrine is the foundational text for the dissemination of the esoteric tradition, as promulgated by the Masters of

Wisdom for this new epoch. The Theosophical Society, the writings of Alice Bailey, Helena Roerich and other esotericists, are founded upon the basis of the advanced esoteric doctrines promulgated in that text. Here, for the first time, a proper exposition of the mode of the coding of the esoteric texts presented by the Masters is revealed. The object being to assist serious students of the esoteric doctrines to gain much deeper insights as to the nature of the hidden wisdom of the revelatory writings emanating from the Hierarchy of enlightened beings. This book consequently presupposes that the reader is familiar with the context of the writings of the above authors, and also

my writings, because of the nature of the advanced esotericism that needs to be explicated. The focus of this analysis is upon the Stanzas of Dzyan (stanzas for meditation), the backbone of The Secret Doctrine. Those that take the time to properly study the texts will comprehend the vastness of the philosophy and awareness attained by enlightened beings, and so hopefully aspire to likewise gain enlightenment.

THOUGH saints have sometimes been at loggerheads and, for instance, you would trust St. Jerome on St. Augustine no more than you would Manning on Newman, a special authority invests one saint when he does bring himself to write the life of another. Not that literary skill is guaranteed, but that, in the first place, informed sympathy with the heart of the

matter can be expected, a response to what holiness is about, some account of the essential business which does not reduce it to the terms of a psychological case-history or substitute for it merely a natural, if unusual, reaction to the conditions of environment. Next, when the two have lived and prayed closely together, have followed the same daily round and undergone the same weather, have shared friends, acquaintances, and critics, have belonged to the same religious family and engaged in common enterprises, and, finally, have kept no secrets from each other, then you rightly look for an appreciation of the individual embodiment of holiness, together with the moods, the cast of countenance, and even the quirks that went with this falling and remaining in love with God.

Fire Light is an Urban Fantasy novel. Jake is a geek-part jock, part

geek-who finds out he's an unwitting target of genocide against a secret society known as the Druids-a society he didn't even know he belonged to. O'Brien, one of the last druids, is his mentor. Unfortunately, he is a dud when it comes to magic, but at least he is ex-military. As for picking his girlfriend . . . well, that's a split decision. Alexis and Kendra are opposites in almost every way. Now, if he can just survive the nightwalker-an obsidian-skinned creature with a thirst for blood and a banshee's mind-destroying scream, who wears a cloak black enough to make the grim reaper jealous-then he might have a chance. Ultimately,

protecting his loved ones, and himself if possible, becomes his priority.-- A mash up of Jim Butcher's Dresden Files and Stephanie Meyer's Twilight. Revival: Mysticism (1911) Universal Dharma Publishing

This book falls naturally into two parts: each of which is really complete in itself, though they are in a sense complementary to one another. Whilst the second and longest part contains a somewhat detailed study of the nature and development of man ' s spiritual or

mystical consciousness in the first is intended rather to provide an introduction to the general subject of mysticism. Exhibiting it by turns from the point of view of metaphysics, psychology, and symbolism, it is an attempt to gather between the covers of one volume information at present scattered amongst many monographs and texts books written in divers tongues, and to give the student in a compact form at least the elementary facts in regard to each of those subjects which are most closely connected with the study of the mystics.

Werner's Magazine Ken Nunoo From her earliest years, Catherine of Siena (1347-80) was gripped by the mystery of God incarnate. This was the beginning of a life-long love story, a life-long conversion in which Christ spoke to Catherine and she communicated the truth of his

being to the world of her time. Creation itself, she says, is an act of love, and Christ is the bridge by which human beings come to realize their full humanity, their inmost nature, which is to love. Mystic, champion of the poor and Church reformer, Catherine was declared a Doctor of the Church in 1970. She was unable to write until she was thirty, but she corresponded with Popes, Cardinals, scholars and civic authorities. She was a true daughter of the fourteenth century, famous in her own life time, and yet her thinking and her work seem entirely relevant in the political and ecclesial context of our own time. When Pope

Paul VI was asked whether she should be considered a politician, his answer was yes, but in a thoroughly spiritual way; this, he said, is why 'the teaching of this singular woman politician is still meaningful and valuable'.
