The true story behind the events that inspired the major motion picture *Only the Brave*. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--"Donut" as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. *Granite Mountain* is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, *Granite Mountain* is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

Golding's iconic 1954 novel, now with a new

foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

A New Mexico man faces off against the government in a battle over his land in this novel by the author of *Desert Solitaire*. After nine months away at school, Billy Vogelin Starr returns home to his beloved New Mexico—only to find his grandfather in a standoff with the US government, which wants to take his land and turn it into an extension of the White Sands Missile Range. Facing the combined powers of the US county sheriff, the Department of the Interior, the Atomic Energy Commission, and the US Air Force, John Vogelin stands his ground—because to Vogelin, his land is his life. When backed into a corner, a tough old man like him will come out fighting . . . *Fire on the Mountain* is a suspenseful page-turner by "one of the very best writers to deal with the American West"—the acclaimed author of such classics as *The Monkey Wrench Gang* and the memoir *Desert Solitaire* (The Washington Post). Call of the Mountain New York : Toronto : Sudan Interior Mission

A stunning literary survival story of three young Sudanese boys, two brothers and a cousin—hailed by the Los Angeles Times as a “moving, beautifully written account, by turns warm and tender.” Between 1987 and 1989, Alepho, Benjamin, and Benson, like tens of thousands of young boys, took flight from the massacres of Sudan's civil war. They became known as the Lost Boys. With little more than the clothes on their backs, sometimes not even that, they streamed out over Sudan in search of refuge. Their journey led them first to Ethiopia and then, driven back into Sudan, toward Kenya. They walked nearly one thousand miles, sustained only by the sheer

will to live. They Poured Fire on Us from the Sky is the three boys' account of that unimaginable journey. With the candor and the purity of their child's-eye-vision, Alephonsian, Benjamin, and Benson recall by turns: how they endured the hunger and strength-sapping illnesses—dysentery, malaria, and yellow fever; how they dodged the life-threatening predators—lions, snakes, crocodiles and soldiers alike—that dogged their footsteps; and how they grappled with a war that threatened continually to overwhelm them. Their story is a lyrical, captivating, timeless portrait of a childhood hurled into wartime and how they had the good fortune and belief in themselves to survive.

This volume features new perspectives on the implications of cross-linguistic and cultural diversity for epistemology. It brings together philosophers, linguists, and scholars working on knowledge traditions to advance work in epistemology that moves beyond the Anglophone sphere. The first group of chapters provide evidence of cross-linguistic or cultural diversity relevant to epistemology and discuss its possible implications. These essays defend epistemic pluralism based on Sanskrit data as a commitment to pluralism about epistemic stances, analyze the use of two Japanese knowledge verbs in relation to knowledge how, explore the Confucian notion of justification, and surveys cultural differences about the testimonial knowledge. The second group of chapters defends "core monism"—which claims that despite the cross-

linguistic diversity of knowledge verbs, there is certain core epistemological meaning shared by all languages—from both a Natural Semantic Metalanguage (NSM) and skeptical perspective. The third cluster of essays considers the implications of cultural diversity for epistemology based on anthropological studies. These chapters explore real disparities in folk epistemology across cultures. Finally, the last two chapters discuss methods or perspectives to unify epistemology despite and based on the diversity of folk intuitions and epistemological concepts. Ethno-Epistemology is an essential resource for philosophers working in epistemology and comparative philosophy, as well as linguists and cultural anthropologists interested in the cultural-linguistic diversity of knowledge traditions.

A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." - Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days

and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring.

"In the 1930s, as official government expeditions set their sights on conquering Mount Everest, a little-known World War I veteran named Maurice Wilson conceives his own crazy, beautiful plan: he will fly a plane from England to Everest, crash-land on its lower slopes, then become the first person to reach its summit—all utterly alone. Wilson doesn't know how to climb. He barely knows how to fly. But he has the right plane, the right equipment, and a deep yearning to achieve his goal. In 1933, he takes off from London in a Gipsy Moth biplane with his course set for the highest mountain on earth. Wilson's eleven-month journey to

Everest is wild: full of twists, turns, and daring. Eventually, in disguise, he sneaks into Tibet. His icy ordeal is just beginning."--Provided by publisher.

This book addresses the age old questions: Is there Life after Death? Do we live only one life? A modern-day woman relives her spiritual journey through time as she nears the end of her present life. She recalls past-life memories spanning three thousand years, ranging from the steppes of Asia and the temples of ancient Egypt to nineteenth century America. These memories are framed by vignettes from her current life and conversations with an angel who has much to say about life, death and love. They are creating a vivid and colorful tapestry as she remembers opportunities offered and decisions made which became turning points in each life.

A devastating and lyrical work of nonfiction, *Young Men and Fire* describes the events of August 5, 1949, when a crew of fifteen of the US Forest Service's elite airborne firefighters, the Smokejumpers, stepped into the sky above a remote forest fire in the Montana wilderness. Two hours

after their jump, all but three of the men were dead or mortally burned. Haunted by these deaths for forty years, Norman Maclean puts together the scattered pieces of the Mann Gulch tragedy in *Young Men and Fire*, which won the National Book Critics Circle Award. Alongside Maclean's now-canonical *A River Runs through It and Other Stories*, *Young Men and Fire* is recognized today as a classic of the American West. This twenty-fifth anniversary edition of Maclean's later triumph—the last book he would write—includes a powerful new foreword by Timothy Egan, author of *The Big Burn* and *The Worst Hard Time*. As moving and profound as when it was first published, *Young Men and Fire* honors the literary legacy of a man who gave voice to an essential corner of the American soul.
