cylinder is number 1, the one parallel to it is 2, behind 1 there's 3 and parallel to it is 4. Behind 3 is 5 and parallel to it is 6. So basically you have three rows of two opposing cylinders each. The firing order goes from the first cylinder to the next one in the same row and subsequently to the next row behind and ending with the the last cylinder on the third row, First row 1-2, second row 3-4, third row 5-6.
