Taking place during the most critical period of our nation's birth, *The First Conspiracy* tells a remarkable and previously untold piece of American history that not only reveals George Washington's character, but also illuminates the origins of America's counterintelligence movement that led to the modern day CIA. In 1776, an elite group of soldiers were handpicked to serve as George Washington's bodyguards. Washington trusted them; relied on them. But unbeknownst to Washington, some of them were part of a treasonous plan. In the months leading up to the Revolutionary War, these traitorous soldiers, along with the Governor of New York, William Tryon, and Mayor David Mathews, launched a deadly plot against the most important member of the military: George Washington himself. This is the story of the secret plot and how it was revealed. It is a story of leaders, liars, counterfeiterers, and jailhouse confessors. It also shows just how hard the battle was for George Washington and how close America was to losing the Revolutionary War. In this historical page-turner, New York Times bestselling author Brad Meltzer teams up with American history writer and documentary television producer, Josh Mensch to unravel the shocking true story behind what has previously been a footnote in the pages of history. Drawing on extensive research, Meltzer and Mensch capture in riveting detail how George Washington not only defeated the most powerful military force in the world, but also uncovered the secret plot against him in the tumultuous days leading up to July 4, 1776. Praise for *The First Conspiracy*: "This is American history at its finest, a gripping story of spies, killers, counterfeiterers, traitors?and a mysterious prostitute who may or may not have even existed. Anyone with an interest in American history will love this book." —Douglas Preston, #1 bestselling author of *The Lost City of the Monkey God* "A wonderful book about leadership?and it shows why George Washington and his moral lessons are just as vital today. What a book. You'll love it." —President George H.W. Bush "This is an important book: a fascinating largely unknown chapter of our hazardous beginning, a reminder of why counterintelligence matters, and a great read." —President Bill Clinton

In an investigation which will take her into the sinister realms of unbridled human ambition and corrupt scientific endeavour, Jenny is soon forced to risk the love and lives of those closest to her, as a deadly race to uncover the truth begins... *The Chosen Dead* is followed by the sixth novel in the *Coroner Jenny Cooper* series, *The Burning*. The first book in the classic vigilante action series from a “writer who spawned a genre” (The New York Times). Overseas, Mack Bolan was dubbed “Sgt. Mercy” for the compassion he showed the innocent. On the home front, they’re calling him the Executioner for what he’s doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it’s not to reunite with his family, it’s to bury them—victims in a mass murder/suicide. Even though Bolan’s own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero “who would make Jack Reacher think twice,” this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics’ The Punisher, credits the Executioner as “my inspiration . . . that’s what gave me the idea for the lone, slightly psychotic avenger.” The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.

Decorating her back are two small dots an inch apart. Just like the others. Guilt has kept FBI Agent Tori Hunter away from her home in Manchester Bay, Minnesota for twenty years, ever since her twin sister disappeared on the Fourth of July, when the girls should have been together. But when she receives an anonymous newspaper clipping about another missing girl, Genevieve, Tori is dragged back to the past. Just like Tori's sister, Genevieve vanished without a trace, her empty car abandoned on a lonely lakeside road as Independence Day fireworks lit up the sky overhead. Returning to Minnesota lake country, Tori finds Genevieve's distraught parents desperate for answers. How could their beautiful, popular daughter be snatched so near her own home? Under pressure to make an arrest, the police have no time for Tori's theories. Besides, they already have a suspect for Genevieve's abductor: a local man seen flirting with her the night she disappeared. When the suspect is found dead in his isolated cabin, his apparent suicide confirms his guilt to police. But Tori's instincts tell her otherwise. Digging into cold cases, she discovers four women over the past twenty years who were found murdered in their cars late at night. Each had two puncture marks on her back. And when another missing young woman is found bound and strangled in the trunk of her own car, the tell-tale dots prove Tori's suspicions tragically right. A dangerous killer is still out there... Can Tori stop him before Genevieve meets the same fate? And if her twin's kidnapper is pulling the strings, will Tori be the next to disappear? Harlequin Love Inspired Suspense October 2019 - Box Set 1 of 2 Roger Stelljes

Author of the books that inspired True Blood on HBO and Midnight, Texas on NBC Newspaper reporter Catherine Linton ignored her investigative instincts when her parents died in a mysterious car crash six months ago — grief obscuring the warning signs that something was amiss. But when she discovers the beaten body of her father's nurse on Linton property, Catherine quickly realizes her parents' death was no accident. Though the sleepy Southern town that Catherine's family has called home for generations still prickles with racial tension and decades-old classism, Catherine never expected that Lowfield, Mississippi, could harbor a murderer. Now, it seems everyone has a terrible secret. But how many people in Lowfield would kill to keep them hidden? Catherine finds herself both the sheriff's lead suspect and the killer's next target. With the help of her handsome editor, Randall, and her quirky fellow reporter, Tom, Catherine must untangle the dark roots of the murders and stop the killer who wears a neighbor's face. Sweet and Deadly is the thrilling stand-alone mystery debut from Charlaine Harris, the #1 New York Times bestselling author of the Sookie Stackhouse vampire series, as well as the award-nominated Aurora Teagarden Series, Lily Bard Series, and Harper Connelly Series.

Behold a Pale Horse North Star Press of St Cloud

The lights of her parents' cabin just visible through the woods, the girl carefully curls up amongst the reeds, her knees pulled tight to her chest. Terrified, the only sound she makes is the pounding of her heart, but she hears the stranger searching... if she keeps silent, will she be safe? When Agent Tori Hunter is urgently called to the murder scene of Dan and Heidi Newman, she finds their throats slit, and Dan tied up: forced to watch his wife lose her life. Tori's first thought is for their seventeen-year-old daughter Cara who is nowhere to be found. Will this popular young girl be the next victim? A broken bracelet is the one clue left at the scene, but the team are running in circles until Tori finally tracks down Cara hiding in the woods. Sobbing, the devastated girl says all she remembers is a flash of a man's face as she was chased through the forest... Desperate to find the monster behind this crime, Tori pieces together the broken chain: and it leads her to an elderly lady living alone nearby. When the woman won't speak to police, Tori senses that although it means breaking all the rules, introducing Cara will show this lonely soul what's at stake. And once inside her house, Cara gasps when she sees a framed photo on display. It's the man who chased her... But then another local couple is murdered in their isolated home, another husband forced to watch his worst nightmare unfold. As more couples lose their lives, can Tori keep Cara, her one witness, safe from this vicious killer? And can she track him down before more innocent families are torn apart? An absolutely addictive and mind-

blowing crime thriller that will have you glued to the pages through each and every twist, until the final shocking conclusion. Fans of Kendra Elliot, Robert Dugoni and Lisa Jackson won't be able to put this down.
