Bar Graphs - Lesson Plan - Ms. Anderson's First Grade Class
Each bar graph needs to have a title reflecting the data that has been collected. Each axis of the bar graph needs to be labeled. After identifying the categories of data, each category should be labeled with a word or a picture. The number of items needs to be labeled on the other axis, starting with 0. By ensuring that their bar graphs will

have the correct title and labels, students will also be meeting Mathematical Practice 6, attending to precision.
