Can I Be Your Dog? Teacher Created Materials

"Writing allows each of us to live with that special wide-awakeness that comes from knowing that our lives and our ideas are worth writing about." -Lucy Calkins Teaching Writing is Lucy Calkins at her best-a distillation of the work that's placed Lucy and her colleagues at the forefront of the teaching of writing for over thirty years. This book promises to inspire teachers to teach with renewed passion and power and to invigorate the entire school day. This is a book for readers who want an introduction to the writing workshop, and for those who've lived and breathed this work for decades. Although Lucy addresses the familiar topics-the writing process, conferring, kinds of writing, and writing assessment- she helps us see those topics with new eyes. She clears away the debris to show us the teeny details, and she shows us the majesty and meaning, too, in these simple yet powerful teaching acts. Download a sample chapter for more information.

But Jeremy's grandma tells him they don't have room for "want," just "need," and what Jeremy needs are new boots for winter. When Jeremy's shoes fall apart at school, and the guidance counselor gives him a hand-me-down pair, the boy is more determined than ever to have those shoes, even a thrift-shop pair that are much too small. *Wall Street Journal* bestseller! For anyone who wants to be heard at work, earn that overdue promotion, or win more clients, deals, and projects, the bestselling author of *Captivate*, Vanessa Van Edwards, shares her advanced guide to improving professional relationships through the power of cues. What makes someone charismatic? Why do some captivate a room, while others have trouble managing a small meeting? What makes some ideas spread, while other good ones fall by the wayside? If you have ever been interrupted in meetings, overlooked for career opportunities or had your ideas ignored, your cues may be the problem - and the solution. Cues - the tiny signals we send to others 24/7 through our body language, facial expressions, word choice, and vocal inflection - have a massive impact on how we, and our

---

ideas, come across. Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likeability, and charisma in every interaction. You'll learn:

- Which body language cues assert, "I'm a leader, and here's why you should join me."
- Which vocal cues make you sound more confident
- Which verbal cues to use in your résumé, branding, and emails to increase trust (and generate excitement about interacting with you.)
- Which visual cues you are sending in your profile pictures, clothing, and professional brand. Whether you're pitching an investment, negotiating a job offer, or having a tough conversation with a colleague, cues can help you improve your relationships, express empathy, and create meaningful connections with lasting impact. This is an indispensable guide for entrepreneurs, team leaders, young professionals, and anyone who wants to be more influential.
