Beginning Biblical Hebrew Hendrickson Publishers

A noted authority on biblical Hebrew grammar uses the best of both deductive and inductive approaches with a view

toward aiding exegesis.

Intermediate Biblical Hebrew R. R. Bowker
Highly regarded Old Testament theologian John Goldingay is often asked about the interpretation of the Bible, about the way we are to understand the stories in the Bible, about the relationship between the Old Testament and the New, and so on. In this volume he explores twenty-three questions related to biblical interpretation, articulating creative, provocative explanations for today's church. The book is divided into four parts: concerning Scripture as a whole; concerning narrative; concerning the Old Testament as a whole; and

concerning the Torah, the Prophets, and the Writings. Students of the Old Testament, pastors, and laypeople will value this work. *The First Hebrew Primer* Baker Academic
Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever. But is this what the Bible truly teaches? Do Christians need to rethink their understanding of hell? In the late twentieth century, a growing number of evangelical theologians, biblical scholars, and philosophers began to reject the traditional doctrine of eternal conscious torment in

hell in favor of a minority theological perspective called conditional immortality. This view contends that the unsaved are resurrected to face divine judgment, just as Christians have always believed, but due to the fact that immortality is only given to those who are in Christ, the unsaved do not exist forever in hell. Instead, they face the punishment of the "second death"--an end to their conscious existence. This volume brings together excerpts from a variety of well-respected evangelical thinkers, including John Stott, John Wenham, and E. Earl Ellis, as they articulate the biblical, theological, and philosophical arguments for conditionalism. These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell.

Complete Idiot's Guide to the World of the Bible Baker Academic

Following the overall structure of the highly successful Basics of Biblical Greek, this course focuses on biblical Hebrew. With the help of an accompanying CD-ROM, this text emphasizes the structural pattern of the language and minimizes rote memorization.

The Beginner's Dictionary of

Prayerbook Hebrew BRILL

A comprehensive introduction to reading, writing, and pronunciation of modern Hebrew
Colloquial Hebrew Routledge
Colloquial Hebrew provides a step-by-step course in Hebrew as it is written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Hebrew in a broad range of situations. No prior knowledge of the language is required. Key features include: • progressive coverage of speaking, listening, reading and writing skills • structured, jargon-free explanations of grammar • an extensive range of focused and stimulating exercises • realistic and entertaining dialogues covering a broad variety of scenarios • useful vocabulary lists throughout the text • additional resources available at the back of the book, including a full answer key, a grammar summary and bilingual glossaries
Balanced, comprehensive and rewarding,

Colloquial Hebrew will be an indispensable resource both for independent learners and students taking courses in Hebrew. Audio material to accompany the course is available to download freely in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

??????? EKS Publishing
This book is designed to cover one year's work in Hebrew leading up to a full understanding of the language. It has been used by the author with his students for many years and the published text is the result of testing and refining over these years. Every attempt has been made to make the grammar clear and simple. For example, all Hebrew words are transliterated, as well as being given in the original for the first three-quarters of the book. The grammatical

discussion is made as unsophisticated as possible for it is the author's intention that this book should also be of use to those who study Hebrew without a teacher.

Essential Torah A&C Black
The funny follow-up to Kindergarten, Here I Come! Now includes a sheet of stickers! First grade—it's the big time! After all, it's a real honest to goodness grade. In verses that are both funny and full of heart, D.J. Steinberg celebrates big and small moments, ones that all young "scholars" will relate to—baby teeth that won't fall out, choosing the perfect library book, celebrating Pajama Day, and wrangling with the mysteries of spelling. From the first day of school to the last, this engaging anthology is essential reading for all soon-to-be first graders.

Basics of Biblical Hebrew Grammar Wipf and Stock Publishers
This innovative textbook by two leading experts in Biblical Hebrew combines the best of traditional grammars, new insights into Hebrew linguistics, and a creative

pedagogical approach. The material has been field tested and refined for more than a decade by the authors, who are actively engaged in Biblical Hebrew discussions and research. The book includes fifty brief grammar lessons with accompanying workbook-style exercises, appendixes providing more detailed explanations, and a full-color reader—bound at the back of the book for right-to-left reading—that incorporates comics, line drawings, and numerous exercises, all in Hebrew. This work offers a realistic approach to beginning Hebrew, helping students comprehend texts without overloading them with too much information, and it can be adapted to either one-semester or full-year courses. An accompanying website through Baker Academic's Textbook eSources offers helpful resources for students and professors. Resources for students include flash cards and audio files. Resources for professors include sample quizzes, sample exams, sample lesson plans, vocabulary cards, and a full-color printed instructor's manual.

Jesuit Post Hendrickson Publishers
The Routledge Introductory Course in Biblical Hebrew provides a comprehensive introduction to Biblical Hebrew language and texts. Combining a fresh and innovative approach with an in-depth treatment of the language, it presents the essentials of biblical grammar and vocabulary in an engaging and systematic way. Unlike other Biblical Hebrew courses, it is structured around a series of vibrant and memorable stories, with each story reinforced by grammar explanations, supportive exercises, and a concluding genuine biblical text. This coherent focus encourages students to engage with the text actively and facilitate their mastery of the language to the full. Features include: Forty units covering all the topics expected in a first-year Biblical Hebrew course, including the Hebrew writing

system, pointing rules, nouns and adjectives, parsing, mastery of strong and weak verb paradigms and full attention to syntax Clear and detailed grammar explanations supported by plentiful examples An extensive assortment of varied and stimulating exercises designed to reinforce new grammar and develop students' ability to use Biblical Hebrew actively Incorporation of a wide range of genuine biblical texts to familiarise students with the main biblical narrative cycles and to equip them with the ability to read authentic material from the earliest stages of learning A free companion website (www.routledge.com/cw/kahn) offering a wealth of additional instructor and student resources, including many extra exercises and biblical texts, flashcards to test knowledge, a vocabulary guide listing words by part of speech, a full answer key, translations of all

the stories and biblical texts, a sample syllabus, coursework assignments covering the entire contents of the course and audio recordings of the stories and biblical texts Coherent chapter organisation to consolidate and reinforce learning consistently at each step of the course Grammar summary, two-way glossary and subject index presented at the back of the book for easy access A user-friendly text design with original illustrations and clear presentation of the Hebrew script Written by an experienced instructor and extensively trialled at UCL, The Routledge Introductory Course in Biblical Hebrew will be an essential resource for all students beginning to learn Biblical Hebrew.

Society of Biblical Literature scholar, that demonstrates how complimentary teacher helps (www.sbl-site.org).

Introduction to Hebrew

Schocken

Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek. It makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament

the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And

are located on the author's website (<http://www.homeschooling.org>).

[Annotated Key to Lambdin's Introduction to Biblical Hebrew](#) Wipf and Stock Publishers

Lambdin's Introduction to Biblical Hebrew has established itself as a standard textbook in colleges and universities as well as being frequently used by those who wish to teach themselves Biblical Hebrew. The lack of a key to the many exercises in the book has been widely regretted, but this lack is made good with the present publication. Having used Lambdin as a teaching aid for more than ten years, however, Williamson has become aware of some areas in which students still find difficulty. He has therefore

supplemented his Key with many further comments and explanations drawn from his teaching experience with the aim of helping readers to a better understanding of both grammar and syntax.

A Greek-English Lexicon of the Septuagint Feldheim Publishers

Whether you are studying the Bible for the first time or you're simply curious about its history and contents, you will find everything you need in this "accessible, well-written handbook to Jewish belief as set forth in the Torah" (The Jerusalem Post). George Robinson, author of the acclaimed *Essential Judaism*, begins by recounting the various theories of the origins of the Torah and goes on to explain its importance as the core element in Jewish belief and practice. He discusses the basics of Jewish theology and Jewish history as they are derived from the Torah, and he outlines how the Dead Sea Scrolls and other archaeological discoveries have enhanced our understanding of the Bible. He

introduces us to the vast literature of biblical commentary, chronicles the evolution of the Torah's place in the synagogue service, offers an illuminating discussion of women and the Bible, and provides a study guide as a companion for individual or group Bible study. In the book's centerpiece, Robinson summarizes all fifty-four portions that make up the Torah and gives us a brilliant distillation of two thousand years of biblical commentaries—from the rabbis of the Mishnah and the Talmud to medieval commentators such as Rashi, Maimonides, and ibn Ezra to contemporary scholars such as Nahum Sarna, Nechama Leibowitz, Robert Alter, and Everett Fox. This extraordinary volume—which includes a listing of the Torah reading cycles, a Bible time line, glossaries of terms and biblical commentators, and a bibliography—will stand as the essential sourcebook on the Torah for years to come.

Answer Book: the First Hebrew Primer, Third Edition Baker Academic

For more than a generation, Rabbi

Michael L. Munk, as a sidelight to his busy schedule of educational and communal work, has fascinated audiences with his learned and provocative lectures on the Hebrew alphabet. In the process of opening eyes and raising eyebrows, he has convinced countless people that his contention is true: the Hebrew alphabet abounds in scholarly and mystical meaning. He has developed and proven a profound thesis. The alphabet -- if correctly understood -- is a primer for life. Ethical conduct, religious guidance, philosophical insights, all are nestled in the curls, crowns, and combinations of the Hebrew letters. This is one of those rare books that is both interesting and profound, learned and readable. The wisdom and compassion of the author is evident in those subtle ways that do not intrude on the reader, but give him the satisfaction of knowing that a rich, warm, productive lifetime of experience is flavoring the text.

An Introduction to Aramaic Penguin
This complete lexicon supercedes its two earlier editions (1993; 2002). The entire Septuagint,

including the apocrypha, is covered. For the books of Samuel, Kings, Chronicles, and Judges the so-called Antiochene edition is fully covered in addition to the data as found in the standard edition by Rahlfs. Also fully covered are the two versions of Tobit, Esther, and Daniel. Based on the critically established Gottingen edition where it is available. If not, Rahlfs's edition is used. For close to 60% of a total of 9,550 headwords all the passages occurring in the LXX are either quoted or mentioned. A fully fledged lexicon, not a glossary merely listing translation equivalents in English. Senses defined. Important lexicographical data such as synonyms, antonyms, idiomatic expressions, distinction between literal and figurative, combinations with prepositions, noun cases, syntagmatic information such as what kind of direct or indirect objects a given verb takes, what kind of nouns a given adjective is used with, and much more information abundantly presented and illustrated with quotes, mostly translated. High-

frequency lexemes such as prepositions and conjunctions fully analysed. Data on contemporary Koine and Jewish Greek including the New Testament taken into account. Morphological information provided: various tenses of verbs, genitive forms of nouns etc. Substantive references to the current scientific literature. An indispensable tool for students of the Septuagint, the New Testament, Hellenistic Judaism, and the Greek language. A Primer on the Book of Revelation Orbis Books

In "Discourse Grammar of the Greek New Testament," Steve Runge introduces a function-based approach to language, exploring New Testament Greek grammatical conventions based upon the discourse functions they accomplish. Runge's approach has less to do with the specifics of language and more to do with how humans are wired to process it. The approach is cross-linguistic. Runge looks at how all languages operate before he

focuses on Greek. He examines linguistics in general to simplify the analytical process and explain how and why we communicate as we do, leading to a more accurate description of the Greek text. The approach is also function-based--meaning that Runge gives primary attention to describing the tasks accomplished by each discourse feature. This volume does not reinvent previous grammars or supplant previous work on the New Testament. Instead, Runge reviews, clarifies, and provides a unified description of each of the discourse features. That makes it useful for beginning Greek students, pastors, and teachers, as well as for advanced New Testament scholars looking for a volume which synthesizes the varied sub-disciplines of New Testament discourse analysis. With examples taken straight from the "Lexham Discourse Greek New Testament," this volume helps

readers discover a great deal about what the text of the New Testament communicates, filling a large gap in New Testament scholarship. Each of the 18 chapters contains: - An introduction and overview for each discourse function - A conventional explanation of that function in easy-to-understand language - A complete discourse explanation - Numerous examples of how that particular discourse function is used in the Greek New Testament - A section of application - Dozens of examples, taken straight from the Lexham Discourse Greek New Testament - Careful research, with citation to both Greek grammars and linguistic literature - Suggested reading list for continued learning and additional research

Introduction to Biblical

Hebrew Brill Academic Publishers

"Revelation is sooo complicated!" Wait a minute!

If a Jewish fisherman understood what his Rabbi showed him, then it shouldn't be hard for us, either. We just need his tools. Fortunately, God left them for us in the same place John found them: the Bible. This Primer uses the rest of the Bible to explain Revelation in plain language. We've banned the big words professors use. We've thrown out their multi-part sentences, and we don't waste time explaining why we disagree with somebody. Instead, we try to let the text speak for itself. When you read this Primer, you'll see that it was written for you with great respect for God's word. By the way, Revelation isn't that complicated. After all, it's "the revealing of Jesus Christ."
