Living life is a burden for some, turmoil for others, happiness for a few and enjoyment for some. People usually get stuck in life after some unpleasant incidence and are unable to move ahead in their lives. Living a happy, content and satisfied life is an art, very few people have mastered. The more and more people become experts in this aspect, the more peace will prevail in the world and we would not have to distinguish between heaven and hell. Each human being has the capacity to create their heaven on earth for themselves. The day we realise our own potential, we would be magicians of our lives. The protagonist of the book METAMORPHOSIS Dr. Shalinii is fighting a lone battle in adverse conditions to create a nonexistent world. The memories of her dear husband, whom she loves a lot, and her medical life haunt her and at the same time give her strength to deal with the challenges she faces. Will she win the battle of her own life?
