The American love affair with the Bungalow continues. And in this most adored housing style, it is the kitchen that homeowners must most often restore, renovate, or remodel. But no one wants an authentic Bungalow kitchen, which was a rustic space that usually featured just a stove, a hoosier, and a sink. While there are books that describe the authentic Bungalow kitchen, there are few that show readers how to update a Bungalow to handle today's lifestyle needs and personal preferences. Happily, manufacturers today understand the demand, and there are many material and appliance options for homeowners--and the designers they hire--to bring contemporary convenience and beauty to an updated or new Bungalow kitchen. The New Bungalow Kitchen not only provides wonderful historical nuggets about Bungalow kitchens, it offers a plethora of ideas about how to create a tastefully restored or remodeled kitchen, or build new within the style.

The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

[Creative Strategy](#) People tend to think of creativity and strategy as opposites. This book argues that they are far more similar than we might expect. More than this, actively aligning

creative and strategic thinking in any enterprise can enable more effective innovation, entrepreneurship, leadership and organizing for the future. By considering strategy as a creative process (and vice versa), the authors define 'creative strategy' as a mindset which switches between opposing processes and characteristics, and which drives every aspect of the business. The authors draw experiences and cases from across this false divide - from the music industry, sports, fashion, Shakespearean theatre companies, creative and media organizations and dance, as well as what we might regard as more mundane providers of mainstream products and services - to uncover the creative connections behind successful strategy. "Creative Strategy is a talisman for those looking to take a new path" Matt Hardisty, Strategy Director, Mother Advertising "It has been said that business is a hybrid of dancing and calculation - the former incorporating the creative within a firm, the latter the strategic. Bilton and Cummings show how these apparently contradictory processes can be integrated. Their insights about how firms can 'create to strategize' and 'strategize to create' are informative for managers and management scholars alike." Jay Barney, Professor and Chase Chair of Strategic Management, Fisher College of Business, The Ohio State University "In today's world, new thinking - creativity - is required to tackle long-standing problems or address new opportunities. The trouble is few organizations understand how to foster and apply creativity, at least in any consistent manner. This book provides new insights into just how that can be done. It moves creativity from being just the occasional, and fortuitous, flash of inspiration, to being an embedded feature of the way the organization is run." Sir George Cox, Author of the Cox Review of Creativity in Business for HM Govt., Past Chair of the Design Council

Architectural Record

National architectural magazine now in its fifteenth year, covering period-inspired design 1700-1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising-all of it design-related, no "lifestyle" ads-is as important to them as the articles.

Remodelista: The A-Z Guide to Remodeling Your Home is a quick and useful guide to remodeling basics, excerpted from Remodelista.

Remodelista.com is the go-to, undisputed authority for home design enthusiasts, remodelers, architects, and designers. Unlike sites that cater to all tastes, Remodelista has a singular and clearly defined aesthetic: classic pieces trump designs that are trendy and transient, and well-edited spaces take precedence over cluttered environments. High and low mix seamlessly here, and getting the look need not be expensive (think Design Within Reach meets Ikea). Remodelista decodes the secrets to achieving this aesthetic, with in-depth tours and lessons from 12 enviable homes; a recipe-like breakdown of the hardest-working kitchens and baths; dozens of do-it-yourself projects; "The Remodelista 100," a guide to the best everyday household objects; and an in-depth look at the ins and outs of the remodeling process. In a world of design confusion, Remodelista takes the guesswork out of the process. **Remodelista: The A-Z Guide to Remodeling Your Home** Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.
