Genesis by Christie Rich is the third novel in this series about

an Elemental named Rayla Tate. So far it has been my favorite. In "Five" the first of this series, we are introduced to Rayla, who is an Elemental, or one who can manipulate the elements. She was raised in the dark about Elementals and the fae realm she'd soon get thrown into.

### **Smashwords – Five – a book by Christie Rich**

After reading Christie's first book Five (Elemental Enmity) I just had to know more about this story and thank god there is a second book already out. Now my only problem is I read it in a day :( and there is no third book to appease my dying curiosity. The Second book ends on a cliff hanger of mass proportions, having said this that is the only complaint I have about this entire book.
