Five Little Monkeys Reading in Bed finds just what the title suggests, with five monkeys reading past their bedtime. When Mommy Monkey catches them reading after lights out, they are only settled for a few minutes before they're back at the books, responding to spooky stories with screams and joke books with rambunctious laughter.

After their mama reads to them, it's bedtime for the Five Little Monkeys. But they can't resist reading just one more book . . . or three! Soon Mama is so tired of trying to get her monkeys to quiet down and go to sleep, she picks up their books and takes them with her. At last, the monkeys are ready to settle down . . . until they hear strange sounds from down the hall. Could it be that Mama likes to read in bed too?
