DEFEAT WAS
NOT AN OPTION
The war wasn't
going well. The
mind-numbingly
alien Arachnids
were an enemy
whose like no
civilized race had
ever confronted.
Like some

carnivorous
cancer, the "Bugs"
had overrun
planet after planet
. . . and they
regarded any
competing
sentient species
as only one more
protein source.
They couldn't be
reasoned with, or

even talked to, because no one had the least idea of how to communicate with a telepathic species with no recognizable language . . . and whose response to any communication attempt was a missile salvo. No one knew how large their civilization^¾if it could be called a "civilization"^¾actually was, or how it was organized, but the huge fleets they threw against their opponents suggested that it was enormous. The Grand Alliance of Humans, Orions, Ophiuchi, and Gorm, united in desperate self-

defense, have been driven to the wall. Billions of their civilians have been slaughtered. Their most powerful offensive operation has ended in shattering defeat and the deaths of their most experienced and revered military commanders. The edge in technology with which they began the war is eroding out from under them and whatever they do, the Bugs just keep coming. But the warriors of the Grand Alliance know what stands behind them and they will surrender no more civilians to the oncoming

juggernaut. They will die first . . . and they will also reactivate General Directive 18, however horrible it may be. Because when the only possible outcomes are victory or racial extermination, only one option is acceptable. The FINALE of the first arc, -On Basilisk

Station!"
Based on the best-selling military science fiction novels by David Weber, this original comic book series continues the story of Honor Harrington as she investigates the threat to Basilisk Station by the Republic of Haven. Gameboard of the Gods Macmillan Honor Harrington has been called to command Eighth

Fleet against the Republic of Haven, but when she discovers the Star Kingdom is badly outnumbered by the Republic's fleet, the cost of victory will be agonizingly high. *Flag in Exile* Image Comics Peril and strife strike on a double front for Honor Harrington and company. After a brutal attack on the Manticoran home system, Honor Harrington has rooted out a plan designed to enslave the entire human species. Behind that plan lies the shadowy organization known as the Mesan Alignment. Task number one for Honor is to shut down and secure

the wormhole network that is the source of the Star Kingdom's wealth and power³/₄but also its greatest vulnerability. Yet this is an act that the ancient and corrupt Earth-based Solarian League inevitably takes as a declaration of war. The thunder of battle rolls as the Solarian League directs its massive power against the Star Kingdom. And once again, Honor Harrington is thrust into a desperate battle that she must win if she is to survive to take the fight to the real enemy of galactic freedom³/₄the insidious puppetmasters of war who lurk behind the Mesan Alignment! The truth is, when you banish the gods from the world, they eventually come back—with a vengeance. In the

near future, Justin March lives in exile from the Republic of United North America. After failing in his job as an investigator of religious groups and supernatural claims, Justin is surprised when he is sent back with a peculiar assignment—to solve a string of ritualistic murders steeped in seemingly unexplainable phenomena. Justin's return comes with an even bigger shock: His new partner and bodyguard, Mae Koskinen, is a praetorian, one of the Republic's technologically enhanced supersoldiers. Mae's inexplicable beauty and aristocratic upbringing attract Justin's curiosity and desire, but her true

nature holds more danger than anyone realizes. As their investigation unfolds, Justin and Mae find themselves in the crosshairs of mysterious enemies. Powers greater than they can imagine have started to assemble in the shadows, preparing to reclaim a world that has renounced religion and where humans are merely gamepieces on their board.

KNOW THY ENEMY For Captain *Honor Harrington*, it's sometimes hard to know who the enemy really is. Despite political foes, professional jealousies, and the

scandal which drove her into exile, she's been offered a chance to reclaim her career as an officer of the Royal Manticoran Navy. But there's a catch. She must assume command of a "squadron" of jury-rigged armed merchantmen with crew drawn from the dregs of her service and somehow stop the pirates who have taken advantage of the Havenite War to plunder the Star Kingdom's commerce. That would be hard enough, but some of the "pirates" aren't exactly what they seem . . . and neither are some of her "friends," For Honor has been carefully

chosen for her mission¾by two implacable and powerful enemies. The way they see it, either she stops the raiders or the raiders kill her . . . and either way, they win. At the publisher's request, this title is sold without DRM (Digital Rights Management). **Mission of Honor** Baen Publishing Enterprises "And, just to put the icing on the cake, the radical freed slave organization, the Audubon Ballroom, is also on the scene - led by its notorious and ruthless assassin, Jeremy

Harrington Main Series: On Basilisk Station The Honor of the Queen The Short Victorious War Field of Dishonor Flag in Exile Honor Among Enemies In Enemy Hands Echoes of Honor Ashes of Victory War of Honor The Shadow of Saganami At All Costs Storm from the Shadows Mission of Honor A Rising Thunder Shadow of Freedom Uncompromising Honor **The Shadow of Saganami** Baen STUDENTS OF HONOR . . . The Star Kingdom of Manticore is once

again at war with the Republic of Haven after a stunning sneak attack. The graduating class from Saganami Island, the Royal Manticoran Navy's academy, are going straight from the classroom to the blazing reality of all-out war. Except for the midshipmen assigned to the heavy cruiser HMS Hexapuma, that is. They're being assigned to the Talbott Cluster, an out of the way backwater, far from the battle front. The most they can look forward to is the capture of the occasional pirate cruiser and the boring duty of supporting the Cluster's peaceful integration with the Star Kingdom at the freely expressed will of eighty percent of the Cluster's citizens.

With a captain who may have seen too much of war and a station commander who isn't precisely noted for his brilliant and insightful command style, it isn't exactly what the students of Honor Harrington, the "Salamander," expected. But things aren't as simple $\frac{3}{4}$ or tranquil $\frac{3}{4}$ as they appear. The "pirates" they encounter aren't what they seem, and the "peaceful integration" they expected turns into something very different. A powerful alliance of corrupt Solarian League bureaucrats and ruthless interstellar corporations is determined to prevent the Cluster's annexation by the Star Kingdom . . . by any means necessary.

Pirates, terrorists, genetic slavers, smuggled weapons, long-standing personal hatreds, and a vicious alliance of corporate greed, bureaucratic arrogance, and a corrupt local star nation with a powerful fleet, are all coming together, and only Hexapuma, her war-weary captain, and Honor Harrington's students stand in the path. They have only one thing to support and guide them: the tradition of Saganami. The tradition that sometimes a Queen's officer's duty is to face impossible odds . . . and die fighting. At the publisher's request, this title is sold without DRM (Digital Rights Management).

FIRST NEW HONOR HARRINGTON NOVEL IN FIVE YEARS! New York Times, USA Today, Wall Street Journal and international best-selling phenomenon David Weber delivers book #19 in the multiple New York Times best-selling Honor Harrington series, the first new Honor Harrington novel since 2013's *Shadow of Freedom*.
HONOR'S FINISHING WHAT SHE STARTED The Solarian League's

navy counts its superdreadnoughts by the thousands. Not even its own government knows how enormous its economy truly is. And for hundreds of years, the League has borne the banner of human civilization, been the ideal to which humanity aspires in its diaspora across the galaxy. But the bureaucrats known as the "Mandarins," who rule today's League, are not the men and women who founded it so long ago. They are corrupt, venal, accountable to no one . . . and they've decided the upstart Star Kingdom of Manticore must be destroyed. Honor Harrington has worn the Star Kingdom's uniform for half a century and served her monarch and her

people well. In the course of those years, the woman the newsies call the Salamander has grown from a tactically brilliant but politically naïve junior officer to supreme fleet command and a seat on the highest military and political councils of the Grand Alliance. Very few people know war the way Honor Harrington does. Very few have lost as many men and women, as many friends, as much family, as she has. Yet despite that, hers has been a voice of caution. She knows the Mandarins and the Solarian League Navy are growing increasingly desperate as the truth of their technological inferiority sinks home, but she also

knows the sheer size of the League. And she knows how its citizens will react if the Grand Alliance takes the war to the League, attacks its star systems, destroys its infrastructure . . . kills its civilians. Today's victory, bought on those terms, can only guarantee a future war of revenge against a resurgent Solarian League and its navy. Honor knows the Grand Alliance must find a victory that doesn't require incursions deep into Solarian space, doesn't leave a legacy of bottomless hatred, and the strategy she supports has been working. The League is sliding towards inglorious defeat as it steadily loses ground in the Protectorates and the Verge. As its

central government teeters towards bankruptcy and even some of its core systems opt to secede in the face of the Mandarins' corruption. As the Solarian Navy finally realizes it cannot face an Alliance battle fleet and win. But the Mandarins have embraced a desperate new strategy, and in pursuit of that strategy, the SLN has committed atrocities such as the galaxy has not known in a thousand years. The League have violated its own Eridani Edict against mass civilian casualties, violated the Deneb Accords prohibition on war crimes. And they have finally killed too many of the people Honor Harrington loves. Hers is the voice of caution and

From the New York Times
bestselling author of Fatal Vision
comes a shocking true account of murder, family secrets, and final justice now available for the first time as an e-book... One hot summer night in 1988, Bonnie Von Stein's second husband was murdered in their bed, Bonnie herself stabbed, beaten, and left for dead beside him. It looked like a

brutal but tragically typical case: Von Stein was newly wealthy, and Bonnie's troubled son Chris, seemed like the obvious suspect. But Chris turned out to have an air-tight alibi and new leads suggested the crime could be much more complex. The trail led to Chris's two strange new friends from college and a real-life enactment of a bizarre Dungeons and Dragons fantasy adventure, and it implicated Bonnie's teenage daughter as well. In Cruel Doubt, Joe McGinniss

probes the dark heart of family life and small-town North Carolina society to uncover a fascinating and terrifying story that is at once a chilling murder mystery, a tense courtroom drama, and a heartbreaking account of a mother forced to doubt her own children.

[A Call to Insurrection](#)

Baen Publishing Enterprises
Someone is assassinating the leaders of both the Star Kingdom of Manticore and the recently liberated former slave planet of Torch. Though most believe the Republic of Haven is behind

the murders, Anton Zilwicky and Havenite secret agent Victor Cachat believe there is another sinister player behind the scenes. Queen Berry of Torch narrowly escaped one assassination attempt, and a security officer from Beowulf has been assigned to protect her, a task complicated by the young monarch's resentment of bodyguards, and the officer's growing attachment to her.

Meanwhile, powerful forces in the Solarian League are maneuvering against each other to gain the upper hand, not realizing or, perhaps, not caring that their power struggle is threatening the League's very existence and could plunge the galaxy into

war. Once again New York Times best-selling authors David Weber and Eric Flint join forces in an exciting new novel in the Honorverse. At the publisher's request, this title is sold without DRM (Digital Rights Management).
