The Hunger Games meets Matched in this high-concept thriller where citizens must prove their worth by defeating the other version of themselves—their twin. Two of you exist. Only one will survive. West Grayer is ready. She's trained for years to confront her Alternate, a twin raised by another family. Survival means a good job, marriage—life. But then a tragic misstep leaves West questioning: Is she the best version of herself, the version worthy of a future? If she is to have any chance of winning, she must stop running not only from herself, but also from love . . . though both have the power to destroy her. Fast-paced and unpredictable, Elsie Chapman's suspenseful YA debut weaves unexpected romance into a chilling, unforgettable world. Praise for *Dualed*: "A gripping, thought-provoking thriller that keeps your heart racing and your palms sweaty. . . . The kind of book Katniss Everdeen and Jason Bourne would devour." —Andrew Fukuda, author of the Hunt series "Full of unexpected turns. . . . Fans of the Divergent trilogy will want to read this imaginative tale." —VOYA "A fast ride from first to final pages, *Dualed* combines action and heart." —Mindy McGinnis, author of *Not a Drop to Drink* "Intense and swift, *Dualed* grabbed me by the throat and kept me turning pages all the way to the end. Romance and action fans alike will love it." —Elana Johnson, author of the Possession series "Stylish, frenetic, and violent, . . . the textual equivalent of a Quentin Tarantino movie." —Publishers Weekly "A double dose of intensity and danger in this riveting tale of survival, heartache, and love." —Kasie West, author of *Pivot Point* "This thought-provoking survival-of-the-fittest story will leave you breathless for more." —Ellen Oh, author of *Prophecy* "Clever suspense—here, stalking is a two-way street." —Kirkus Reviews

Kate Winters has won immortality. But if she wants a life with Henry in the Underworld, she'll have to fight for it. Becoming immortal wasn't supposed to be the easy part. Though Kate is about to be crowned Queen of the Underworld, she's as isolated as ever. And despite her growing love for Henry, ruler of the Underworld, he's becoming ever more distant and secretive. Then, in the midst of Kate's coronation, Henry is abducted by the only being powerful enough to kill him: the King of the Titans. As the other gods prepare for a war that could end them all, it is up to Kate to save Henry from the depths of Tartarus. But in order to navigate the endless caverns of the Underworld, Kate must enlist the help of the one person who is the greatest threat to her future. Henry's first wife, Persephone.

The only comprehensive one-volume work describing protein-bound lipids Lipid Modifications of Proteins is the first single-volume publication to provide a comprehensive discussion of the five major kinds of protein-bound lipids. The book examines the biochemical activities involved in covalent attachment of different kinds of lipids to proteins, and it indicates the extent of lipid modifications to proteins. The book also thoroughly evaluates current hypotheses on roles of covalent lipids in protein structure and function. This one-of-a-kind volume is essential for molecular biologists, cell biologists, biochemists, biophysicists, microbiologists, and other researchers interested in the effect of lipids on proteins.

Diane France loves bones. Why? Because they talk to her. Every skeleton she meets whispers secrets about the life-and-death-of its owner. Diane France can hear those secrets because she's a forensic anthropologist, a bone detective. She has the science skills and know-how to examine bones for clues to a mystery: Who was this person and how did he or she die? Bones tell Diane about the life and times of famous people in history, from a Russian royal family to

American outlaws and war heroes. They speak to her about murders, mass disasters, and fatal accidents. One day she's collecting skeletal evidence at a crime scene. A phone call later she's jetting to the site of a plane crash or other unexpected tragedy to identify victims. Young readers will be captivated by the thrilling real-life story of this small-town girl full of curiosity and mischief who became a world-famous bone detective.

In this six-session small group Bible study (DVD/digital video sold separately), New York Times bestselling author Lysa TerKeurst helps women understand how cravings for lasting spiritual satisfaction are often mistaken for cravings for food. According to Lysa, craving isn't a bad thing. But the challenge is to realize God created us to crave so we'd ultimately desire more of Him in our lives, not more food. Many of us have misplaced that craving, and overindulge in physical pleasures instead of lasting spiritual satisfaction. If you or someone you know is struggling with unhealthy eating habits, *Made to Crave* will help: Break the "I'll start again Monday cycle" and start feeling good about yourself today Stop beating yourself up over the numbers on the scale and make peace with the body you've been given Discover how weight loss struggles aren't a curse but, rather, a blessing in the making Replace justifications that lead to diet failure with empowering go-to scripts that lead to victory Eat healthy without feeling deprived Reach a healthy weight goal while growing closer to God through the process Sessions include: From Deprivation to Empowerment From Desperation to Determination From Guilt to Peace From Triggers to Truth From Permissible to Beneficial From Consumed to Courageous Bonus session: Moving the Mountain Designed for use with the *Made to Crave* Video Study (sold separately). When used in together, they provide you with practical tools that can strengthen your faith.

In New Orleans, the outbreak brings with it carnival carnage, Mardi Gras mayhem, and zombies on parade. *Zombie Gras* follows the lives of three survivors: a tourist who may never go home, an elderly shopkeeper trying to wait out the zombie apocalypse as if it were another hurricane, and a young man and his girlfriend who conduct volunteer rescues around the city. In this novelette prequel to *Flesh Eaters*, Alisha Adkins delivers a darkly humorous tale that also serves as a parable, chillingly paralleling the strife wrought by Hurricane Katrina and recognizing the resilience of New Orleans' spirit.

From the New York Times bestselling author of *ASYLUM* comes one woman's story as she blogs - and fights back - the zombie apocalypse Allison Hewitt and her five colleagues at the Brooks and Peabody Bookstore are trapped together when the zombie outbreak hits. Allison reaches out for help through her blog, writing on her laptop and utilizing the military's emergency wireless network (SNET). It may also be her only chance to reach her mother. But as the reality of their situation sinks in, Allison's blog becomes a harrowing account of her edge-of-the-seat adventures (with some witty sarcasm thrown in) as she and her companions fight their way through ravenous zombies and sometimes even more dangerous humans. "Madeline Roux manages to answer the eternal question all of us must ask ourselves eventually: "When the zombie apocalypse comes (and it will come), how will I handle it?" For my part, I hope I manage it with as much humanity and determination as Allison. But I would like to make a request for bigger weapons." --Christine Warren, New York Times bestselling author of *The Others* series

Nick considers his life to be relatively normal. However, when a folk singer tells him that he is the embodiment of sin and a raven informs him that he has been chosen to save humanity from impending cataclysmic disaster, he begins to rethink that assessment. Then, just when Nick thinks he might be regaining his sanity, a woman named Susan seeks his assistance from shadows that are attacking her in a parking lot. From there, things start to get weird. Although Nick is an unlikely (and not altogether willing) hero, when strange beings disguised as animals begin to talk to him, what real choice does he have but to listen? They tell him that mankind's collective unconscious is withering and dying, causing rifts to form between conscious reality and the shadow world. As these chasms grow, hostile animated shadows are beginning to leak into physical reality through the cracks. Unless he can seal the rifts, all of reality will be doomed. Reluctantly, Nick embarks on a surreal journey, encountering nine different animal totems and seeking the aid of a witch, an oracle, and evasive subliminal agents. He clumsily battles against the denizens of shadow as they invade waking reality in a variety of harrowing forms. With a bit of luck, he might even figure out how to win Susan's heart along the way. But will he be able to find a way to close the rift between worlds before it's too late? Droll, insightful, and unsettling, *SHADOW SCHISM* may leave you questioning what is "real."

On March 3, 1983, Peter Ivers was found bludgeoned to death in his loft in downtown Los Angeles, ending a short-lived but essential pop cultural moment that has been all but lost to history. For the two years leading up to his murder, Ivers had hosted the underground but increasingly popular LA-based music and sketch-comedy cable show *New Wave Theatre*. The late '70s through early '80s was an explosive time for pop culture: *Saturday Night Live* and *National Lampoon* were leading a comedy renaissance, while punk rock and new wave were turning the music world on its head. *New Wave Theatre* brought together for the first time comedians-turned-Hollywood players like John Belushi, Chevy Chase, and Harold Ramis with West Coast punk rockers Black Flag, the Dead Kennedys, Fear, and others, thus transforming music and comedy forever. The show was a jubilant, chaotic punk-experimental-comedy cabaret, and Ivers was its charismatic leader and muse. He was, in fact, the only person with the vision, the generosity of spirit, and the myriad of talented friends to bring together these two very different but equally influential worlds, and with his death the improbable and electric union of punk and comedy came to an end. The magnetic, impishly brilliant Ivers was a respected musician and composer (in addition to several albums, he wrote the music for the centerpiece song of David Lynch's cult classic *Eraserhead*) whose sublime and bizarre creativity was evident in everything he did. He was surrounded by people who loved him, many of them luminaries: his best friend from his Harvard days was Doug Kenney, founder of *National Lampoon*; he was also close to Harold Ramis and John Belushi. Upon his death, Ivers was just beginning to get mainstream recognition. In *Heaven Everything Is Fine* is the first book to explore both the fertile, gritty scene that began and ended with *New Wave Theatre* and the life and death of its guiding spirit. Josh Frank, author of *Fool the World: The Oral History of a Band Called Pixies*, interviewed hundreds of people from Ivers's circle, including Jello Biafra, Stockard Channing, and David Lynch, and we hear in their own words about Ivers and the marvelous world he inhabited. He also spoke with the Los Angeles Police Department about Ivers's still-unsolved murder, and, as a result of his research, the Cold Case Unit has reopened the investigation. In *Heaven Everything Is Fine* is a riveting account of a gifted artist, his tragic death, and a little-known yet crucial chapter in American pop history.

A dazzling eco-thriller set in a terrifying world with some chilling similarities to our own . . . 17-year-old Banyan is a tree builder. Using salvaged scrap metal, he creates forests for rich patrons who seek a reprieve from the desolate landscape. Although Banyan's never seen a real tree--they were destroyed more than a century ago--his missing father used to tell him stories about the Old World. Everything changes when Banyan meets a mysterious woman with a strange tattoo, a map to the last living trees on earth, and he sets off across a wasteland from which few return. Those who make it past the pirates and poachers can't escape the locusts . . . the locusts that now feed on human flesh. But Banyan isn't the only one looking for the trees, and he's running out of time. Unsure of whom to trust, he's forced to make an alliance with Alpha, a beautiful, dangerous pirate with an agenda of her own. As they race towards a promised land that might only be a myth, Banyan makes shocking discoveries about his family, his past, and how far people will go to bring back the trees.

Situated within the interrelated disciplines of sociolinguistics and sociology of language, this book explores the language use and attitudinal perceptions of a sample of 130 adults who received Gaelic-medium education (GME) at primary school, during the first years of that system's availability in Scotland. As the first students to have attended GME are now in their late 20s and 30s, this volume offers a timely examination of the long-term outcomes of the system in its earliest years, and of the future prospects for Gaelic language maintenance and revitalisation in Scotland. The book presents in-depth discussion and analysis of narratives in order to demonstrate former Gaelic-medium students' present-day relationships to the languages they speak, offering fascinating insights into the possible reasons - historical, ideological and personal - for these relationships. This book presents the first open assessment of the outcomes of Gaelic-medium education in Scotland, and offers suggestions for individuals and policymakers seeking to revitalise languages internationally.
