The American Architect

Specification Manual

Includes Official canvas of votes (varies slightly) 1878-1943.

Wireless World

This book is a much-expanded and updated edition of a previous volume, published in 1996 as "No-tillage Seeding: Science and Practice". The base objective remains to describe, in lay terms, a range of international experiments designed to examine the causes of successes and failures in no-tillage. The book summarizes the

advantages and disadvantages of no tillage and highlights the pros and cons of a range of features and options, without promoting any particular product.

Motor Age

Some issues, 1943-July 1948, include separately paged and numbered section called Radio-electronic engineering edition (called Radionics edition in 1943).
