“ Set in New Orleans, this important and powerful novel follows the Boisidor é family . . . in the months after Katrina. A profound, moving and authentically detailed picture of the storm ’ s emotional impact on those who lived through it. ” —People In this dazzling debut about family, home, and grief, C. Morgan Babst takes readers into the heart of Hurricane Katrina and the life of a great city. As the storm is fast approaching the Louisiana coast, Cora Boisidor é refuses to leave the city. Her parents, Joe Boisidor é , an artist descended from freed slaves who became the city ’ s preeminent furniture makers, and his white “ Uptown ” wife, Dr. Tess Eshleman, are forced to evacuate without her, setting off a chain of events that leaves their marriage in shambles and Cora catatonic—the victim or perpetrator of some violence mysterious even to herself. This mystery is at the center of Babst ’ s haunting and profound novel. Cora ’ s sister, Del, returns to New Orleans from the successful life she built in New York City to find her hometown in ruins and her family deeply alienated from one another. As Del attempts to figure out what happened to her sister, she must also reckon with the racial history of the city and the trauma of a disaster that was not, in fact, some random act of God but an avoidable tragedy visited on New Orleans ’ s most vulnerable citizens. Separately and together, each member of the Boisidor é clan must find the strength to remake home in a city forever changed. The Floating World is the Katrina story that needed to be told—one with a piercing, unforgettable loveliness and a vivid, intimate understanding of this particular place and its tangled past.

What happens when a childhood hobby grows into a lifelong career? The Loneliness of the Long-Distance Cartoonist, Adrian Tomine’s funniest and most revealing foray into autobiography, offers an array of unexpected answers. When a sudden medical incident lands Tomine in the emergency room, he begins to question if it was really all worthwhile: despite the accolades and opportunities of a seemingly charmed career, it’s the gaffes, humiliations, slights, and insults he’s experienced (or caused) within the industry that loom largest in his memory. Tomine illustrates the amusing absurdities of how we choose to spend our time, all the while mining his conflicted relationship with comics and comics culture. But in between chaotic book tours, disastrous interviews, and cringe-inducing interactions with other artists, life happens: Tomine fumbles his way into marriage, parenthood, and an indisputably fulfilling existence. A richer emotional story emerges as his memories are delineated in excruciatingly hilarious detail. In a bold stylistic departure from his award-winning Killing and Dying, Tomine distills his art to the loose, lively essentials of cartooning, each pen stroke economically imbued with human depth. Designed as a sketchbook complete with place-holder ribbon and an elastic band, The Loneliness of the Long-Distance Cartoonist shows an acclaimed artist at the peak of his career.

When her beloved husband Jackson disappeared without a trace, popular novelist Sia Dane stopped writing, closed down her house, stuffed her heart into a cage, and started floating. It wasn ’ t the normal response to heartache, but Sia rarely did things the normal way. Exactly one year, one month, and six days after Jackson ’ s disappearance, Sia discovers a mysterious man on the beach. He ’ s mute, unresponsive, and looks as if he has just walked out of the sea. It ’ s the sort of situation Jackson would have solved with a simple call to the police. But Jackson is gone. As unreal as he seems, Sia is determined to help this man. Perhaps she can return him to his place in the world—to whoever lost him and loves him. Perhaps she can answer their questions the way no one could answer hers. But as her friends and family help her winnow her way to the truth, Sia comes to realize that the unfathomable leap between sorrow and healing begins with a single step.

Winner of the Women ’ s Prize for Fiction “ No one writes like Ruth Ozeki—a triumph. ” —Matt Haig, New York Times bestselling author of The Midnight Library “ Inventive, vivid, and propelled by a sense of wonder. ” —TIME “ If you ’ ve lost your way with fiction over the last year or two, let The Book of Form and Emptiness light your way home. ” —David Mitchell, Booker Prize-finalist author of Cloud Atlas A boy who hears the voices of objects all around him; a mother drowning in her possessions; and a Book that might hold the secret to saving them both—the brilliantly inventive new novel from the Booker Prize-finalist Ruth Ozeki One year after the death of his beloved musician father, thirteen-year-old Benny Oh begins to hear voices. The voices belong to the things in his house—a sneaker, a broken Christmas ornament, a piece of wilted lettuce. Although Benny doesn’t understand what these things are saying, he can sense their emotional tone; some are pleasant, a gentle hum or coo, but others are snide, angry and full of pain. When his mother, Annabelle, develops a hoarding problem, the voices grow more clamorous. At first, Benny tries to ignore them, but soon the voices follow him outside the house, onto the street and at school, driving him at last to seek refuge in the silence of a large public library, where objects are well-behaved and know to speak in whispers. There, Benny discovers a strange new world. He falls in love with a mesmerizing street artist with a smug pet ferret, who uses the library as her performance space. He meets a homeless philosopher-poet, who encourages him to ask important questions and find his own voice amongst the many. And he meets his very own Book—a talking thing—who narrates Benny ’ s life and teaches him to listen to the things that truly matter. With its blend of sympathetic characters, riveting plot, and vibrant engagement with everything from jazz, to climate change, to our attachment to material possessions, The Book of Form and Emptiness is classic Ruth Ozeki—bold, wise, poignant, playful, humane and heartbreaking.

Fantasy author Patricia A. McKillip, the 21st century’s response to Hans Christian Andersen, has mastered the art of writing fairy tales -- as evidenced by previous works like The Tower at Stony Wood, Ombria in Shadow, and In the Forests of Serre. Alphabet of Thorn is yet another timeless fable suitable for children and adults alike. In the kingdom of Raine, a vast realm at the edge of the world, an orphaned baby girl is found by a palace librarian and raised to become a translator. Years later, the girl -- named Nepenthe -- comes in contact with a mysterious book written in a language of thorns that no one, not even the wizards at Raine’s famous Floating School for mages, can decipher. The book calls out to Nepenthe’s very soul, and she is soon privately translating its contents. As she works tirelessly transcribing the book -- which turns out to be about the historical figures of Axis, the Emperor of Night, and Kane, his masked sorcerer -- the kingdom of Raine is teetering on the brink of chaos. The newly crowned queen, a mousy 14-year old girl named Tessera who wants nothing to do with matters of state, hides in the woods as regents plot revolution. The queen’s destiny, however, is intertwined with Nepenthe’s ability to unravel the mystery of the thorns.

Geishas and the Floating World returns readers to a lost world of sensuality and seduction, rich with hedonism, abandon, and sexual and personal politics. "Floating World" refers to Japan's traditional Geisha pleasure districts, but also to the artistic and literary worlds associated with them. At the heart of the "Floating World" and the system it supported was an extensive network of talented courtesans and entertainers, typified by the still fascinating, enigmatic Geisha. Stephen and Ethel Longstreet bring the reader on an in-depth tour of the original and most infamous red-light district in Japan--the Yoshiwara district of old Tokyo that underwent tremendous changes during the more than three centuries of its existence. Beyond the erotic allure the district held, the Yoshiwara also fostered a rich culture and a much studied and revered artistic and literary tradition. This account is adorned with examples of fine woodblock prints and quotations from often bawdy, and always colorful, original sources that offer a gripping portrait of life within the pleasure zone. Geishas and the Floating World balances scholarly insights with a master storyteller’s flair for the exploits and intrigues of people operating outside the confines of polite society. Stephen Mansfield’s new introduction bridges time, examining gender realities and the Yoshiwara through contemporary eyes, highlighting often overlooked subtleties and the harsh realities associated with this glittering world.

From the winner of the Nobel Prize in Literature and author of the Booker Prize – winning novel The Remains of the Day In the face of the misery in his homeland, the artist Masuji Ono was unwilling to devote his art solely to the celebration of physical beauty. Instead, he put his work in the service of the imperialist movement that led Japan into World War II. Now, as the mature Ono struggles through the aftermath of that war, his memories of his youth and of the "floating world"—the nocturnal world of pleasure, entertainment, and drink—offer him both escape and redemption, even as they punish him for betraying his early promise. Indicted by society for its defeat and reviled for his past aesthetics, he relives the passage through his personal history that makes him both a hero and a coward but, above all, a human being.

Pioneering oceanographer Curtis Ebbesmeyer unravels the mystery of marine currents, uncovers the astonishing story of flotsam, and changes the world's view of trash, the ocean, and our global environment. Curtis Ebbesmeyer is no ordinary scientist. He's been a consulting oceanographer for multinational firms and a lead scientist on international research expeditions, but he's never held a conventional academic appointment. He seized the world's imagination as no other scientist could when he and his worldwide network of beachcomber volunteers traced the ocean's currents using thousands of sneakers and plastic bath toys spilled from storm-tossed freighters.

Now, for the first time, Ebbesmeyer tells the story of his lifelong struggle to solve the sea's mysteries while sharing his most surprising discoveries. He recounts how flotsam has changed the course of history—leading Viking mariners to safe harbors, Columbus to the New World, and Japan to open up to the West—and how it may even have made the origin of life possible. He chases icebergs and floating islands; investigates ocean mysteries from ghost ships to a spate of washed-up severed feet on Canadian beaches; and explores the enormous floating "garbage patches" and waste-heaped "junk beaches" that collect the flotsam and jetsam of industrial society. Finally, Ebbesmeyer reveals the rhythmic and harmonic order in the vast oceanic currents called gyres—"the heartbeat of the world"—and the threats that global warming and disintegrating plastic waste pose to the seas . . . and to us.

Tackling some of the world's most profound questions through the intimate lens of fatherhood, Bayo Akomolafe embarks on a journey of discovery as he maps the contours of the spaces between himself and his three-year-old daughter, Alethea. In a narrative that manages to be both intricate and unguarded, he discovers that something as commonplace as becoming a father is a cosmic event of unprecedented proportions. Using this realization as a touchstone, he is led to consider the strangeness of his own soul, contemplate the myths and rituals of modernity, ask questions about food and justice, ponder what it means to be human, evaluate what we can do about climate change, and wonder what our collective yearnings for a better world tell us about ourselves. *These Wilds Beyond Our Fences* is a passionate attempt to make sense of our disconnection in a world where it is easy to feel untethered and lost. It is a father's search for meaning, for a place of belonging, and for reassurance that the world will embrace and support our children once we are gone.
