Since Billy Attinger founded his company, Stick World, pop culture has exploded with stick figure art. Social media feeds and other online resources are the perfect home for this brand of simple, pithy, and (often) wickedly funny art. Stick figure images and messages are easily conveyed through social media, frequently going viral because of the sheer simplicity of their message (translate: it's easy to read and

The characters included in this set are Besties, OMG!, Hey Hottie, and Whatever. Illustrated by the talented Billy Attinger, the cards showcase hand-drawn stick figures and playful illustrations that animate the favorite women in your life. Inside, find delightful art on an otherwise blank page so you can write your own personal message. Great for your mom, sister, or best friend, these hilarious caricatures will put a smile on anyone's face. presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide--and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta.

Birthplace of Michelangelo and home to untold masterpieces, Florence is a city for art lovers.

But on November 4, 1966, the rising waters of the Arno threatened to erase over seven centuries of history and human achievement.

Now Robert Clark explores the Italian city 's greatest flood and its aftermath through the voices of its witnesses. Two American artists waded through the devastated beauty; a photographer stows away on an army helicopter to witness the tragedy first-hand; a British " mud angel " spends a month scraping mold from the world ' s masterpieces; and, through it all, an author asks why art

matters so very much to us, even in the face of overwhelming disaster.
