Two starcrossed magicians engage in a deadly game of cunning in the spellbinding novel that captured the world's imagination.

- "Part love story, part fable ... defies both genres and expectations." —The Boston Globe

The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the

black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors.

Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the

performers to the patrons, hanging in the balance.

The move from bustling city to green pastures may be exactly what she needs to sort out her life. But she didn't ask for that happy ending to include a gorgeous veterinarian with an all-American smile and a penchant for snuggling puppies. The good doctor is reliable, responsible, and just the kind of

His brothers may tease him about settling into his father's passed-down role of small town veterinarian, but Keaton has never minded his rural roots. And after tragedy struck two years ago, he has a duty as the eldest Nash man to look after his family. What he doesn't need is the

Fluttershy and the Perfect Pet Orchard Books

A charming novel about sisterhood, self-identity, and friendship from the author of Flutter Indie Lee Chickory knows she's not as cool as her older sister Bebe. Bebe has more friends, for one. And no one tells Bebe she's a fish freak, for two. So when Indie accidentally brings her pet lobster to school, makes a scene, loses him in the ocean and embarrasses Bebe worse than usual, she makes a wish on a star to become a better Chickory. She tries to do this by joining the stage crew of the

community's theater production, *The Sound of Music*. (Bebe has a starring role.) But Bebe is worried that Indie will embarrass her again, so she gives her a makeover and tells her who she should be friends with. That means Owen is out. But he's fun and smart, so Indie keeps her friendship with him a secret. At night, Indie and Owen rebuild a tree house into a ship in the sky to catch Indie's pet lobster. But during the day, Indie has to hide her friendship with Owen. When things come to a head, Indie realizes that being true to yourself is more important than

being cool. But what's even more surprising is that Bebe realizes it, too. A TODAY SHOW #ReadWithJenna BOOK CLUB PICK! A New York Times Notable Book
For readers of Tommy Orange, Yaa Gyasi, and Jhumpa Lahiri, an electrifying debut novel about three unforgettable characters who seek to rise—to the middle class, to political power, to fame in the movies—and find their lives entangled in the wake of a catastrophe in contemporary India. In this National Book Award Longlist honoree and “ gripping thriller with compassionate

social commentary ” (USA Today), Jivan is a Muslim girl from the slums, determined to move up in life, who is accused of executing a terrorist attack on a train because of a careless comment on Facebook. PT Sir is an opportunistic gym teacher who hitches his aspirations to a right-wing political party, and finds that his own ascent becomes linked to Jivan's fall. Lovely—an irresistible outcast whose exuberant voice and dreams of glory fill the novel with warmth and hope and humor—has the alibi that can set Jivan free, but it will cost her everything she holds dear. Taut, symphonic, propulsive, and riveting from its

opening lines, A Burning has the force of an epic while being so masterfully compressed it can be read in a single sitting. Majumdar writes with dazzling assurance at a breakneck pace on complex themes that read here as the components of a thriller: class, fate, corruption, justice, and what it feels like to face profound obstacles and yet nurture big dreams in a country spinning toward extremism. An extraordinary debut. Snow Falls Readers Digest New York Times NOTABLE BOOK OF 2015 "A mesmerizing tale of star-crossed love and of the dark secrets in a fracturing family . . . This novel is so

full of wonders that it leaves you haunted, amazed, and, like every great read, irrevocably changed."--Caroline Leavitt, New York Times bestselling author of Pictures of You The reclusive Harriet Wolf, revered author and family matriarch, has a final confession—a love story. Years after her death, as her family comes together one last time, the mystery of Harriet's life hangs in the balance. Does the truth lie in the rumored final book of the series that made Harriet a world-famous writer, or will her final confession be lost forever? Harriet

Wolf's Seventh Book of Wonders tells the moving story of the unforgettable Wolf women in four distinct voices: the mysterious Harriet, who, until now, has never revealed the secrets of her past; her fiery, overprotective daughter, Eleanor; and her two grown girls, the fragile yet exuberant younger sister, who's become a housebound hermit, and Ruth, the older sister, who ran away at sixteen and never looked back. When Eleanor is hospitalized, Ruth decides it's time to do right by a pact she made with Tilton long ago: to return home and

save her sister. Meanwhile, Harriet whispers her true life story to the reader. It's a story that spans the entire twentieth century and is filled with mobsters, outcasts, a lonesome lion, and a home for wayward women. It's also a tribute to her lifelong love of the boy she met at the Maryland School for Feeble-minded Children. Harriet Wolf's Seventh Book of Wonders, Julianna Baggott's most sweeping and mesmerizing novel yet, offers a profound meditation on motherhood and sisterhood, as well as on the central importance of stories. It is a novel

that affords its characters that rare chance we all long for--the chance to reimagine the stories of our lives while there's still time. The Emigrants Philomel Books Courage is tested, myths come to life, and long-held secrets are revealed Lilith Bennette runs at midnight. She scales walls in the dark and climbs without a harness. She hopes that if she follows exactly in the steps of her strong air force pilot mother, she 'll somehow figure out the mystery of her mother 's death—and the reason why her necklace of Greek symbols has been missing ever since. So when Lil is invited to Crete for a Future

Leaders International conference, the same conference her mom attended years ago, she jumps at the chance to find some answers. But things in Melios Manor are not what they seem. Lil finds herself ensnared in an adventure of mythological proportions that leads her and her friends through the very labyrinth in which the real Minotaur was imprisoned. And they 're not in there alone. What secrets does the labyrinth hold, and will they help Lil find the truth about her mother? This book is perfect for older fans of Percy Jackson and the Olympians and the Heroes of Olympus--and anyone who wants to find out the true story behind the magic of the

Greek gods. Praise for **KEEPERS OF THE LABYRINTH**: "Secret societies, mythology, and puzzles worthy of a Dan Brown novel all figure prominently in this thriller.... There is much to recommend this book: all the protagonists are empowered female characters, it explores the idea that behind the stories of classical Greek mythology is a history of real people, and it is filled with exciting action."--VOYA "Secret societies, Greek mythology, and a group of strong female characters are all wrapped up in a mystery which will hit the mark with readers who have finished Rick Riordan ' s " Percy Jackson " series."--School Library Journal

"Greek mythology provides the frame for this exciting amalgam of action, friendship, and girl-detective fiction."--Booklist
