Using Focus Groups to Listen, Learn, and Lead in Higher Education Jones & Bartlett Publishers

The paperback edition of The Directory of Executive Recruiters is a quick but thorough reference for career changers and job-seekers to contact search firms that match their areas of expertise. Using the same database as the Corporate Edition above, it concentrates on North American firms. Internal information such as firm revenues, number of recruiters, etc., is not included. Introductory material helps guide job-seeker expectations with strategies for using recruiters as part of overall career management. "Anyone looking to turn headhunters' heads should have a copy of the Directory." --William Flanagan, Senior Editor, Forbes

Learning How to Learn Bard Press

Great leaders are driven to win. Yet career wins can come at great cost to your health, relationships, and personal well-being. Why does it seem impossible to both win at work and succeed at life? Michael Hyatt and Megan Hyatt Miller know we can do better because he's seen it in his more than four decades as a successful executive and a loving and present husband and father. Today Michael and his daughter, Megan Hyatt Miller, coach leaders to live the double win. Backed by scholarly research from organizational science and psychology, and illustrated with eye-opening case studies from across the business spectrum and their own coaching clients, *Win at Work and Succeed at Life* is their manifesto on how you can achieve work-life balance and restore your sanity. With clarity, humor, and plenty of motivation, *Win at Work and Succeed at Life* gives you - an understanding of the historical and cultural forces that have led to overworking - 5 principles to rethink work and productivity from the ground up - simple but proven practices that enable you to slow down and reclaim your life - and more. Refuse the false choice of career versus family. You can achieve the double win in life.

Storytelling with Data iUniverse

Goes beyond traditional "job hunt strategies" to provide innovative solutions targeted to specific populations This graduate text for

courses in career counseling is distinguished by its emphasis on creative interventions tailored to the unique needs of diverse populations. With a focus on career as a cornerstone of personal identity, the book explores the specific meaning of careers within different cultures and examines the challenges faced by—and potential solutions for—individuals with diverse backgrounds and needs. It describes unique interventions that allow counseling students to visualize and actualize career counseling with a wide range of clients and demonstrates techniques targeted to each population that can be put into practice immediately. The text provides demographic information regarding specific job-seeking groups including such "traditional" populations as college graduates and working parents, as well as groups that encounter special challenges such as stay-at-home parents returning to work, formerly incarcerated individuals, people with disabilities, teen mothers, African American, Hispanic and Asian males and females, older adults, LGBT individuals, and many others. Over fifty creative, innovative interventions that have been successfully applied help counselors to provide effective career development strategies with each population. Chapters include a vignette representing each population, group demographics, a history of career paths and obstacles, unique needs of the group, supports already in place, and specific career counseling assessment and interventions. The book also provides abundant resources for additional study. In addition to its value to career counselors, the text will also be useful to personal counselors who often deal with their client's career issues during treatment. Key Features: Provides in-depth exploration of underserved populations who hold unique career development needs Includes innovative career counseling interventions that move beyond standard "job hunt strategies" or "resume preparation tips" Explores life stage concerns related to career development across multiple diverse identities Gives readers step-by-step details on implementing over 40 innovative career counseling techniques Presents case studies that provide clear examples of the application of relevant interventions

Relentless Solution Focus: Train Your Mind to Conquer Stress, Pressure, and Underperformance

Routledge

Clinical Nutritionist Ginger Hodulik Downey describes her journey to becoming a nutritionist and her current passion around helping people tap the power of nutrition to uncover healthy, radiant skin. From student to co-owner of DermaMed Solutions, she tells her story beginning with her own illness to the running of her own successful skin care company. Her hope is to inspire other skincare professionals to get on-board with her "whole-istic" approach to fabulous skin care. Her belief is that our gut health is reflected in our skin and nutrition is the key to tackling the toughest skin care challenges.

Unclutter Your Mind FOCUS on College and Career Success

This book is a comprehensive resource to guide work with individuals on the autism spectrum. It reflects the true range of needs presented by individuals with autism, pulling together the most salient aspects of treatment with invaluable information from several disciplines synthesized to guide your work. Divided into topical sections with chapters from three field experts in each, this book features contributions from therapists, educators, and medical doctors, as well as financial planners, health advocates, and innovators. The diverse disciplines and backgrounds of each author lend a different voice and perspective to each chapter, reflecting the continuum of care necessary when working with clientele on the autism spectrum, and that, for clients on the spectrum, one solution does not fit all. For use by psychotherapists, counselors, applied behavioral analysts, occupational therapists, social workers, teachers, and more, this text presents readers with expertise from various contributing disciplines to give them a treatment resource that can inform and guide their daily work with clients on the autism spectrum.

Packt Publishing Ltd

The Complete Fire Officer III and IV Training Solution! Chief officers need to know how to make the transition from company officer to chief officer. Chief Officer: Principles and Practice is designed to help make the transition from company officer to chief officer a smooth evolution. Covering the entire scope of Levels III and IV from the 2009 Edition of NFPA 1021, Standard for Fire Officer Professional Qualifications, Chief Officer combines current content with dynamic features and interactive technology to better support instructors and to help prepare future chief officers to become problem-solving leaders for their organizations. Chief Officer: Principles and Practice has a clear focus on instilling fire fighter safety throughout an organization ' s culture. Reducing fire fighter injuries and deaths requires the dedicated efforts of every fire fighter, fire officer, and fire department. The entire fire community must work together to achieve one common goal: to ensure that everyone goes home. Chief officers therefore set the tone for safety in their organization, and this textbook

embraces that philosophy. It is with this goal in mind that the 16 Firefighter Life Safety Initiatives, developed by the National Fallen Firefighters Foundation, are integrated throughout the text. The features in this textbook will help students take that extra step toward becoming outstanding chief officers. These features include: • Scenario-Based Learning. You Are the Chief Officer and Chief Officer in Action are found in each chapter to encourage and foster critical thinking skills. • Practical Tips for the Chief Officer. Chief Officer Tips and Voices of Experience essays are integrated into each chapter to provide helpful advice from experienced chief officers. • Level IV Job Performance Requirements. Fire Officer Level IV content is highlighted to discern Level III JPRs from Level IV. • Walk the Talk. Additional activities encourage students to take what they have learned in the chapter and apply it to their own department.

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Seventh Edition and The Standard for Project Management (BRAZILIAN PORTUGUESE) Createspace Independent Publishing Platform

Practical Lessons in Leadership offers career and start-up guidance for aspiring or new leaders, and pragmatic recommendations for leaders who want to develop strong teams and drive outstanding results. Practical Lessons is geared for leaders at all stages of the leadership lifecycle (new, early career or experienced) struggling to cope with a hypercompetitive global environment and a rapidly changing, inexperienced and highly mobile workforce. These visible and predictable macro trends require that the need to identify and develop leadership talent is at the top of every organization's strategy plan. Tomorrow's knowledge worker will face pressure to lead teams, projects and companies, but will lack the experience and guidance for management that the boomers take with them into retirement. Practical Lessons fills a critical gap in existing leadership content, by posing leadership as a conscious choice and then providing the tools and approaches necessary for professionals at all stages of the leadership lifecycle to understand their role, establish fundamental practices, integrate their actions with the organization's strategy, motivate and inspire their teams, and drive great results. In the opening portion of Practical Lessons, the aspiring professional gains a clear vision of the role and responsibilities of a leader, as well as helpful tools to assess whether this difficult role fits with their interests and skills. The remainder and majority of the book arms the new or experienced leader with practical approaches for important topics, including building credibility, starting with a new team, integrating activities with organizational strategy, identifying and developing talent, and creating a culture of innovation and operational excellence. For the early career professional, aspiring leader or experienced manager, Practical Lessons offers a wealth of insight and direction for succeeding in this most challenging of professions during a period in time when leadership talent is increasingly viewed as a strategic asset.

HR Focus Berrett-Koehler Publishers

Kaye and Giulioni identify three broad types of conversations that have the power to motivate employees more deeply than any well-intentioned development event or process to help with career development.

The ONE Thing Stylus Publishing, LLC

A surprisingly simple way for students to master any subject--based on one of the world's most popular online courses and the bestselling book A Mind for Numbers A Mind for Numbers and its wildly popular online companion course "Learning How to Learn" have

empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first--the secret is to understand how the brain works so we can unlock its power. This book explains: Why sometimes letting your mind wander is an important part of the learning process How to avoid "rut think" in order to think outside the box Why having a poor memory can be a good thing The value of metaphors in developing understanding A simple, yet powerful, way to stop procrastinating Filled with illustrations, application questions, and exercises, this book makes learning easy and fun.

FOCUS on College and Career Success Storey Publishing, LLC

The work of student affairs professionals is demanding and unpredictable. This book addresses the particular challenges that it presents to women in mid-career. While much has been written about new graduate students, new professionals and senior administrators in student affairs, scant attention has been paid to the issues of mid-career, and particularly as they impact women. Here are the stories of over twenty women, from widely different backgrounds, reflecting on their lives at mid-career. They describe the choices they made and share the lessons they have learned, particularly the ever-present concerns about reconciling the demands of work and responsibilities to family and partners. The volume focuses on issues that have particular and significant meaning for women. The individual narratives are grouped into five sections, each beginning with a scholarly introduction to its topics. The sections deal with education and self development, such as the life implications of embarking on a doctorate; dual career couples and such decisions as relocation; choices about having children and responsibilities for the care of aging parents; arriving at mid-career; and alternatives to traditional, linear career progression in student affairs administration. This volume is a particular gift to women currently in mid-career positions in student affairs, women embarking on their personal and professional journey in student affairs, the partners of such women, their colleagues, and the individuals who supervise them.

LinkedIn for Business Apress

Web frameworks are playing a major role in the creation of today's most compelling web applications, because they automate many of the tedious tasks, allowing developers to instead focus on providing users with creative and powerful features. Java developers have been particularly fortunate in this area, having been able to take advantage of Grails, an open source framework that supercharges productivity when building Java – driven web sites. Grails is based on Groovy, which is a very popular and growing dynamic scripting language for Java developers and was inspired by Python, Ruby, and Smalltalk. Beginning Groovy, Grails and Griffon is the first introductory book on the Groovy language and its primary web framework, Grails. Griffon is also covered. While Grails is the Web framework for building Groovy Web applications, Griffon is the desktop framework for building desktop Groovy applications. Could Groovy be the new Java? It's light, fast and free (open source). This book gets you started with Groovy, Grails and Griffon, and culminates in the example and possible application of some real – world projects. You follow along with the development of each project, implementing and running each application while learning new features along the way.

Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!

Surrendering old rituals and then embracing innovative and effective methods align the organization today and well into the future.

Win at Work and Succeed at Life Stylus Publishing (VA)

Please note: This is a companion version & not the original book. Sample Book Insights: #1 You can overcome your pessimism by thinking about all the good things in life, and how everything will work out in the end. It just takes some work to consistently execute on this new way of thinking. #2 This book will not teach you to become an unrealistic optimist or someone who views life through rose-colored glasses. It will not give you permission to constantly borrow trouble, thinking about potential problems that may never materialize. #3 The human brain is wired to focus on problems, and this tendency is called problem-centric thought. It is the opposite of RSF, which is the focus on solutions and progress. PCT negatively impacts your quality of life and ability to perform at a high level. #4 The point is that everyone needs to fight against PCT and mental weakness. Mental weakness is natural, and it can defeat us if we don't learn how to see it when it is happening.

Roads Taken WestBow Press
