Daily 6-Trait Writing, Grade 4 - E-book Bedford/St. Martin's

The Murray and DeSanctis titles are designed for the current generation of law students whose familiarity and comfort with on-line and computer-based learning create a demand for teaching resources that take advantage of that familiarity and comfort level. Legal Writing and Analysis provides a process-based text covering all aspects of first year legal analysis and objective legal writing topics. It employs the TREAT

paradigm and the doctrine of explanatory synthesis, designed with reference to rhetorical theory to maximize the effectiveness of audience-directed legal writing. Paired with the book is an electronic, computer-based version of the text that adds links to on-line databases and internet-based resources and supplements the text with pop-up definitions from Black's Law Dictionary. The electronic version of the text is searchable and highly portable, with internal and external navigation links, making them more valuable for use in class and out. The interactive text employs a layout that departs from the traditional, all-text casebook format through use of callout text boxes, diagrams, and color/border segregated feature sections for hypotheticals, references to scholarly debates, or other useful information for law students. ## Best Practices in Writing Instruction, Third Edition McGraw-Hill Science, Engineering & Mathematics

Academic Writing is a unique introduction to the subject. As the author puts it in her preface, “ this book develops from a strong claim: namely, that style is meaningful. ” In developing that theme, the author draws meaningfully on theory, especially genre

theory, while remaining grounded in the particular. Giltrow presents and discusses examples of actual academic writing of the sort that students must learn to deal with daily, and to write themselves. As newcomers to the scholarly community, students can find that community ’ s ways of reading and writing mysterious, unpredictable and intimidating. *Academic Writing* demystifies the scholarly genres, shedding light on their discursive conventions and on academic readers ’ expectations and values. Throughout, *Academic Writing* respects the student writer; it engages the reader ’ s interest without ever condescending, and it avoids the arbitrary and the dogmatic. The book also offers abundant exercises to help the student develop techniques for working productively at each stage of the scholarly writing process; mastering and summarizing difficult scholarly sources; planning; and revising to create good working conditions for the reader. The third edition of Giltrow ’ s extremely successful book incorporates extensive revisions that integrate the theoretical perspectives of genre theory into the whole of the book in a more organic fashion; the changes are designed to make the book both more attuned to scholarly practice and more accessible to the undergraduate student. Giltrow ’ s *Academic Reading* is designed as an accompanying reader for *Academic Writing*.
